In 1925, F. Scott Fitzgerald produced his third novel, a slim work for which he had high expectations. Despite such hopes, the novel received mixed reviews and lackluster sales. Over the decades, however, the reputation of *The Great Gatsby* has grown and millions of copies have been sold. One of the bestselling novels of all time, it is also considered one of the most significant achievements in twentieth-century fiction. But what makes *Gatsby* great? Why do we still care about this book more than eighty-five years after it was published? And how does *Gatsby* help us make sense of our own lives and times? In *Gatsby: The Cultural History of the Great American Novel*, Bob Batchelor explores the birth, life, and enduring influence of *The Great Gatsby*—from the book's publication in 1925 through today's headlines filled with celebrity intrigue, corporate greed, and a roller-coaster economy. A cultural historian, Batchelor explains why and how the novel has become part of the fiber of the American ethos and an important tool in helping readers to better comprehend their lives and the broader world around them. A "biography" of F. Scott Fitzgerald's masterpiece, this book examines *The Great Gatsby*'s evolution from a nearly-forgotten 1920s time capsule to a revered cultural touchstone. Batchelor explores how this embodiment of the American Dream has become an iconic part of our national folklore, how the central themes and ideas emerging from the book—from the fulfillment of the American Dream to the role of wealth in society—resonate with contemporary readers who struggle with similar uncertainties today. By exploring the timeless elements of reinvention, romanticism, and relentless pursuit of the unattainable, Batchelor confirms the novel's status as "The Great American Novel" and, more importantly, explains to students, scholars, and fans alike what makes *Gatsby* so great.

The Common Core State Standards initiated major changes for language arts teachers, particularly the emphasis on "informational text." Language arts teachers were asked to shift attention toward informational texts without taking away from the teaching of literature. Teachers, however, need to incorporate nonfiction in ways that enhance rather than take away from their teaching of literature. The Using Informational Text series is designed to help. In this fourth volume (Volume 1: Using Informational Text to Teach To Kill a Mockingbird; Volume 2: Using Informational Text to Teach A Raisin in the Sun; Volume 3: Connecting Across Disciplines: Collaborating with Informational Text), we offer challenging and engaging readings to enhance your teaching of *Gatsby*. Texts from a wide range of genres (a TED Talk, federal legislation, economic policy material, newspaper articles, and 1920s political writing) and on a variety of topics (income inequality, nativism and immigration, anti-Semitism, the relationship between wealth and cheating, the Black Sox scandal and newspaper coverage, and prohibition) help students answer essential questions about F. Scott Fitzgerald's novel. Each informational text is part of a student-friendly unit, with media links, reading strategies, vocabulary, discussion, and writing activities, and out-of-the-box class activities.

Bachelor Thesis from the year 2014 in the subject Film Science, grade: 1.3, Friedrich-Alexander University Erlangen-Nuremberg (American Studies), language: English, abstract: A tendency in the realm of gender studies has been to mainly concern oneself with gender, whereas the same can be claimed in terms of class analysis showing a tendency towards primarily and exclusively dealing with class. This study tries to combine both fields in an attempt to not only expose how present forms of masculinity are established but also how these forms interact with 'class'. In addition to Crenshaw's 'intersectionality' theory, Pyke's concept of 'interpersonal power' and Connell's theory of 'hegemonic masculinity' will be dealt with. The synergy between masculinity and 'class' will be scrutinized by means of two movie adaptations of "The Great Gatsby" (1974/2013). It will be shown that factors such as social and geographical mobility, career, and the need or ability to display class-marked objects, as well as the male body can be identified as producing and helping to maintain multiple forms of class-based masculinity, as well as shaping and changing these masculinities.
