Cataclysm 85 PvP Guide - Warrior Wizards of the Coast

Immerse yourself in monster lore in this supplement for the world's greatest roleplaying game This is NOT just another Monster Manual! Volo's Guide to Monsters provides something exciting for players and Dungeon Masters everywhere. · A deep dive into the lore behind some of D&D's most popular and iconic monsters · Dozens of monsters new to the fifth edition to include in your epic adventures · New playable races to allow you to build characters to fit nearly any type of story in your D&D game. The esteemed loremaster Volothamp Geddarm is back and he's written a fantastical dissertation, covering some of the most iconic monsters in the Forgotten Realms. Unfortunately, the Sage of Shadowdale himself, Elminster, doesn't believe Volo gets some of the important details quite right. Don't miss out as Volo and Elminster square off (academically speaking of course) to illuminate the uninitiated on creatures both common and obscure. Uncover the machinations of the mysterious Kraken Society, what is the origin of the bizarre

frogemoth, or how to avoid participating in the ghastly reproductive cycle of the grotesque vargouille. Dungeon Masters and players will get some much-needed guidance as you plan your next venture, traipsing about some dusty old ruin in search of treasure, lore, and let's not forget ... dangerous creatures whose horns, claws, fangs, heads, or even hides might comfortably adorn the walls of your trophy room. If you survive. Research has never been so dangerous!

Discover the truth about the great conflicts of the D&D multiverse in this supplement for the world's greatest roleplaying game. This tome is built on the writings of the renowned wizard from the world of Greyhawk, gathered over a lifetime of research and scholarship. In his travels to other realms and other planes of existence, he has made many friends, and has risked his life an equal number of times, to amass the knowledge contained herein. In addition to Mordenkainen's musings on the endless wars of the multiverse, the book contains game statistics for dozens of monsters: new demons and devils, several varieties of elves and duergar, and a vast array of other creatures from throughout the planes of existence.
