Giving Western literature and art many of its most enduring themes and archetypes, Greek mythology and the gods and goddesses at its core are a fundamental part of the popular imagination. At the heart of Greek mythology are exciting stories of drama, action, and adventure featuring gods and goddesses, who, while physically superior to humans, share many of their weaknesses. Readers will be introduced to the many figures once believed to populate Mount Olympus as well as related concepts and facts about the Greek mythological tradition.

Greek Gods & Goddesses Harper Collins

While the ancient Roman pantheon in many ways resembles that of ancient Greece, there is much that sets apart Roman mythology. Romans also borrowed from the religions of ancient Egypt, Asia Minor, and the Middle East, and legendary figures such as Romulus and Remus, tied closely to the history of Rome, feature prominently in ancient stories. The major and lesser figures of Roman mythology are presented in this vibrant volume with sidebars spotlighting related facts and concepts about Roman mythology and religion.

Oswaal One For All Olympiad Previous Years' Solved Papers, Class-5 English Book (Useful book for all Olympiads) (For 2023 Exam) Corwin Press
The story of Atlas and Heracles Atlas knows how it feels to carry the weight of the world; but why, he asks himself, does it have to be carried at all? In Weight – visionary and inventive, yet completely believable and relevant to the questions we ask ourselves every day – Winterson's skill in turning the familiar on its head to show us a different truth is put to stunning effect. When I was asked to choose a myth to write about, I realized I had chosen already. The story of Atlas holding up the world was in my mind before the telephone call had ended. If the call had not come, perhaps I would never have written the story, but when the call did come, that story was waiting to be written. Rewritten. The recurring language motif of Weight is "I want to tell the story again." My work is full of Cover Versions. I like to take stories we think we know and record them differently. In the retelling comes a new emphasis or bias, and the new arrangement of the key elements demands that fresh material be injected into the existing text. Weight moves far away from the simple story of Atlas's punishment and his temporary relief when Hercules takes the world off his shoulders. I wanted to explore loneliness, isolation, responsibility, burden, and freedom too, because my version has a very particular end not found elsewhere. –from Jeanette Winterson's Foreword to Weight

The Irish Culture Book 2 - Activity Book Jazzybee Verlag

This packet provides an overview of Greek civilization from its origins in ancient Minoan and Mycenaean culture through the Golden Age of Athens. The birth of democracy, poetry, drama, and even the Olympics are among the events vividly depicted in this richly illustrated text. Challenging map exercises and review questions encourage meaningful reflection and historical analysis. Complete the unit with the included test and answer key.

Greek Mythology Activities CRC Press

Long, long ago in ancient Greece, people began telling wonderful stories to explain the mysteries of life. These myths featured gods and goddesses, mighty beings who look human but have amazing powers and live forever. Now you can meet these extraordinary characters and hear their legends, brought to life again by Aliko in this splendid, panoramic look at the amazing stories and characters of Greek legend. "[Will meet the] demand for basic information on the gods and goddesses at the primary level."—BL. "Aliko's fans will welcome her introduction to these famous Greeks."—SLJ. 1994 "Pick of the Lists" (ABA)

Games and Puzzles from the Tree House Graymalkin + ORM

A page-turning novel that is also an exploration of the great philosophical concepts of Western thought, Jostein Gaarder's Sophie's World has fired the imagination of readers all over the world, with more than twenty million copies in print. One day fourteen-year-old Sophie Amundsen comes home from school to find in her mailbox two notes, with one question on each: "Who are you?" and "Where does the world come from?" From that irresistible beginning, Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village. Through those letters, she enrolls in a kind of correspondence course, covering Socrates to Sartre, with a mysterious philosopher, while receiving letters addressed to another girl. Who is Hilde? And why does her mail keep turning up? To unravel this riddle, Sophie must use the philosophy she is learning—but the truth turns out to be far more complicated than she could have imagined.
