The Immortal Throne Harper Collins

Sponsored by the American Association of Adult & Continuing Education" This monumental work is a testimony to the science of adult education and the skills of Wilson and Hayes. It is a veritable feast for nourishing our understanding of the current field of adult education. The editors and their well-chosen colleagues consistently question how we know and upon what grounds we act. They invite us to consider not only how we can design effective adult education, but also why we practice in a particular socio-economic context." --Jane Vella, author of Taking Learning to Task and Learning to Listen, Learning to Teach "This new handbook captures the exciting intellectual and professional development of our field in the last decade. It is an indispensable resource for faculty, students, and professionals." --Jack Mezirow, emeritus professor, Adult and Continuing Education, Teachers College, Columbia University For nearly seventy years, the handbooks of adult and continuing education have been definitive references on the best practices, programs, and institutions in the field. In this new edition, over sixty leading authorities share their diverse perspectives in a single volume--exploring a wealth of topics, including: learning from experience, adult learning for self-development, race and culture in adult learning, technology and distance learning, learning in the workplace, adult education for community action and development, and much more. Much more than a catalogue of theory and historical facts, this handbook strongly reflects the values of adult educators and instructors who are dedicated to promoting social and educational opportunity for learners and to sustaining fair and ethical practices.

The Irish Culture Book 2 - Activity Book Ignatius Press

Series Summary The What Every Catholic Should Know series is intended for the average faithful Catholic who wants to know more about Catholic faith and culture. The authors in this series take a panoramic approach to the topic of each book aimed at a non-specialist but enthusiastic readership. Already published titles in this series include: literature, salvation, mercy, being Catholic, God, and philosophy. Book Summary "The need for this book is perennial, but it is especially acute today, when both faith and reason are on life support in our culture, which is increasingly hostile to both, or at least to the classical or traditional forms of both....In this culture it is essential that Catholics and other Christians know the intellectual weapons and strategies of the enemies of religious faith and the defensive and offensive intellectual weapons that defeat them. Philosophical arguments are needed. They are weapons in the intellectual dimension of spiritual warfare, a warfare which is just as real and just as much a matter of life or death as physical warfare." Just what is philosophy? Is there objective truth? Is self-knowledge possible? What is being? What is man's relation to nature? Is it possible for human reason to know God? If there is a God, why is there evil? What is happiness and how can we achieve it? If you've ever wondered about the answers to any of these questions, this is the book for you! These and dozens of other crucial questions are asked and answered in this easy-to-read book by one of the best-known philosophers alive today. Every Catholic should own one book on philosophy. This is it. [Bringing Classes into the Public Library](#) Maupin House Publishing, Inc.

With so much competing for the time of today's students, youth services librarians have an especially challenging job. How can they reach their target audience? One of the surest ways is the promotion--through the local school system--of a series of class visits to the public library. But where to begin? Choosing a grade level, contacting school officials and teachers, and planning age-appropriate programs are among the many steps that librarians must take--but may feel unprepared for. Encouraging the collaboration of professionals in public libraries and local schools, this comprehensive guide presents a detailed framework for a versatile program of class visits. Written by two public librarians with firsthand experience, it describes, in a step-by-step format, how to accomplish a structured series of class visits. The book addresses procedures, planning and implementation, and offers suggestions for both elementary and secondary school visits. Informational packets and other print materials are provided for each level. Possible challenges are discussed, with thoughts on their impact on the overall program and ways to find workable solutions. The appendices contains easily adaptable templates including sample schedules, letters to teachers and evaluation forms.
