A fresh cultural analysis of female monsters from Greek mythology, and an invitation for all women to reclaim these stories as inspiration for a more wild,

more "monstrous" version of feminism The folklore that has shaped our dominant culture teems with frightening female creatures. In our language, in our stories (many written by men), we underline the idea that women who step out of bounds—who are angry or greedy or ambitious, who are overtly sexual or not sexy enough—aren't just outside the norm. They're unnatural.

Monstrous. But maybe, the traits we've been told make us dangerous and undesirable are actually our greatest strengths. Through fresh analysis of 11 female monsters, including Medusa, the Harpies, the Furies, and the Sphinx, Jess Zimmerman takes us on an illuminating feminist journey through mythology. She guides women (and others) to reexamine their relationships with traits like hunger, anger, ugliness, and ambition, teaching readers to embrace a new image of the female hero: one that looks a lot like a monster, with the agency and power to match. Often, women try to avoid the feeling of monstrousness, of being grotesquely alien, by tamping down those qualities that we're told fall outside the bounds of natural femininity. But monsters

also get to do what other female characters—damsels, love interests, and even most heroines—do not. Monsters get to be complete, unrestrained, and larger than life. Today, women are becoming increasingly aware of the ways rules and socially constructed expectations have diminished us. After seeing where compliance gets us—harassed, shut out, and ruled by predators—women have never been more ready to become repellent, fearsome, and ravenous. *Vote for Larry* Roaring Brook Press Shortlisted for the European Association of Archaeologies 2023 book prize In Search of the Labyrinth explores the enduring cultural legacy of Minoan Crete by offering an overview of Minoan archaeology and modern responses to it in literature, the visual and performing arts, and other cultural practices. The focus is on the twentieth century, and on responses that

involve a clear engagement with the material culture of Minoan Crete, not just with mythological narratives in Classical sources, as illustrated by the works of novelists, poets, avant-garde artists, couturiers, musicians, philosophers, architects, film directors, and even psychoanalysts - from Sigmund Freud and Marcel Proust to D.H. Lawrence, Cecil Day-Lewis, Oswald Spengler, Nikos Kazantzakis, Robert Graves, André Gide, Mary Renault, Christa Wolf, Don DeLillo, Rhea Galanaki, Léon Bakst, Marc Chagall, Mariano Fortuny, Robert Wise, Martin Heidegger, Karl Lagerfeld, and Harrison Birtwistle, among many others. The volume also explores the fascination with things Minoan in antiquity and in the present millennium: from Minoan-inspired motifs decorating pottery of the Greek Early Iron Age, to uses of the Minoans

in twenty-first-century music, poetry, fashion, and other media.

She even sleeps in Elizabeth's bed. But the unicorn is no ordinary unicorn . . . In *The Unicorn Came to Dinner*, author Lauren DeStefano and illustrator Gaia Cornwall invite parents and their kids to talk about feelings—especially worries and anxiety—and ultimately about how to be yourself.

We need a coherent picture of our world. Life's realities won't let us ignore its fundamental questions, but with so many opposing views, how will we choose answers that are reliable? In this series of books, David Gooding and John Lennox offer a fair analysis of religious and philosophical attempts to find the truth about the world and our place in it. By listening to the Bible alongside other

leading voices, they show that it is not only answering life's biggest questions—it is asking better questions than we ever thought to ask. In Book 2 - Finding Ultimate Reality, they remind us that the authority behind ethics cannot be separated from the truth about ultimate reality. Is there a Creator who stands behind his moral law? Are we the product of amoral forces, left to create moral consensus? Gooding and Lennox compare ultimate reality as understood in: Indian Pantheistic Monism, Greek Philosophy and Mysticism, Naturalism and Atheism, and Christian Theism. *The Book of Greek and Roman Folktales, Legends, and Myths* Legare Street Press Those were the magic words and Beth knew it. How many times had I uttered that phrase to Ms. Robinson in guidance, the standard answer for what I wanted to do with my life? CHANGE THE WORLD. Did I still have the strength and

determination to get it together and try to make a difference? Was it my destiny, my vocation? Or was I just trying to impress a girl? As I looked at Beth, I wondered if the reason why even mattered. What starts out as a campaign to get the younger population to vote turns into a run for the presidency. Can Larry really take on George Bush? In this very smart, very witty novel, Janet Tashjian brings the

political world to the forefront and explores it from many different points of view.

From the creator of *Myths Retold* comes a hilarious collection of Greek, Norse, Chinese and even Sumerian myths retold in their purest, bawdiest forms! All our lives, we've been fed watered-down, PC versions of the classic myths. In reality, mythology is more screwed up than a schizophrenic shaman doing hits of unidentified...wait, it all makes sense now. In *Zeus Grants Stupid Wishes*, Cory O'Brien, creator of *Myths RETOLD!*, sets the stories straight. These are rude, crude, totally sacred texts told the way they were meant to be told: loudly, and with lots of four-letter words.

Did you know? Cronus liked to eat babies. Narcissus probably should have just learned to masturbate. Odin got construction discounts with bestiality. Isis had bad taste in jewelry. Ganesh was the very definition of an unplanned pregnancy. And Abraham was totally cool about stabbing his kid in the face. Still skeptical? Here are a few more gems to consider:

- Zeus once stuffed an unborn fetus inside his thigh to save its life after he exploded its mother by being too good in bed.
- The entire Egyptian universe was saved because Sekhmet just got too hammered to keep murdering everyone.
- The Hindu universe is run by a married couple who only stop murdering in order to throw sweet dance parties...on the corpses of

their enemies. Norse goddess Freyja once consented to a four-dwarf gangbang in exchange for one shiny necklace. And there's more dysfunctional goodness where that came from.
