Guess A Word Answers Iphone

First, we'll need to create the word that will act as our "answer". Then, we'll need to ask the user to guess a letter. Then, we will need to check to see if that letter is included in the "answer" word. These last two steps will need to be repeated (in a loop) until all of the letters are successfully guessed.

I've seen a few of my friends post screenshots on Facebook of a word guessing game app which consists of 4 photos and letters. You have to pick some of the letters and use the photos as clues to guess the word. I think it's a game for iPhones, but I don't know if other phones can use it too. Can anyone tell me what the name of the game is?
