*Voila! 1 Teacher's Book* Univ of California Press From the 1940s to the 1970s, the phonograph industry experienced phenomenal growth, both in sales and in cultural influence. Along with hugely popular music recordings, spoken word LPs served a multitude of functions and assumed an important place in the American home. In this book, Jacob Smith surveys a diverse range of spoken word genres—including readings of classic works of literature and drama, comedy albums, children's records, home therapy kits, even erotica—to illuminate this often overlooked aspect of the postwar entertainment industry and American culture. A viable alternative to mainstream broadcasting, records gave their listeners control over what they could hear at home. Smith shows how the savvy industry used spoken word records to develop markets for children, African Americans, women, and others not well served by radio and television.

Ebony Cambridge University Press What would you give to have a daily conversation with a lost soul mate, whether it is a spouse, parent, sibling, relative, child,

or best friend? Dr. Liong Tee understood that need when his soul mate passed away. Consider the possibility there have been many signs from your loved one, both big and small, that were right in front of you all the time but you simply failed to recognize them. Have you ever asked yourself why you keep experiencing a familiar smell, a certain shape, a distinctive color, a special flower, or perhaps a favorite animal that appears over and over again, reminding you of your lost loved one? Or did you simply brush those incidents aside, dismissing them as only being a coincidence? Based on his written journals, follow Dr. Tee's incredible story of conversations, signs, and messages received from his lost soul mate, Jan, since her passing in June 2008.
