NAMED A BEST BOOK OF 2017 by BLOOMBERG BUSINESSWEEK, THE FINANCIAL TIMES, AND AMAZON Look out for Tim's next book, The Data Detective. A lively history seen through the fifty inventions that shaped it most profoundly, by the bestselling author of The Undercover Economist and Messy. Who thought up paper money? What was the secret element that made the Gutenberg printing press possible? And what is the connection between The Da Vinci Code and the collapse of Lehman Brothers? Fifty Inventions That Shaped the Modern Economy paints an epic picture of change in an intimate way by telling the stories of the tools, people, and ideas that had far-reaching consequences for all of us. From the plough to artificial intelligence, from Gillette’s disposable razor to IKEA’s Billy bookcase, bestselling author and Financial Times columnist Tim Harford recounts each invention’s own curious, surprising, and memorable story. Invention by invention, Harford reflects on how we got here and where we might go next. He lays bare often unexpected connections: how the bar code undermined family corner stores, and why the gramophone widened inequality. In the process, he introduces characters who developed some of these inventions, profited from them, and were ruined by them, as he traces the principles that helped explain their transformative effects. The result is a wise and witty book of history, economics, and biography.

It offers a valuable introduction to the field of sleep medicine, but also serves as a reference work on all aspects of clinical practice, including diagnosis, differential diagnosis and treatment of all relevant sleep disorders in children and adults. It starts by presenting sleep physiology and the classification of sleep disorders, and explains in detail all the relevant diagnostic measures in the field. Based on these introductory chapters, it discusses the relevant sleep disorders, including insomnia, sleep-related breathing disorders, hypersomnia, sleep-wake-

rhythm disorders, parasomnia, sleep related movement disorders, and secondary sleep disorders, as well as various isolated symptoms. In addition, an entire chapter is dedicated to sleep disorders in children. Drawing on the long-time experience of five board-certified sleep physicians with different professional backgrounds, the book reflects the interdisciplinary nature of sleep medicine. It includes the current international classification systems as well as scoring rules and clinical guidelines. It is intended for physicians and therapists from various specialties, including internal medicine (e.g. pulmonology and cardiology), psychology, psychiatry, neurology, paediatrics, otorhinolaryngology and general medicine who are interested in sleep medicine. It also serves as a textbook in these specialties. To optimize its clinical value, a uniform structure is used for the various chapters, including practical tips, comprehension questions and clinical case presentations.

This small-group study is based on Steve Harper's book *Five Marks of a Methodist*. Six sessions provide extended reflection for adults on the five identifiers that Wesley sets forth in "The Character of a Methodist," which he published in 1742. 1. Character: The Marks of a Methodist 2. A Methodist Loves God 3. A Methodist Rejoices in God 4. A Methodist Gives Thanks 5. A Methodist Prays Constantly 6. A Methodist Loves Others In "The Character of a Methodist," Wesley clearly stated that he did not want to distinguish Methodism from any "real Christian of whatsoever denomination." At the same time, Wesley knew that if the Methodist movement was to be established and grow, it must rest upon the solid foundation of gospel characteristics. This study provides a focused strengthening of the world Wesleyan family, while written so that any Christian person or group could use it with blessing and benefit. The study consists of the book, *Five Marks of a Methodist*, a Participant Character Guide, a Leader Guide, DVD and streaming video sessions (6 brief videos).

"Even the most useful reference guides are not always, well, shall we say, riveting. A refreshing exception is the new *Broadview Guide to Writing*, which is smart, helpful, and even fun to read." —Gerald Graff and Cathy Birkenstein, authors of *They Say / I Say: The Moves That Matter in Academic Writing* Key Features —A coil-bound reference text suitable for a range of introductory composition and writing courses —Divided into three sections: Writing Processes (including Research, Argumentation, and Style) Writing Mechanics (Grammar, Usage, and Punctuation) Writing Contexts (Writing in different academic disciplines, Forms and conventions,

and citation) —Comprehensive treatment of citation style guides, with 2016 MLA style updates —Expanded treatment of research methods, argument structures, and writing in the workplace —A unique section on "How to Be Good With Words"—issues of gender, race, class, religion, sexual orientation, disability, etc. —Expanded coverage for those whose native language is not English —All-new chapter on reading images —Extensive companion website featuring interactive exercises Increasingly, writing handbooks are seen as over-produced and overpriced. One stands out: *The Broadview Guide to Writing* is published in an elegant but simple format, and sells for roughly half the price of its fancier-looking competitors. That does not change with the new edition; what does change and stay up-to-date is the content of the book. The sixth edition brings a substantial re-organization of the contents under three headings: Writing Processes, Writing Mechanics, and Writing Contexts. Coverage of APA, Chicago, and CSE styles of documentation has been substantially expanded, and the MLA section has now been fully revised to take into account all the 2016 changes. Also expanded is coverage of academic argument; of writing and critical thinking; of writing about literature, of paragraphing; of how to integrate quoted material into one's own work; of balance and parallelism; and of issues of gender, race, religion etc. in writing. The chapter "Seeing and Meaning: Reading (and Writing About) Visual Images" is entirely new to the sixth edition.

A comprehensive study of homosexuality on television from the 1950s to 2002. Through an analysis of over 300 television episodes, made-for-TV movies, and mini-series, this fascinating account of the evolution of the portrayal of gay men and lesbians offers an in-depth look at how four major television genres--medical series, police/ detective shows, drama, and situation comedies--approached the subject of homosexuality. From 1950s talk shows that tackled the "problem" of homosexuality to Ellen DeGeneres's historic coming-out in 1997, it reveals how television's treatment of homosexuality has reflected and reinforced society's ignorance and fear of gay men, lesbians, and transgender people, and celebrates the programs that broke new ground in their sensitive, enlightened approach to homosexuality and gay-related themes and issues, such as homophobia, gay-bashing, and AIDS.--From publisher description.

By makingi Three Smples Rules and Five Marks of a Methodist accessible for a current United Methodist and Wesleyan audience, Abingdon Press has reintroduced Wesley's formative identity and boosted our way of Christian living in thousands of congregations. The next most important document that Wesley delivered to the rapidly expanding societies and congregations was The Wesley Covenant Prayer and Renewal Service from 1755, which are crucial to Methodist identity. This service, a liturgical event in 1755, was preceded by several mornings of teaching from John Wesley about "the means of increasing serious religion." Charles Wesley also wrote a hymn supporting the prayer – "Come, Let Us Use the Grace Divine." Over the millennia since 1755, many Methodists have used this liturgy on New Year's Eve – the Watch Night Service – as a service of renewal of the individual's covenant with God for the coming year. More recently many churches have found other opportunities to provide this opportunity for the congregation. Wesley's covenant renewal can function now as an accessible church-wide campaign that culminates in the liturgical affirmation and faithful promise to love God and neighbor faithfully. The campaign could be: 1) Used during Advent and culminate on New Year's Eve with the Covenant prayer committed to memory and resolve. 2) Used from mid-September, with emphasis on homecoming and harvest, and culminated with the liturgical event on All Saint's Day. 3) Used prior to Lent and culminate on Ash Wednesday, or 4) Used during Lent and culminate on during holy week (read prior to the passion of Jesus).
