Design systemic equity and diversity into your organization Inclusion, Inc: How to Design Intersectional Equity into the Workplace moves beyond having tough conversations to deliver an innovative and proven approach to organizational diversity. Eschewing the "mindset-first" approach taken by many diversity, equity, and inclusion (DEI) programs, author and GEN founder Sara Sanford focuses on countering the systemic barriers that abet inequity by adjusting "cultural levers" to facilitate organization-wide change.

Inclusion, Inc offers sustainable and cost-effective solutions that yield real, measurable returns, supported by: Data from thousands of surveys and interviews with executive-level changemakers. Case studies from GEN-certified organizations. Innovations drawn directly from the latest in behavioral economics and design-centered thinking. Perfect for business leaders, human resources and DEI professionals, and scholars and students of business, Inclusion, Inc will also prove invaluable to underrepresented employees and their allies seeking real, evidence-based solutions to the dilemma they frequently face: assimilate, or leave.

The Broadview Guide to Writing: A Handbook for Students - Sixth Edition Abingdon Press

NAMED A BEST BOOK OF 2017 by BLOOMBERG BUSINESSWEEK, THE FINANCIAL TIMES, AND AMAZON Look out for Tim's next book, *The Data Detective*. A lively history seen through the fifty inventions that shaped it most profoundly, by the bestselling author of *The Undercover Economist* and *Messy*. Who thought up paper money? What was the secret element that made the Gutenberg printing press possible? And what is the connection between The Da Vinci Code and the collapse of Lehman Brothers? *Fifty Inventions That Shaped the Modern Economy* paints an epic picture of change in an intimate way by telling the stories of the tools, people, and ideas that had far-reaching consequences for all of us. From the plough to artificial intelligence, from Gillette's disposable razor to IKEA's Billy bookcase, bestselling author and

Financial Times columnist Tim Harford recounts each invention's own curious, surprising, and memorable story. Invention by invention, Harford reflects on how we got here and where we might go next. He lays bare often unexpected connections: how the bar code undermined family corner stores, and why the gramophone widened inequality. In the process, he introduces characters who developed some of these inventions, profited from them, and were ruined by them, as he traces the principles that helped explain their transformative effects. The result is a wise and witty book of history, economics, and biography.

"Even the most useful reference guides are not always, well, shall we say, riveting. A refreshing exception is the new Broadview Guide to Writing, which is smart, helpful, and even fun to read."

-Gerald Graff and Cathy

Birkenstein, authors of *They Say / I Say: The Moves That Matter in Academic Writing* Key Features -A coil-bound reference text suitable for a range of introductory composition and writing courses

-Divided into three sections:

Writing Processes (including Research, Argumentation, and Style) Writing Mechanics (Grammar, Usage, and Punctuation) Writing Contexts (Writing in different academic disciplines, Forms and conventions, and citation)

-Comprehensive treatment of citation style guides, with 2016 MLA style updates -Expanded treatment of research methods, argument structures, and writing in the workplace -A unique section on "How to Be Good With Words"-issues of gender, race, class, religion, sexual

orientation, disability, etc.

-Expanded coverage for those whose native language is not English -All-new chapter on reading images

-Extensive companion website featuring interactive exercises Increasingly, writing handbooks are seen as over-produced and

overpriced. One stands out: The Broadview Guide to Writing is published in an elegant but simple format, and sells for roughly half the price of its fancier-looking competitors. That does not change with the new edition; what does change and stay up-to-date is the content of the book. The sixth edition brings a substantial re-organization of the contents under three headings: Writing Processes, Writing Mechanics, and Writing Contexts. Coverage of APA, Chicago, and CSE styles of documentation has been substantially expanded, and the MLA section has now been fully revised to take into account all the 2016 changes. Also expanded is coverage of academic argument; of writing and critical thinking; of writing about literature, of paragraphing; of how to integrate quoted material into one's own work; of balance and parallelism; and of issues of gender, race, religion etc. in writing. The chapter "Seeing and Meaning: Reading (and Writing About) Visual Images" is entirely new to the sixth edition.

and Five Marks of a Methodist accessible for a current United Methodist and Wesleyan audience, Abingdon Press has reintroduced Wesley's formative identity and boosted our way of Christian living in thousands of congregations. The next most important document that Wesley delivered to the rapidly expanding societies and congregations was The Wesley Covenant Prayer and Renewal Service from 1755, which are crucial to Methodist identity. This service, a liturgical event in 1755, was preceded by several mornings of teaching from John Wesley about "the means of increasing serious religion." Charles Wesley also wrote a hymn supporting the prayer - "Come, Let Us Use the Grace Divine." Over the millennia since 1755, many Methodists have used this liturgy on New Year's Eve - the Watch Night Service - as a service of renewal of the individual's covenant with God for the coming year. More recently many churches have found other opportunities to provide this opportunity for the congregation. Wesley's covenant renewal can function now as an accessible church-wide campaign that culminates in the liturgical affirmation and faithful promise to love God and neighbor faithfully. The campaign could be: 1) Used during Advent and culminate on New Year's Eve with the Covenant prayer committed to memory and resolve. 2) Used from mid-

September, with emphasis on homecoming and harvest, and culminated with the liturgical event on All Saint's Day. 3) Used prior to Lent and culminate on Ash Wednesday, or 4) Used during Lent and culminate on during holy week (read prior to the passion of Jesus).

Methodist Loves Others In "The Character of a Methodist," Wesley clearly stated that he did not want to distinguish Methodism from any "real Christian of whatsoever denomination." At the same time, Wesley knew that if the Methodist movement was to be established and grow, it must rest upon the solid foundation of gospel characteristics. This study provides a focused strengthening of the world Wesleyan family, while written so that any Christian person or group could use it with blessing and benefit.
