Good Service Dogs are Both Born and Made! Watching a service dog and her handler working as a team in a busy public space is a thing of beauty. Not every dog has the temperament or genetic make-up to do service work, but with the proper reward-based training, many dogs can succeed in public areas. Succeeding in Public Access Work is the subject of Jennifer Cattet ' s new book, which is especially important given some of the controversies surrounding poorly or un-trained service dogs being brought into public areas. Jennifer prepares you and your dog to meet the standards of the Public Access Test developed by Assistance Dogs International. While the book focuses on training, it also covers in detail a number of other important questions including: · How much time, effort and cost are involved in acquiring and training a service dog? · Can you train a shelter dog for service work and are there breeds of dogs you should avoid? · What are your rights and the laws relating to service dogs? · How do you deal with the public when working with your service dog?

Guide Dogs of America, A History, recounts the founding, growth and operation of one of America's premier providers of guide dogs for the visually impaired. It also details the history of the guide dog movement in America, beginning with the story of "Lux," the first guide dog in America, given to blind United States Senator Thomas Schall in 1927. Guide Dogs of America was founded by Joseph W. Jones, Sr., a machinist by trade who lost his vision and, when he was turned down, at age 57, as "too old" for a guide dog, started his own guide dog school. Jones soon teamed with Captain L. A. Kreimer, a veteran of the German Army in World War I who had trained the world's first guide dog at an army field hospital in 1916, and who subsequently ran the German's extensive network of guide dog schools for soldiers blinded by the war. Together, Jones and Kreimer, with significant support from the International Association of Machinists and Aerospace Workers, the union to which Jones belonged, began training guide dogs in Los Angeles. Hollywood stars soon took note of the charitable work being done by the school - where dogs and training are provided to students free of charge, and without assistance from any level of government - and lent their fame and fortune to the operation. John Wayne, Lucille Ball, Andy Griffith, Jonathan Winters, Clark Gable, Roy Rogers, Jackie Cooper and Betty White were among the first to become involved, setting a trend that continues to this day through the involvement of a new generation of stars, including Amanda Righetti, a star of CBS Television's "The Mentalist." This book also describes the guide dog process: from breeding, puppy raising, training, selection of students, matching students with the proper dog, to post graduate services, and features a first person narrative by Guide Dogs of America graduate Lorri Bernson, who tells in moving detail of the loss of her vision, the battle to achieve independence, her hopes and dreams as a student at the school, and the fulfilling life she has been able to lead with the assistance of her guide dog. Equally important, Guide Dogs of America tells the story of the men and women who have made all of this possible, from the dedicated members of the Machinists Union who have held thousands of charitable events and donated millions of dollars, to corporations who have donated generously, and the galaxy of Hollywood stars who have given freely of their time and talents. Anyone interested in the story of how one man, faced with seemingly insurmountable challenges can not only overcome them, but can provide hope, independence and a better life to literally thousands of people around the world will enjoy this book.

I'm guessing, like any good dog owner would, you have answered yes to at least one (if not all!) of the questions. Of course, you did! As a Dog owner myself I once to wanted nothing more than to raise

my puppy to be extremely well trained, but in a loving and friendly way that both of us can enjoy. Unfortunately, for many the bad behavior of their puppy can lead them to use outdated methods, that while may help with the behavior aren't really dealing with the underlying cause and certainly aren't enjoyable for the puppy. Instead, what I wanted was friendly and loving methods and that trained my puppy in the best way possible, made them insanely happy and used enjoyable techniques that made us both want to actually do them! Doesn't that sound amazing? Embracing fun and friendly teaching methods such as Positive Reinforcement and Relationship-Based training that not only train the puppy but enhance both of your lives. Oh, and they're free of suffering! Positive Reinforcement Training works so well on Guide Dogs that the USA Guide Dogs organization reported an increase in the pass rate from 50% to 80% after switching to the more modern methods in 2005! Here is just a slither of what you will discover inside... \*Exactly how to not only train your Puppy but raise the happiest puppy in the world! \*The TRUTH about Dominance training \*A step by step guide to Positive Reinforcement training \*What behavioral scientists know about dog training that you don't! \*10 Simple Training tips to help train your Puppy \*Why more people are turning towards Positive Reinforcement training than ever before \*Stop wasting time harshly punishing your poor puppy, do THIS instead \*5 Startling ways to deepen the bond with your puppy \*Training methods the RSPCA and ASPCA recommend \*The EXACT ways to deal with your 'nippy pup' \*How to decide if your Puppy needs a trainer and what to look for in one \*What separation anxiety is and how to manage it for your Puppy \*What kind of training Puppies actually want to engage in \*How to get your Puppy potty trained in as little as 3 weeks \*Why praise is more than TWICE as effective as punishment \*The BEST way to do obedience training with your Puppy And much, much more! Instead, it's time to wake up to the mountains of Scientific evidence like the Service Dogs Industry have and look towards the more loving and friendly types of dog training, and give your Puppy the training he deserves and loves!
