*10 Books EVERY Student Should Read - Essential Book Recommendations*  
Software, computers, games, and devices require user manuals, guides that explain how to use the product (and how not to). A user manual is a formal writing piece with a specific structure, and

should be written by someone who is intimately familiar with the product such as a technical writer or the product designer.

### **PlayStation®4 User's Guide**

The term 'manual' or 'guide' both usually refer to a document whose main aim is to provide information or instructions. Their purpose is to give the adequate information or instructions that may be required by the user. They are both commonly used in relation to machinery, consumer products, training, technical instruction, etc.

The Manual is simple – we show men how to live a life that is more
