A Beginner's Guide to Investing in Stocks

Investing, at its heart, is the trading of

your money today for a lot more money in the future. The investing we talk about revolves around the stock market. That said, putting your money into a business you create, or a home you will live in, can also be considered an investment. Investments by definition are high yield over the long term.

A Beginner's Guide to Investing £10,000 | Morningstar

An investment – or investing – is a long way from putting your cash in a bank account where it sits to earn interest. An investment is a gamble: instead of the security of guaranteed returns, you're taking a risk with your money.

Investing for Beginners: The Complete Investing 101 Guide ...

Before investing check the FCA register and warning list. If you're considering an investment offer, seek impartial advice.

Investments are something you buy or put your money into to get a profitable return. Most people choose from four main types of investment, known as 'asset classes': *Investing For Beginners - How To Get Started | HSBC UK*

Investing is the wealth accumulation portion, while insurance focuses on wealth protection. By investing your money, you are able to accumulate your wealth much faster. The returns of investing will be much higher than a meagre 0.05% interest rate. A 0.05% interest rate is what most banks will offer you for a basic savings account.
