Gale Researcher Guide for: European Imperialism between the Wars Princeton Review

Fully revised and updated, The Rough Guide to Conspiracy Theories sorts the myths from the realities, the allegations from the explanations and the paranoid from the probable. Who might be trying to convince us that climate change is or isn't real? What is the truth behind the death of Osama bin Laden and is he still alive? When did the CIA start experimenting with mind control? Where is the HAARP installation and did it have anything to do with the Japanese tsunami disaster? Why is surveillance in our cities and online so widespread and what are the real benefits? This definitive guide to the world's most controversial conspiracies wanders through a maze of sinister secrets, suspicious cover-ups hidden agendas and clandestine operations to explore all these questions - and many many more. Now available in PDF format.

The Reader's Guide to the Encyclopaedia Britannica SAGE

This specialized edition of The History Highway 3.0 guides users to the incredible amount of information on European history available on the Internet like no other resource. It covers thousands of sites, and the CD-ROM features the entire contents as PDF files with live links, so that users can put the disk into their computers, go online, and click directly to the sites. In addition, the best sites for researchers of every type are highlighted as "Editors Choice," and there is also helpful information on Internet research and evaluating information in an online environment.

An Official Guide to Eastern Asia: Manchuria & Chosen Lulu.com

Designed for courses in business ethics, corporate social responsibility, corporate strategy, and organizational behaviour, this text will also be an indispensable companion text for business students to use throughout their full programme of study. This text provides objective coverage of key issues in corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment. Business Ethics in Brief is divided into eight sections which contain important keywords that relate to those sections: Ethics and the Individual; Theories of Ethics; Understanding Global Ethics; Ethics of Management and Business; Employee and Human Resources Issues; Consumer Issues; Ethics of Advertising, Marketing, and PR; and Environmental Issues in Ethics. Key features of the text include the following: - Keyword entries featuring comprehensive essays on such crucial topics as strategic corporate social responsibility, consumer rights, and ethical decision making - A listing of suggested readings for each entry, so that readers can find more information on topics of particular interest. - Three appendices: An appendix of "problematic practices" that highlights key corporations and industries and the ethical issues they faced; an appendix with key ethics institutes and organizations; and an appendix listing key business ethics periodicals

SAGE Brief Guide to Business Ethics Yale University Press

A revolutionary philosophy for rookie and veteran travelers alike, Rediscovering Travel "gets to the heart of why we travel" (Matt Kepnes, "Nomadic Matt"). Having captivated millions during his tenure as the New York Times's "Frugal Traveler," Seth Kugel is one of our most internationally beloved travel writers. With the initial publication of Rediscovering Travel, he took the corporate modern travel industry to task, determined to reignite an age-old sense of adventure that has virtually been vanquished by the spontaneity-obliterating likes of Google Maps, TripAdvisor, and Starwood points. Now in travel-friendly paperback, this "funny, inspiring and well-crafted" companion (Associated Press) reveals how to make the most of new apps and other digital technologies without being shackled to them. Writing for the tight-belted tourists and the first-class flyer, the eager student and the comfort-seeking retiree, Kugel shows all readers "not only where to look, but how" (Samantha Brown), and promises that we too can rediscover the joy of discovery. "Travel is not about the destination but the experience. . . . That's what makes [it] so appealing, so addictive, and that's what makes Rediscovering Travel so necessary." - Peter Greenberg

Guide for European Investment in Japan Lulu.com

"Following the pioneering work of Francis Xavier in establishing Christianity in Japan, his successor Alessandro Valignano, decided to send a legation to Europe representing the three Christian daimyo of Kyushu, southern Japan. It consisted of two Christian samurai boys who were chosen as legates, together with two teenage companions. They set sail from Nagasaki in February 1582 and were to be away for eight years." "This is the first book-length study in English of the mission and provides important new insights into the work of the Jesuits in Japan and the nature of the legation's impact on late-sixteenth-century European perceptions of Japan."--BOOK JACKET.

Kendo Tuttle Publishing

Master the art of Kendo—Japanese Swordsmanship with this illustrated and comprehensive martial arts guide. Kendo or the "Way of the Sword" holds a special place within the martial arts as one of the few practices tracing back directly to Japan's ancient samurai heritage. Modern students flock to kendo for physically—and mentally—challenging activity that combines traditional martial arts values with strenuous physical activity. Author Geoff Salmon has over 40 years of kendo experience gained in and outside of Japan. His goal in this kendo guide is to dispel

many misconceptions about the sport and to make kendo training accessible and effective for anyone. His simple, straightforward writing style is especially helpful for beginning students and martial artists from other disciplines who wish to add kendo training to their repertoire. The core of this kendo book is a series of detailed instructional sequences demonstrating the basic kendo techniques. The author also presents the fundamental principles and philosophy that make kendo as much an exercise of the mind as of the sword. For many adherents, the goal is to train your mind to achieve a state of mushin (no-mind). Beyond that, this book also shows you how to win competitions and integrate kendo into your personal fitness routines. This is the first book to clearly link the philosophical and mental elements of kendo to the physical techniques, thereby enabling readers to gain a holistic understanding of the martial art. It offers a comprehensive training program similar to those given by leading kendo teachers in Japan, past and present.

The Japanese Mission to Europe, 1582-1590 Rough Guides UK

Gale Researcher Guide for: European Imperialism between the Wars is selected from Gale's academic platform Gale Researcher. Rough Guide to Conspiracy Theories, The (3rd) An Official Guide to Eastern Asia, Trans-continental Connections Between Europe and Asia ...The 1992 Guide to Pensions and Labour Law in EuropeAn Official Guide to Eastern Asia: Southwestern JapanThe Complete Idiot's Guide to European History, 2nd Edition

For over a hundred years the Japanese have looked to the West for ideas, institutions and technology that would help them achieve their goal of 'national wealth and strength'. In this book a distinguished historian of Japan discusses Japan's 'cultural borrowing' from America and Europe. W. G. Beasley focuses on the mid-nineteenth century, when Japan's rulers dispatched diplomatic missions to the West to discover what Japan needed to learn, sent students abroad to assimilate information and invited foreign experts to Japan to help put the knowledge to practical use. Beasley examines the origins of the decision to initiate direct study of the West at a time when western countries counted as 'barbarian' by Confucian standards. Drawing on many colourful letters, diaries, memoirs and reports, he describes the missions sent overseas in 1860 and 1862, in 1865-1867 and in the years after 1868, in particular the prestigious embassy led by Iwakura in 1871-1873. The book also tells the story of the several hundred students who went overseas in this period. It concludes by assessing the impact of the encounters on the subsequent development of Japan, first by examining the later careers of the travellers and the influence they exercised (they included no fewer than six prime ministers of the late nineteenth and early twentieth centuries), and then by considering the nature of the ideas they brought home.

A Pocket Guide to European History Gale, Cengage Learning

Written by experts, this long-established and definitive guide to the workings of the European Union provides comprehensive, straightforward and readable coverage of this sometimes misunderstood and complex institution. It explains not only what happens but also why, and analyses the EU's strengths and weaknesses, as well as opportunities for it to be more effective. With the EU's very existence under pressure due to fiscal crises and the eurozone, migration and borders, and Euroscepticism, it specifically outlines: How it works: the institutions, the mechanisms Every area of EU competence from agriculture to workers' rights The effects of the single market and the single currency and the successes and stresses of the eurozone The impact of the enlargement of the EU and the prospects for further enlargement and for closer political integration The EU under strain - the 2008 recession and after 'Britain in or out' Fully updated and revised material with new data, statistics, examples and non-partisan coverage The Routledge Guide to the European Union is well-established as the clearest and most comprehensive guide to how the EU operates. This new edition brings you up to date at a crucial stage in its history at a time when, arguably, it has never been under greater threat, but conversely is perhaps more important than ever.

An Official Guide to Eastern Asia: Southwestern Japan Brill

This text offers an accessible guide to the ways in which our growing knowledge of development in early-modern and modernising Japan can throw light on the paths that industrialisation was eventually to take across the globe. It has long been taken as read that the industrial revolution was the product of some form of 'European superiority' dating back to at least early-modern times. In The Great Divergence, Kenneth Pomeranz challenged this assumption on the basis of his evidence that parts of eighteenth-century China were as well placed as northern Europe to achieve sustained economic growth, thus igniting what has been called 'the single most important debate in recent global history'. Japan, as the only non-Western country to experience significant industrialisation before the Second World War, ought to provide crucial – and intriguing – evidence in the debate, but analysis of the Japanese case in such a context has remained limited. This work suggests ways of re-interpreting Japanese economic history in the light of the debate, so arguing that global historians and scholars of Japan have in fact much to say to each other within the comparative framework that the Great Divergence provides.

Guide to the Japanese Textiles Routledge

Field Guide to Edible Mushrooms of Britain and Europe is an invaluable source of information and advice on when and where to look for edible fungi throughout Europe. It features over 65 of the very best edible mushroom species and 30 poisonous confusion species for extra safety. A clear summary for each species provides information on edibility, habitat, season,

size and key identification features. The book is fully illustrated with over 200 superb species photographs, shot in situ using natural light and highlighting unique characteristics. Useful and practical advice is given on the storage and cooking of each species, to help make the best culinary use of them.

The Videogame Style Guide and Reference Manual Tuttle Publishing

The emergence of Europe as a unified trading block has profound implications for those who do business with European countries. European Union Law is written for lawyers and business professionals who require information about the changes that are taking place as a result of the unification process in the member states of the European Union. Unlike other materials on Europe, this book is written primarily for lawyers outside the EU. The book serves three important functions: It provides a comprehensive introduction to European law, law-making institutions and dispute settlement mechanism It presents European legal regimes for the general areas which are relevant to foreign lawyers, including corporate law, environmental regulation, securities regulation, antitrust law, mergers and acquisitions, licensing, product liability, and dumping It examines the European regulations of some important specific industries such as broadcasting and telecommunications. The editors and authors of this work are among the most prominent academic and professional authorities in the area of European Law. This book is the single most useful reference tool for those in need of current European Union information.

Rambles Through Japan Without a Guide Kluwer Law International B.V.

This Japanese business guide contains insider's tips that will make dealings with the Japanese both manageable and successful. For Westerners dealing with Japanese,

simple differences in business practices can be troublesome obstacles to successful negotiation. They need not be according to sociologist Jon P. Alston. In this informed and straightforward presentation, Alston describes common Japanese rules for social interaction, and shows how foreigners who understand them can put this knowledge to profitable use. In such chapters as: Establishing a Personal Relationship Closing the Deal Maintaining Contact Alston explains Japanese expectations and the importance placed on preparation, form, and follow-up. For those planning their first intercultural deal as well as for experienced negotiations, The Intelligent Businessman's Guide to Japan is an invaluable aid for acquiring the extra edge that leads to business success.
