Ancient World History

In 1950, when he commissioned the first edition of The Armed Forces Officer, Secretary of Defense George C. Marshall told its author, S.L.A. Marshall, that "American military officers, of whatever service, should share common ground ethically and morally." In this new edition, the authors methodically explore that common ground, reflecting on the basics of the Profession of Arms, and the officer's special place and distinctive obligations within that profession and especially to the Constitution.

Current Catalog

First multi-year cumulation covers six years: 1965-70.

Department of Defense Dictionary of Military and Associated Terms

This paper is a case study in the wartime evolution of tactical doctrine. Besides providing a summary of German Infantry tactics of the First World War, this study offers insight into the crucial role of leadership in facilitating doctrinal change during battle. It reminds us that success in war demands extensive and vigorous training calculated to insure that field commanders understand and apply sound tactical principles as guidelines for action and not as a substitute for good judgment. It points out the need for a timely effort in collecting and evaluating doctrinal lessons from battlefield experience. --Abstract.

Economic Report of the President
