Now available in PDF format.

An Election Year Guide for Responsible Citizens Edward Elgar Publishing

Summarizes a number of essays published or delivered during the 1980s and 1990s investigating the reasons for conflict in the Middle Ages and the mechanisms by which it was contained. The purpose is to elucidate approaches that could be of use in the modern world. Among the topics are peace campaigns of the church and the state, the movement from private justice to public law and from private combat to rules of war, alternatives to the peace campaigns, and the pacification of Europe. Over 100 pages are devoted to annotated bibliographic material of interest both to medievalists and peace scholars. Paper edition (unseen), \$13.95. Annotation

Gale Researcher Guide for: Europe between the Wars: From Peace Settlement to the Brink of War Gale, Cengage Learning  
In six months, from December 1918 to May 1919, the fate of the world was decided by a small group of statesmen and diplomats in Paris. The First World War had left behind a chaotic legacy of new nations, collapsed empires and the question of how Germany should be punished. This eBook is the first in a new series called 'Study Essentials', which takes complex historical events and makes them accessible and easy to understand for students of all experience and abilities. If you are studying inter war diplomacy for the first time, this eBook is the perfect introduction to the Paris Peace Conference. It includes: \* A short history of the First World War \* An overview of the victorious powers \* An overview of the defeated powers \* The history of European empires after the war \* The historiography of the Paris Peace Conference \* Advice on how to answer essay questions

A Directory Guide Access an International Affairs Information  
Peace movements became a part of the national landscapes of British, American, and European politics in the nineteenth century, reaching their peak during the European arms race of 1889-1914. This study examines the history of European peace movements from the end of the Napoleonic wars to the beginning of the First World War, analysing their methods and influence, and examining their ideological underpinnings and internal conflicts.

**Understanding U.S. Military Conflicts through Primary Sources**  
[4 volumes] Andrews UK Limited

Since the adoption of the EU Regulation on Insolvency Proceedings in 2000 and its recast in 2015, it has become clear that lawyers engaged in consumer insolvency proceedings are increasingly expected to have a basic understanding of foreign insolvency proceedings, as well as knowledge of the foreign country's court and legal system, legislation and judicial practice. Written by 50 highly qualified insolvency experts from 30 European countries, *A Guide to Consumer Insolvency Proceedings in Europe* provides the necessary information in the largest, most up-to-date and comprehensive book on this topic. Assisting the readers in their navigation through the differences, similarities, and peculiarities of insolvency proceedings in all Member States of the European Union, Switzerland and Russia, this book is a unique guide to insolvency proceedings across Europe. With contributions by both academics and practitioners, it provides truly multinational coverage of the economic, legal, social, political, and demographic issues in consumer insolvency. Illustrating the numerous practices across Europe, this book allows the reader to evaluate each aspect both on its own merits, as well as in comparison to the approaches applied in other European jurisdictions. This book will be an invaluable tool for insolvency practitioners, judges, lawyers, creditors and debtors throughout Europe, especially those participating in cross-border proceedings.

A Guide to the Future Peace of Europe Gale, Cengage Learning  
This Guide to the Study and Use of Military History is designed to foster an appreciation of the value of military history and explain its uses and the resources available for its study. It is not a work to be read and lightly tossed aside, but one the career soldier should read again or use as a reference at those times during his career when necessity or leisure turns him to the contemplation of the military past.

**A Historical & Bibliographical Guide** Century Foundation Press  
*Europe's Utopias of Peace* explores attempts to create a lasting European peace in the aftermath of the Napoleonic wars and the two world wars. The book charts the 250 year cycle of violent European

conflicts followed by new utopian formulations for peace. The utopian illusion was that future was predictable and rules could prescribe behaviour in conflicts to come. *Bo Stråth* examines the reiterative bicentenary cycle since 1815, where each new postwar period built on a design for a project for European unification. He sets out the key historical events and the continuous struggle with nationalism, linking them to legal, political and economic thought. Biographical sketches of the most prominent thinkers and actors provide the human element to this narrative. *Europe's Utopias of Peace* presents a new perspective on the ideological, legal, economic and intellectual conditions that shaped Europe since the 19th century and presents this in a global context. It challenges the conventional narrative on Europe's past as a progressive enlightenment heritage, highlighting the ambiguities of the legacies that pervade the institutional structures of contemporary Europe. Its long-term historical perspective will be invaluable for students of contemporary Europe or modern European history.

**Dry Goods Guide** Oxford University Press on Demand

A comprehensive yet concise introduction to Western Civilization, designed to interest and engage contemporary students *Western Civilization: A Brief History* is a concise one-volume survey that covers the subject's ancient origins through to the early 21st century. Stressing social and intellectual history, rather than merely listing names and dates, this stimulating resource offers a more consistent and reader-friendly narrative than traditional textbooks. The author, with 40 years' experience teaching college-level Western Civilization and World History courses, emphasizes topics that stimulate student interest and encourage classroom participation. A mixture of Judeo-Christian, Greco-Roman, Germanic traditions, Western Civilization first appeared in Europe following the fall of the Roman Empire in the West. The text explores key events, figures, themes, and characteristics in the history of Western Civilization. Grouped into six parts, chapters include brief chronologies of events, maps, and illustrations. Topics include Europe in the Middle Ages, the Renaissance and Reformation, the rise of medieval Christianity, Darwin and the Theory of Evolution, the Industrial Revolution, imperialism, the World Wars of the 20th century, the Cold War, and many others. Written with the needs of today's students in mind, this textbook: Offers accessible and straightforward coverage of the history of Western Civilization Provides a consistent style of writing and organizational theme Includes chronological overviews of ancient Greece, Rome, and the Near East *Western Civilization: A Brief History* is an ideal introductory textbook for both traditional and non-traditional programs and Western Civilization courses at universities and colleges, as well as for those in dual enrollment and home school settings.

**Common Security in Europe** CQ Press

"In *Ending Europe's Wars*, Jonathan Dean, a widely recognized expert on European security issues, evaluates the prospects for peace in Europe as a test case for world security. Dean analyzes the current and potential conflicts in Europe and assesses the performance of the multilateral security institutions active in Europe - the North Atlantic Treaty Organization (NATO), the Conference on Security and Cooperation in Europe (CSCE), the Western European Union (WEU), and the United Nations itself - in coping with these challenges. He presents a wide range of innovative proposals for dealing with continuing nuclear dangers in Russia, for bringing NATO, WEU, and CSCE together in a single effective European security organization, and for defusing the ethnic hatreds that have already caused at least five bloody wars." *Ending Europe's Wars* traces the dramatic course of change in Europe - perestroika, the liberation of Eastern Europe, the collapse of the Soviet Union - to uncover the roots of today's problems. The author shows how these positive developments have also brought real or potential threats to European security: the Russian confrontation with Ukraine; the uncertainties surrounding Russian military intervention in neighboring republics; the possibility that Russia's nuclear arsenal could get out of control; massive population movements sparking racism and intolerance in Western Europe; tragic, unresolved ethnic conflicts in the former Yugoslavia and the states bordering Russia; a resurgent

---

Germany; and growing confrontation with fundamentalist Islam." "Dean describes the numerous military constraints, cooperative procedures for conflict prevention, and organizational changes that have made European security institutions and the confidence-building measures and arms limitations they are based on the most comprehensive and ambitious regional security system in recorded history. He demonstrates why these institutions have nonetheless coped inadequately with Europe's emerging wars, especially in the former Yugoslavia, and how they can be radically improved. Dean concludes that the job of constructing an effective European security system is only half done. The present system could move either toward greater control over conflict or toward slow collapse and renationalization and the expansion of the armed forces of individual European countries. Either outcome will have a decisive effect on the future of the United Nations and global security."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

German Realities ABC-CLIO

This detailed two-volume set tells the story of the Cold War, the dominant international event of the second half of the 20th century, through a diverse selection of primary source documents.

- Provides in-depth documentary coverage of all key aspects of the Cold War, helping readers understand the continued significance of the Cold War to the current world
- Includes documents from all sides of the conflict, including many newly available materials from the Soviet bloc, Cuba, and China
- Traces the origins of Cold War rivalry and antagonism between the United States and the Soviet Union back to the Russian Revolution of 1917
- Offers detailed coverage of how the Cold War surfaced beyond Europe, especially in Asia and the Middle East
