Standing Rock Versus the Dakota Access Pipeline, and the Long Tradition of Indigenous Resistance Liveright Publishing

SHORT-LISTED FOR THE MAN BOOKER PRIZE A Christian Science Monitor Best Book of the Year On the morning after harvest, the inhabitants of a remote English village awaken looking forward to a hard-earned day of rest and feasting at their landowner's table. But the sky is marred by two conspicuous columns of smoke, replacing pleasurable anticipation with alarm and suspicion. One smoke column is the result of an overnight fire that

has damaged the master's outbuildings. The second column rises from the wooded edge of the village, sent up by newcomers to announce their presence. In the minds of the wary villagers a mere coincidence of events appears to be unlikely, with violent confrontation looming as the unavoidable outcome. Meanwhile, another newcomer has recently been spotted taking careful notes and making drawings of the land. It is his presence more than any other that will threaten the village's entire way of life. In effortless and tender prose, Jim Crace details the unraveling of a pastoral idyll in the wake of economic progress. His tale is timeless and unsettling, framed by a beautifully evoked world that will linger in your memory long after you finish reading.

Protest Kitchen Xist Publishing

Martin Luther King once insisted that 'a riot is the language of the unheard.' Since 2011 swathes of protest, rebellion, and rioting have covered the globe. A new, disenfranchised generation is fighting for its voice as once again scores of police line the streets and pop icons

demand a political revolution. Challenging us to consider arson attacks against empty buildings, black bloc street-fighting tactics, and industrial sabotage, amongst an array of other militant action, philosopher Stephen D'Arcy asks if it is ever acceptable to use or threaten to use armed force. Drawing a clear line between justifiable and unjustifiable militancy, *Languages of the Unheard* shows that the crucial contrast is between democratic and undemocratic action, rather than violence and non-violence. Both a consideration of the ethics and politics of militant protest and the story of dissidents and their actions post 1968, this book argues that militancy is not a danger to democratic norms of consensus-building. Instead, it is a legitimate remedy for elite intransigence and unresponsive systems of power that ignore, or silence, the people.

Situating Global Resistance Taylor & Francis

A powerful account of how cultural anxieties about race shaped American notions of mental illness The civil rights era is largely remembered as a time of sit-ins, boycotts, and riots. But a very different civil rights history evolved at the Ionia State Hospital for the Criminally Insane in Ionia, Michigan. In *The Protest Psychosis*, psychiatrist and cultural critic Jonathan Metzl tells the shocking story of how schizophrenia became the diagnostic term overwhelmingly applied to African American protesters at Ionia—for political reasons as well as clinical ones. Expertly sifting through a vast array of cultural documents, Metzl shows how associations between schizophrenia and blackness emerged during the tumultuous decades of the 1960s and 1970s—and he provides a cautionary tale of how anxieties about race continue to impact doctor-patient interactions in our seemingly postracial America. From the Trade Paperback edition.

A Feminist Handbook on Fighting for Good Zed Books Ltd.

“ Judith Butler is the most creative and courageous social theorist writing today.” – Cornel West “ Judith Butler is quite simply one of the most probing, challenging, and influential thinkers of our time. ” – J. M. Bernstein Judith Butler ’ s new book shows how an ethic of nonviolence must be connected to a broader political struggle for social equality. Further, it argues that nonviolence is often misunderstood as a passive practice that emanates from a calm region of the soul, or as an individualist ethical relation to existing forms of power. But, in fact, nonviolence is an ethical position found in the midst of the political field. An aggressive form of nonviolence accepts that hostility is part of our psychic constitution, but values ambivalence as a way of checking the conversion of aggression into violence. One contemporary challenge to a politics of nonviolence points out that there is a difference of opinion on what counts as violence and nonviolence. The distinction between them

can be mobilized in the service of ratifying the state's monopoly on violence. Considering nonviolence as an ethical problem within a political philosophy requires a critique of individualism as well as an understanding of the psychosocial dimensions of violence. Butler draws upon Foucault, Fanon, Freud, and Benjamin to consider how the interdiction against violence fails to include lives regarded as ungrievable. By considering how "racial phantasms" inform justifications of state and administrative violence, Butler tracks how violence is often attributed to those who are most severely exposed to its lethal effects. The struggle for nonviolence is found in movements for social transformation that reframe the grievability of lives in light of social equality and whose ethical claims follow from an insight into the interdependency of life as the basis of social and political equality.

Why Militant Protest is Good for Democracy Routledge

There are so many books on so many aspects of the history of the United States, offering such a wide variety of interpretations, that students, teachers, scholars, and librarians often need help and advice on how to find what they want. The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs. The entries are devoted to events and individuals, as well as broader themes, and are written by a team of well over 200 contributors, all scholars of American history.

Between Discipline and Dissent Dragonfly Books

A fresh argument for rioting and looting as our most powerful tools for dismantling white supremacy Looting--a crowd of people publicly, openly, and directly seizing goods--is one of the more extreme actions that can take place in the midst of social unrest. Even

self-identified radicals distance themselves from looters, fearing that violent tactics reflect badly on the broader movement. But Vicky Osterweil argues that stealing goods and destroying property are direct, pragmatic strategies of wealth redistribution and improving life for the working class--not to mention the brazen messages these methods send to the police and the state. All our beliefs about the innate righteousness of property and ownership, Osterweil explains, are built on the history of anti-Black, anti-Indigenous oppression. From slave revolts to labor strikes to the modern-day movements for climate change, Black lives, and police abolition, Osterweil makes a convincing case for rioting and looting as weapons that bludgeon the status quo while uplifting the poor and marginalized. In *Defense of Looting* is a history of violent protest sparking social change, a compelling reframing of revolutionary activism, and a practical vision for a dramatically restructured society.

The Politics of Nonviolent Action. with the Editorial Assistance of Marina Finkelstein Routledge

Reveals the relationship between the rise of political violence in West Germany to the unprecedented growth of consumption
Protesting Power Routledge

2018 Foreword Book of the Year Awards Bronze Winner *Protest Kitchen* is an empowering guide to the food and lifestyle choices anyone can make for positive change in the face of the profound challenges of our time. Our food choices have much more of an impact than most people imagine. They not only affect our personal health and the environment, but are also tied to issues of justice, misogyny, national security, and human rights. *Protest Kitchen* is the first book to explore the ways in which a more plant-based diet challenges regressive politics and fuels the resistance. A provocative and practical resource for hope and healing, *Protest Kitchen*,

features over 50 vegan recipes (with alternatives for "aspiring vegans") along with practical daily actions such as: Substitute cow's milk in your coffee and cereal for any of a variety of delicious non-dairy milks. This will help lower the release of methane gas that contributes to global warming Use a smartphone app when buying chocolate to avoid supporting African farmers who use child-labor, even child slavery, to supply cacao beans to the food industry Make your own cleaning supplies and wood polish; it's frugal and avoids reliance on products that may be tested on animals

All American Boys John Wiley & Sons

Based on new research and combining multiple scholarly approaches, these twelve essays tell new stories about the civil rights movement in the state most resistant to change. Wesley Hogan, Fran ç oise N. Hamlin, and Michael Vinson Williams raise questions about how civil rights organizing took place. Three pairs of essays address African Americans' and whites' stories on education, religion, and the issues of violence. Jelani Favors and Robert Luckett analyze civil rights issues on the campuses of Jackson State University and the University of Mississippi. Carter Dalton Lyon and Joseph T. Reiff study people who confronted the question of how their religion related to their possible involvement in civil rights activism. By studying the Ku Klux Klan and the Deacons for Defense in Mississippi, David Cunningham and Akinyele Umoja ask who chose to use violence or to raise its possibility. The final three chapters describe some of the consequences and continuing questions raised by the civil rights movement. Byron D'Andra Orey analyzes the degree to which voting rights translated into political power for African American legislators. Chris Myers Asch studies a Freedom School that started in recent years in the Mississippi Delta. Emilye Crosby details the conflicting memories of Claiborne County residents and the parts of the civil rights movement they recall or ignore. As a group, the essays introduce numerous new characters and conundrums into civil rights scholarship, advance efforts to

study African Americans and whites as interactive agents in the complex stories, and encourage historians to pull civil rights scholarship closer toward the present.

Internment Edward Elgar Publishing

This volume traces the modern critical and performance history of this play, one of Shakespeare's most-loved and most-performed comedies. The essay focus on such modern concerns as feminism, deconstruction, textual theory, and queer theory.

Civil Resistance Bold Type Books

Forgotten Dead uncovers a neglected chapter in the story of American racial violence, the first comprehensive study of lynching of hundreds of persons of Mexican origin or descent.

Popular Jewish Resistance in Roman Palestine HarperCollins

A veteran activist's guide to direct action and strategic civil disobedience as the most radical and rapid means to social change For decades, Lisa Fithian ' s work as an advocate for civil disobedience and nonviolent direct action has put her on the frontlines of change. Described by Mother Jones as " the nation ' s best-known protest consultant, " Fithian has supported countless movements including the Battle of Seattle in 1999, rebuilding and defending communities following Hurricane Katrina, Occupy Wall Street, and the uprisings at Standing Rock and in Ferguson. For anyone who wants to become more active in resistance or is just feeling overwhelmed or hopeless, Shut It Down offers strategies and actions you can take right now to promote justice and incite change in your own community. In Shut It Down Fithian shares historic, behind-the-scenes stories from some of the most important people-powered movements of the past several decades. She shows how movements that embrace direct action have always been, and

continue to be, the most radical and rapid means for transforming the ills of our society. *Shut It Down* is filled with instructions and inspiration for how movements can evolve as the struggle for social justice continues in the Trump era and beyond. While recognizing that electoral politics, legislation, and policy are all important pathways to change, *Shut It Down* argues that civil disobedience is not just one of the only actions that remains when all else fails, but a spiritual pursuit that protects our deepest selves and allows us to reclaim our humanity. Change can come, but only if we're open to creatively, lovingly, and strategically standing up, sometimes at great risk to ourselves, to protect what we love.

The Power of Protest and Mischief Michael O'Mara Books

A Book that Transformed America "Friendship is first, Friendship last. But it is equally impossible to forget our Friends, and to make them answer to our ideal." - *Civil Disobedience*, Henry David Thoreau *Civil Disobedience* was Thoreau's first published book and continues to transform American discourse. It is unusual for its symbolism and structure, its criticism of Christian institutions, and its many-layered storytelling. This Xist Classics edition has been professionally formatted for e-readers with a linked table of contents. This eBook also contains a bonus book club leadership guide and discussion questions. We hope you'll share this book with your friends, neighbors and colleagues and can't wait to hear what you have to say about it. Xist Publishing is a digital-first publisher. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes.

The Civil Rights Movement in Mississippi Simon and Schuster

The search for a means to an end to apartheid erupts into conflict between a black township youth and his "old-fashioned" black teacher.

Languages of the Unheard Why Civil Resistance Works The Strategic Logic of Nonviolent Conflict

Since Donald Trump's first day in office, a large and energetic grassroots "Resistance" has taken to the streets to protest his administration's plans for the United States. Millions marched in pussy hats on the day after the inauguration; outraged citizens flocked to airports to declare that America must be open to immigrants; masses of demonstrators circled the White House to demand action on climate change; and that was only the beginning. Who are the millions of people marching against the Trump administration, how are they connected to the Blue Wave that washed over the U.S. Congress in 2018—and what does it all mean for the future of American democracy? *American Resistance* traces activists from the streets back to the communities and congressional districts around the country where they live, work, and vote. Using innovative survey data and interviews with key players, Dana R. Fisher analyzes how Resistance groups have channeled outrage into activism, using distributed organizing to make activism possible by anyone from anywhere, whenever and wherever it is needed most. Beginning with the first Women's March and following the movement through the 2018 midterms, Fisher demonstrates how the energy and enthusiasm of the Resistance paid off in a wave of Democratic victories. She reveals how the Left rebounded from the devastating 2016 election, the lessons for turning grassroots passion into electoral gains, and what comes next. *American Resistance* explains the organizing that is revitalizing democracy to counter Trump's presidency.

Fight Injustice, Save the Planet, and Fuel Your Resistance One Meal at a Time Rowman & Littlefield Pub Incorporated

"A passionate, incisive critique of the many ways in which women and girls of color are systematically erased or marginalized in discussions of police violence." —Michelle Alexander, author of *The New Jim Crow* *Invisible No More* is a timely examination of how Black women, Indigenous women, and women of color experience racial profiling, police brutality, and immigration enforcement. By placing the individual stories of Sandra Bland, Rekia Boyd, Dajerria Becton, Monica Jones, and

Mya Hall in the broader context of the twin epidemics of police violence and mass incarceration, Andrea Ritchie documents the evolution of movements centered around women's experiences of policing. Featuring a powerful forward by activist Angela Davis, *Invisible No More* is an essential exposé on police violence against WOC that demands a radical rethinking of our visions of safety—and the means we devote to achieving it.

Violent Protest, Contentious Politics, and the Neoliberal State Astra Publishing House

When no one's listening, it takes more than shouting louder to be heard. *Street Spirit* is a celebration of some of the most remarkable protests from around the world that have used humour, courage and creativity to bring about change.

Among the many instances of imaginative defiance within, you'll discover the surprising impact of Lego figures in Siberia, red-hatted dwarves in Poland and a donkey holding a press conference in Azerbaijan - not to mention the story of how Darth Vader helped to effect a global arms treaty. With over 100 photographs and accompanying commentary on the power of non-violent protest from human rights campaigner Steve Crawshaw, who has been an eye-witness to some of the most dramatic demonstrations of recent years, *Street Spirit* is a unique visual guide that will inspire, enlighten and entertain.

Languages of the Unheard Vintage

An illustrated big-sister's guide to activism—the perfect gift for young feminists and long-time observers looking to enter the fray. Have recent events given you pause? Does Trump's America make you fearful for the future of women? Do you want to become more involved in helping to preserve women's rights but aren't sure how? In *A Girl's Guide to Joining the Resistance*, Emma Rose Gray, Executive Editor at The Huffington Post, outlines all that young women need to know on pivotal women's rights issues and offers a blueprint for those who want to take a stand and participate in the cause. This groundbreaking book includes:

- Background information on key issues so you can choose where you most want to take a stand.
- A guide for learning about the first Amendment and how to choose good news sources and make sure you're

getting quality information.

- Practical instructions on how to get involved and stay involved, with examples from the author's own experience organizing the successful "Watch Us Run" conference.
- Instructions for how to talk to your friend who says she's "just not that political" and your relatives whose beliefs conflict with your own.
- Advice for self-care and how to stay involved without exhausting yourself.
- Extensive back-matter including numbers to call, organizations to email and donate to, and scripts for reaching out to representatives and organizations.
- Interviews with experienced activists including senator Elizabeth Warren, actress Amber Tamblyn, actress Marlo Thomas, Women's March Co-Chair Carmen Perez, Mother of the Movement Lucy McBath, Black Lives Matter creator Alicia Garza, People for Bernie Founder Winnie Wong, and former assistant to President Obama Tina Tchen.

Featuring original 2-color illustrations throughout by New York Magazine's Eva Hill, *A Girl's Guide to Joining the Resistance* illuminates why the time has never been more important than now to get involved in helping to ensure women's rights are protected for the current and future generations of women.

[America on Fire: The Untold History of Police Violence and Black Rebellion Since the 1960s](#) Little, Brown Books for Young Readers

"Explores protesting as an act of faith . . . How to Read a Protest argues that the women's marches of 2017 didn't just help shape and fuel a moment—they actually created one."—Masha Gessen, *The New Yorker*, *Oprah Magazine*'s "14 Best Political Books to Read Before the 2018 Midterm Election" "A fascinating and detailed history of American mass demonstrations."—*Publishers Weekly* When millions of people took to the streets for the 2017 Women's Marches, there was an unmistakable air of uprising, a sense that these marches were launching a powerful new movement to resist a dangerous presidency. But the work that protests do often can't be seen in the moment. It feels empowering to march, and record numbers of Americans have joined anti-Trump demonstrations, but when and why does marching matter? What exactly do protests do, and how do they help movements win? In this original and richly illustrated account, organizer and journalist L.A. Kauffman delves into the history of America's major demonstrations, beginning with the legendary 1963 March on Washington, to

reveal the ways protests work and how their character has shifted over time. Using the signs that demonstrators carry as clues to how protests are organized, Kauffman explores the nuanced relationship between the way movements are made and the impact they have. *How to Read a Protest* sheds new light on the catalytic power of collective action and the decentralized, bottom-up, women-led model for organizing that has transformed what movements look like and what they can accomplish.
