Oxford Literacy has been
specifically designed to support
guided reading in the first three
years of school. The Oxford
Literacy fiction and non-fiction
guided reading texts recognise that
a guided reading group in a
e~real e(tm) classroom never
has every student on the same level;
therefore, the texts and supporting
teaching versions allow educators
to work with small groups of
students across a range of levels
within their stage of reading.
Because Oxford Literacy is a
guided reading program, a single
title has limited use in a classroom;
therefore, it is recommended that

educators use multiple copies of a
title in guided reading groups to
achieve maximum benefit from
Oxford Literacy. Each Oxford
Literacy text includes information
on the following: * Stage of the
reader * Text level * Word count *
Text type * Theme * Oxford
Wordlist high frequency words *
Key visual communicators *
Purpose of the visuals For more
