Bring content to life with the interactive whiteboard ready products for Prentice Hall Chemistry. Prentice Hall Chemistry meets the needs of students with a range of abilities, diversities, and learning styles by providing real-world connections to

chemical concepts and processes. The first nine chapters introduce students to the conceptual nature of chemistry before they encounter the more rigorous mathematical models and concepts in later chapters. The technology backbone of the program is the widely praised Interactive Textbook with ChemASAP!, which provides frequent opportunities to practice and reinforce key concepts with tutorials that bring chemistry to students through: Animations, Simulations, Assessment, and Problem-solving tutorials.

The most respected and accomplished authorship team in high school biology, Ken Miller and Joe Levine are real scientists and educators who have dedicated their lives to scientific literacy. Their experience, knowledge, and

insight guided them in creating this breakaway biology program -- one that continues to set the standard for clear, accessible writing. Brand-new content includes the latest scholarship on high-interest topics like stem cells, genetically modified foods, and antibiotics in animals.

Authors Kenneth Miller and Joseph Levine
continue to set the standard for clear,
accessible writing and up-to-date content
that engages student interest. Prentice
Hall Biology utilizes a student-friendly
approach that provides a powerful framework
for connecting the key concepts a biology.
Students explore concepts through engaging
narrative, frequent use of analogies,
familiar examples, and clear and
instructional graphics. Whether using the
text alone or in tandem with exceptional
ancillaries and technology, teachers can
meet the needs of every student at every
learning level.

Biology Pearson Prentice Hall

Contains information on earth, moon, sun,
solar system, stars, galaxies, and the
universe. Also includes inquiry activities
and interdisciplinary activities.
