African Americans have resisted oppression from the moment they were first enslaved and transported to the New World of America in the 1600s. During the 1950s and 1960s, this resistance led to a widespread movement for civil rights in the United States. Readers will find out how the movement began, what obstacles activists faced, what impact the movement had on the country, and much more.

Guided Reading is the classroom Reading Recovery with supplements. In the classroom every child is involved in focussed reading instruction, small groups necessitate exceptional organization, all this without the year-long training that Reading Recovery participants have. Over the years teachers have been directed towards Guided Reading without knowledge of how to organize the class while working with small groups and further, without the knowledge of what is involved in overt reading instruction. This book will change that and give teachers the resources to organize and put in place worthwhile and relevant activities for children to independently engage in. In this book, significant suggestions are forwarded to make Guided Reading easier to implement and more effective. This book challenges held views about Guided Reading - misconceptions and misapplications of Guided Reading will be highlighted and in place will be effective pedagogy to help children move towards being truly confident, thinking readers. The teaching practices emphasized are: * Managing differentiated reading instruction for early, developing, early fluent readers, including a chapter relating to older readers. * Class management while working with small groups - independent tasks. * Questioning and prompting so children acquire and use self-help reading and comprehension strategies. * Encouraging student talk where they explore and exchange ideas. * Assessment (and recording) that informs instruction.

Minnesota History was first published in 1960. Minnesota Archive Editions uses digital technology to make long-unavailable books once again accessible, and are published unaltered from the original University of Minnesota Press editions. Anyone interested in Minnesota history, whether as a teacher, as a student, or as a general reader, will find this an invaluable guide to reading and study. The book contains an outline of the state's history, questions and suggestions for the student, and lists of reading material for each of the 42 topical sections into which the outline is divided. The outline covers the entire history of the state from the time of the Indians, before the French and British explorations, to the present. The reading references include accounts written from the seventeenth through the twentieth centuries. The aim in preparing the reading lists was to include any article or book bearing upon the Minnesota story which met the qualifications of good historical writing and fair accessibility. Materials of particular interest or importance to the topic under consideration are so designated, and there are liberal annotations to help the reader in his choice of readings. References which are particularly appropriate for young readers are also specially designated. A number of maps are provided for additional guidance. This is a complete revision of a book long out of print, *Minnesota History: A Study Outline* by Theodore C. Blegen.

Everything—from the mundane (the pencil) to the catastrophic (the atom bomb)—has an origin, but often it's not what we expect. A few things you may not have known: • Gandhi was married at age thirteen! • Chinese fortune cookies are an American invention and were not eaten in China until the 1990s when they were advertised as "Genuine American Fortune Cookies." • Bayer lost the trademark for aspirin (which they had held since 1897) as part of the reparations Germany was forced to pay after World War I. • The original idea for the electric chair came from an American dentist. For aspiring mindblowers and wanna-be know-it-alls, *The Book of Origins* is a treasure trove of trivia and fascinating facts guaranteed to entertain and enlighten.
