World History: Connections to Today Teacher Created Materials

A masterful and comprehensive chronicle of World War II, by internationally bestselling historian Antony Beevor. Over the past two decades, Antony Beevor has established himself as one of the world's premier historians of WWII. His multi-award winning books have included Stalingrad and The Fall of Berlin 1945. Now, in his newest and most ambitious book, he turns his focus to one of the bloodiest and most tragic events of the twentieth century, the Second World War. In this searing narrative that takes us from Hitler's invasion of Poland on September 1st, 1939 to V-J day on August 14, 1945 and the war's aftermath, Beevor describes the conflict and its global reach -- one that included every major power. The result is a dramatic and breathtaking single-volume history that provides a remarkably intimate account of the war that, more than any other, still commands attention and an audience. Thrillingly written and brilliantly researched, Beevor's grand and provocative account is destined to become the definitive work on this complex, tragic, and endlessly fascinating period in world history, and confirms once more that he is a military historian of the first rank.

Truce McDougal Littell/Houghton Mifflin

A groundbreaking account of how Britain became the base of operations for the exiled leaders of Europe in their desperate struggle to reclaim their continent from Hitler, from the New York Times bestselling author of Citizens of London and Those Angry Days When the Nazi blitzkrieg rolled over continental Europe in the early days of World War II, the city of London became a refuge for the governments and armed forces of six occupied nations who escaped there to continue the fight. So, too, did General Charles de Gaulle, the self-appointed representative of free France. As the only European democracy still holding out against Hitler, Britain became known to occupied countries as "Last Hope Island." Getting there, one young emigré declared, was "like getting to heaven." In this epic, character-driven narrative, acclaimed historian Lynne Olson takes us back to those perilous days when the British and their European guests joined forces to combat the mightiest military force in history. Here we meet the courageous King Haakon of Norway, whose distinctive "H7" monogram became a symbol of his country's resistance to Nazi rule, and his fiery Dutch counterpart, Queen Wilhelmina, whose antifascist radio broadcasts rallied the spirits of her defeated people. Here, too, is the Earl of Suffolk, a swashbuckling British

aristocrat whose rescue of two nuclear physicists from France helped make the Manhattan Project possible. Last Hope Island also recounts some of the Europeans' heretofore unsung exploits that helped tilt the balance against the Axis: the crucial efforts of Polish pilots during the Battle of Britain; the vital role played by French and Polish code breakers in cracking the Germans' reputedly indecipherable Enigma code; and the flood of top-secret intelligence about German operations—gathered by spies throughout occupied Europe—that helped ensure the success of the 1944 Allied invasion. A fascinating companion to Citizens of London, Olson's bestselling chronicle of the Anglo-American alliance, Last Hope Island recalls with vivid humanity that brief moment in time when the peoples of Europe stood together in their effort to roll back the tide of conquest and restore order to a broken continent. Praise for Last Hope Island "In Last Hope Island [Lynne Olson] argues an arresting new thesis: that the people of occupied Europe and the expatriate leaders did far more for their own liberation than historians and the public alike recognize. . . . The scale of the organization she describes is breathtaking." —The New York Times Book Review "Last Hope Island is a book to be welcomed, both for the past it recovers and also, quite simply, for being such a pleasant tome to read." —The Washington Post "[A] pointed volume . . . [Olson] tells a great story and has a fine eye for character." —The Boston Globe

The Unwomanly Face of War Galaxy Press (CA)

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • The Economist • The Christian Science Monitor • Bloomberg Businessweek • The Globe and Mail From the bestselling and award-winning author of Paris 1919 comes a masterpiece of narrative nonfiction, a fascinating portrait of Europe from 1900 up to the outbreak of World War I. The century since the end of the Napoleonic wars had been the most peaceful era Europe had known since the fall of the Roman Empire. In the first years of the twentieth century, Europe believed it was marching to a golden, happy, and prosperous future. But instead, complex personalities and rivalries, colonialism and ethnic nationalisms, and shifting alliances helped to bring about the failure of the long peace and the outbreak of a war that transformed Europe and the world. The War That Ended Peace brings vividly to life the military leaders, politicians, diplomats, bankers, and the extended, interrelated family of crowned heads across Europe who failed to stop the descent into war: in Germany, the mercurial Kaiser Wilhelm II and the chief of the German general staff, Von Moltke the Younger; in Austria-Hungary, Emperor Franz Joseph, a man who tried, through sheer hard work, to stave off the coming chaos in his empire; in Russia, Tsar Nicholas II and his wife; in Britain, King Edward VII, Prime Minister Herbert Asquith, and British admiral Jacky Fisher, the fierce advocate of naval reform who entered into the arms race with Germany that pushed the continent toward confrontation on land and sea. There are the would-be peacemakers as well, among them prophets of the horrors of future wars whose warnings went unheeded: Alfred Nobel, who donated his fortune to the cause of international understanding, and Bertha von Suttner, a writer and activist who was the first woman awarded Nobel's new Peace Prize. Here too we meet the urbane and cosmopolitan Count Harry Kessler, who noticed many of the early signs that something was stirring in Europe;

the young Winston Churchill, then First Lord of the Admiralty and a rising figure in British politics; Madame Caillaux, who shot a man who might have been a force for peace; and more. With indelible portraits, MacMillan shows how the fateful decisions of a few powerful people changed the course of history. Taut, suspenseful, and impossible to put down, The War That Ended Peace is also a wise cautionary reminder of how wars happen in spite of the near-universal desire to keep the peace. Destined to become a classic in the tradition of Barbara Tuchman's The Guns of August, The War That Ended Peace enriches our understanding of one of the defining periods and events of the twentieth century. Praise for The War That Ended Peace "Magnificent . . . The War That Ended Peace will certainly rank among the best books of the centennial crop." —The Economist "Superb." —The New York Times Book Review "Masterly . . . marvelous . . . Those looking to understand why World War I happened will have a hard time finding a better place to start." —The Christian Science Monitor "The debate over the war's origins has raged for years. Ms. MacMillan's explanation goes straight to the heart of political fallibility. . . . Elegantly written, with wonderful character sketches of the key players, this is a book to be treasured." —The Wall Street Journal "A magisterial 600-page panorama." —Christopher Clark, London Review of Books

From bestselling author David Nasaw, a sweeping new history of the one million refugees left behind in Germany after WWII In May 1945, after German forces surrendered to the Allied powers, millions of concentration camp survivors, POWs, slave laborers, political prisoners, and Nazi collaborators were left behind in Germany, a nation in ruins. British and American soldiers attempted to repatriate the refugees, but more than a million displaced persons remained in Germany: Jews, Poles, Estonians, Latvians, Lithuanians, Ukrainians, and other Eastern Europeans who refused to go home or had no homes to return to. Most would eventually be resettled in lands suffering from postwar labor shortages, but no nation, including the United States, was willing to accept more than a handful of the 200,000 to 250,000 Jewish men, women, and children who remained trapped in Germany. When in June, 1948, the United States Congress passed legislation permitting the immigration of displaced persons, visas were granted to sizable numbers of war criminals and Nazi collaborators, but denied to 90% of the Jewish displaced persons. A masterwork from acclaimed historian David Nasaw, The Last Million tells the gripping but until now hidden story of postwar displacement and statelessness and of the Last Million, as they crossed from a broken past into an unknowable future, carrying with them their wounds, their fears, their hope, and their secrets. Here for the first time, Nasaw illuminates their incredible history and shows us how it is our history as well.

The End of War Penguin

I began this project for personal reasons: my uncle had made an enormous personal

sacrifice for his family and his country; yet, because of his silence, no one in my family ever fully knew what he endured. As the last living relative who knew him, I felt a responsibility to rescue his story from the shadows before it disappeared forever and to preserve it as a source of pride for my family and me. But a second reason for telling my uncle's story materialized as I assembled the details of his journey. I came to realize that while many GIs experienced extensive combat operations or the trials of being held in a POW camp, very few men survived the amount of combat my uncle experienced and six months in a POW camp. Frank's five-year wartime journey, which included three monumental amphibious invasions, six major battle campaigns, and six months in three different POW camps, was breathtaking in scope. The odds against his surviving all this, or being seriously wounded out of the war, are almost incalculable. Despite the unusual scope of Sergeant Shaw's tour of duty, his day-to-day adventures are quite typical of what tens of thousands of combat infantrymen experienced during WWII. To that extent, the character who emerges in this story is a composite or representative figure, an American Odysseus, whose mission of extraordinary historical significance, requires him to define himself through trial, suffering, courage, and perseverance before he returns home in triumph. But the similarity ends at the triumphant return. Earlier civilizations celebrated their returning warriors at ceremonial feasts. These men were expected to show their wounds and relate their adventures to their countrymen so bards might record them for posterity. Such rituals insured the warrior a rightful place in history, enshrined his virtues, and shed his reflected glory on his community. No such salutary ritual greeted a battered Frank Shaw when he returned from the war; no one saw his wounds or took his testimony. And his silence consigned his deeds to the shadows of time and dimming memory. But the ancient customs were correct — the hero's deeds are not his alone. They are his legacy to his family and his country, and they deserve to be honored not shrouded. Therefore, since Sergeant Frank Shaw, like so many of his World War II comrades in arms, would not, and did not, tell his story, I did. Book Review 1: "Col. Brian H. Cundiff, USA (Ret), editor, --Blue Spader Newsletter: "I have just finished reading Fellowship of Dust: Retracing the World War II Journey of Sergeant Frank Shaw The book was written by Bill Shaw, his nephew, with a foreword by General Paul Gorman, USA (Ret). Sergeant Shaw served in Company E of the 26th Infantry for five years and survived the horrors of Europe under austere conditions. This is a story that needs to be told and is a must-read for all Blue Spaders. They were truly the 'Greatest Generation'. " -- Blue Spader Newsletter Book Review 2: "As the foreword said, this is a story that deserved to be told. Much more than a biography of a courageous soldier in WW II, while focusing on the author's uncle Frank Shaw, this book vividly captures the horrors of war, the emotions surrounding the battles that young men in Frank Shaw's infantry regiment were forced into, their fears, day by day per the dangers they encountered, and the physical and emotional hardships and scars the war, the frontline and POW experiences left as a result. Having written the book after the subject's death, Bill Shaw must have done an incredible amount of research -- reading letters, e-mailing old friends, interviewing family, friends and colleagues, piecing in facts from numerous books, newspapers and magazines, etc. -- to produce such a

comprehensive, very readable story. This was obviously a labor of love and gratitude -- the author's dedication to a real hero. The writing is very even and compelling, with interesting, relevant details, helpful dialogue and scenes of real action and danger. I was very moved by this book." -- Writer's Digest

Winner of the National Book Critics Circle Award The real story behind the major motion picture The Monuments Men. The cast of characters includes Hitler and Goering, Gertrude Stein and Marc Chagall--not to mention works by artists from Leonardo da Vinci to Pablo Picasso. And the story told in this superbly researched and suspenseful book is that of the Third Reich's war on European culture and the

Allies' desperate effort to preserve it. From the Nazi purges of "Degenerate Art" and Goering's shopping sprees in occupied Paris to the perilous journey of the Mona Lisa from Paris and the painstaking reclamation of the priceless treasures of liberated Italy, *The Rape of Europa* is a sweeping narrative of greed, philistinism, and heroism that combines superlative scholarship with a compelling drama.
