ONE LOVE STORY. TWO MARRIAGES. THREE VERSIONS OF THE TRUTH. Too Good to Be True is an obsessive, addictive love story for fans of Lisa Jewell and The Wife Upstairs, from Carola Lovering, the beloved author of Tell Me Lies. Skye Starling is overjoyed when her boyfriend, Burke Michaels, proposes after a whirlwind courtship. Though Skye seems to have the world at her fingertips—she's smart, beautiful, and from a well-off family—she's also battled crippling OCD ever since her mother's death when she was eleven, and her romantic relationships have suffered as a result. But now Burke—handsome, older, and more emotionally mature than any man she's met before—says he wants

her. Forever. Except, Burke isn't who he claims to be. And interspersed letters to his therapist reveal the truth: he's happily married, and using Skye for his own, deceptive ends. In a third perspective, set thirty years earlier, a scrappy seventeen-year-old named Heather is determined to end things with Burke, a local bad boy, and make a better life for herself in New York City. But can her adolescent love stay firmly in her past—or will he find his way into her future? On a collision course she doesn't see coming, Skye throws herself into wedding planning, as Burke's scheme grows ever more twisted. But of course, even the best laid plans can go astray. And just when you think you know where this story is going, you'll discover that there's more than one way to spin the truth.

Dare to Lead St. Martin's Press

#1 New York Times Bestseller "THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In *Think Again*, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I've never felt so hopeful about what I don't know." —Brené Brown, Ph.D., #1 New York Times bestselling author of *Dare to Lead* The bestselling author of *Give and Take* and *Originals* examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our

sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of *Originals* and *Give and Take*, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. *Think Again* reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

Named a best book of the year by Entertainment Weekly, Time, and The Chicago Tribune, and named a notable book by The New York Times Book Review and The Washington Post "Remarkable . . . With this book [Wolitzer] has surpassed herself."—The New York Times Book Review "A victory . . . The Interestings secures Wolitzer's place among the best novelists of her generation. . . . She's every bit as literary as Franzen or Eugenides. But the very human moments in her work hit you harder than the big ideas. This isn't women's fiction. It's everyone's."—Entertainment Weekly (A) From Meg Wolitzer, the New York Times–bestselling author of *The Female Persuasion*, a novel that has been called "genius" (The Chicago Tribune), "wonderful" (Vanity Fair), "ambitious" (San Francisco Chronicle), and a "page-turner" (Cosmopolitan). The summer that Nixon resigns, six teenagers at a summer camp for the arts become inseparable. Decades later the bond remains powerful, but so much else has changed. In *The Interestings*, Wolitzer follows these characters from the height of youth through middle age, as their talents, fortunes, and degrees of satisfaction diverge. The kind of creativity that is rewarded at age fifteen is not always enough to propel someone through life at age thirty; not everyone can sustain, in adulthood, what seemed so special in adolescence. Jules Jacobson, an aspiring comic actress, eventually resigns herself to a more practical occupation and lifestyle. Her friend Jonah, a gifted musician, stops playing the guitar and becomes an engineer. But Ethan and Ash, Jules's now-married best friends, become shockingly successful—true to their initial artistic dreams, with the wealth and access that allow those dreams to keep expanding. The friendships endure and even prosper, but also underscore the differences in their fates, in what their talents have become and the shapes their lives have taken. Wide in scope, ambitious, and populated by complex characters who come together and apart in a changing New York City, *The Interestings* explores the meaning of talent; the nature of envy; the roles of class, art, money, and power; and how all of it can shift and tilt precipitously over the course of a friendship and a life.

The Turnout American Library Association

From the New Yorker "20 Under 40" author of *Atmospheric Disturbances* comes a brain-twisting adventure story of a girl named Fred on a quest through a world of fantastical creatures, strange logic, and a powerful prejudice against growing up. Fred and her math-teacher mom are always on the move, and Fred is getting sick of it. She's about to have yet another birthday in a new place without friends. On the eve of turning thirteen, Fred sees something strange in the living room: her mother, dressed for a party, standing in front of an enormous paper lantern—which she steps into and disappears. Fred follows her and finds herself in the Land of Impossibility—a loopily illogical place where time is outlawed, words carry dire consequences, and her unlikely allies are a depressed white elephant and a pugnacious mongoose mother of seventeen. With her new friends, Fred sets off in search of her mom, braving dungeons, Insult Fish, Fearsome Ferlings, and a mad Rat Queen. To succeed, the trio must find the solution to an ageless riddle. Gorgeously illustrated and reminiscent of *The Phantom Tollbooth* and *The Wonderful Wizard of Oz*, Rivka Galchen's *Rat Rule 79* is an instant classic for curious readers of all ages.

A Novel One World

Lady Catherine, the Earl, and the Real Downton Abbey tells the story behind Highclere Castle, the setting for Julian Fellowes's Emmy Award-winning PBS show *Downton Abbey*, and the life of one of its most famous inhabitants, Catherine Wendell. In this transporting companion piece to the New York Times bestseller *Lady Almina* and the *Real Downton Abbey*, Catherine, a beautiful and spirited American woman who married Lady Almina's son, the man who would become the 6th Earl of Carnarvon, presides over the grand estate during a tumultuous time for the British aristocracy. Following the First World War, many of the great houses of England faded as their owners' fortunes declined in the new political and social world of the 1920s and 1930s. As war loomed, Highclere's survival as the family home of the Carnarvons was again in the balance—as was peace between the nations of Europe. Using copious materials—including diaries and scrapbooks—from the castle's archives, the current Countess of Carnarvon brings alive a very modern story in a beautiful and fabled setting, paying particular attention to the staff who provide Highclere Castle with continuity between generations.

#1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • NATIONAL BOOK AWARD LONGLIST • "An instant American classic and almost certainly the keynote nonfiction book of the American century thus far."—Dwight Garner, The New York Times The Pulitzer Prize–winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. **NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • The Washington Post • Publishers Weekly AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • NPR • Bloomberg • Christian Science Monitor • New York Post • The New York Public Library • Fortune • Smithsonian Magazine • Marie Claire • Town & Country • Slate • Library Journal • Kirkus Reviews • LibraryReads • PopMatters Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist** "As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats

for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

NATIONAL BESTSELLER • Provocative and illuminating essays from women at the forefront of the climate movement who are harnessing truth, courage, and solutions to lead humanity forward. “A powerful read that fills one with, dare I say . . . hope?”—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SMITHSONIAN MAGAZINE There is a renaissance blooming in the climate movement: leadership that is more characteristically feminine and more faithfully feminist, rooted in compassion, connection, creativity, and collaboration. While it’s clear that women and girls

are vital voices and agents of change for this planet, they are too often missing from the proverbial table. More than a problem of bias, it’s a dynamic that sets us up for failure. To change everything, we need everyone. *All We Can Save* illuminates the expertise and insights of dozens of diverse women leading on climate in the United States—scientists, journalists, farmers, lawyers, teachers, activists, innovators, monks, and designers, across generations, geographies, and race—and aims to advance a more representative, nuanced, and solution-oriented public conversation on the climate crisis. These women offer a spectrum of ideas and insights for how we can rapidly, radically reshape society. Intermixing essays with poetry and art, this book is both a balm and a guide for knowing and holding what has been done to the world, while bolstering our resolve never to give up on one another or our collective future. We must summon truth, courage, and solutions to turn away from the brink and toward life-giving possibility. Curated by two climate leaders, the book is a collection and celebration of visionaries who are leading us on a path toward all we can save.
