finish their stalled dissertations, journal articles, book chapters, or grant proposals. Writing is hard work and can be difficult to wedge into a frenetic academic schedule. In this practical, light-hearted, and encouraging book, Paul Silvia explains that writing productively does not require innate skills or special traits but specific tactics and actions. Drawing examples from his own field of psychology, he shows readers how to overcome motivational roadblocks and become prolific without sacrificing evenings,

weekends, and vacations. After describing strategies for writing productively, the author gives detailed advice from the trenches on how to write, submit, revise, and resubmit articles, how to improve writing quality, and how to write and publish academic work. *The Chicago Manual of Style Reading Like a Writer* A Guide for People Who Love Books and for Those Who Want to Write Them Warns against common errors in structure, style, and diction, and explains the fundamentals of conducting interviews and writing travel, scientific, sports,

critical, and humorous
articles.

New York Times bestselling author Joshilyn Jackson A Most Anticipated by Goodreads * SheReads * E! News * Frolic Jessica Strawser's A Million Reasons Why is "a fascinating foray into the questions we are most afraid to ask" (Jodi Picoult, #1 New York Times bestselling author)--the story of two women who discover a bond between them that will change both their lives forever. When two strangers are linked by a mail-in DNA test, it ' s an answered prayer—that is, for one half sister. For the other, it will dismantle everything she knows to be true. But as they step into the unfamiliar realm of sisterhood, the roles will reverse in ways no one could have foreseen. Caroline lives a full,

happy life—thriving career, three feisty children, enviable marriage, and a close-knit extended family. She couldn't have scripted it better. Except for one thing: She's about to discover her fundamental beliefs about them all are wrong. Sela lives a life in shades of gray, suffering from irreversible kidney failure. Her marriage crumbled in the wake of her illness. Her beloved mother, always her closest friend, unexpectedly passed away. She refuses to be defined by her grief, but still, she worries what will happen to her two-year-old son if she doesn't find a donor match in time. She's the only one who knows Caroline is her half sister and may also

be her best hope for a future. But Sela's world isn't as clear-cut as it appears—and one misstep could destroy it all. "A thrilling story of what happens when a long-held family secret comes to light...[Strawser] shows that no one is ever truly a villain or a hero, but instead, we are all a beautiful and messy mix of both." - Associated Press review
