SKYLINE is a collection of images and words, the collaborative effort of photographer Laura Lopez and writer Evelyn Lauer, shared in visual mediums of love and loss via landscape photography in Chicago. The artists met via Instagram, inspired by each other's work, and when they connected face-to-face, instantly realized they shared a story riveted by the common themes of love and loss. They embarked on a creative journey to turn their experiences into collaborative art. In some cases, Laura took the photos and sent them to Evelyn to write poems. In other instances, Evelyn wrote the words and Laura sought out pictures to match. Sometimes they would show up to a scene together: Evelyn writing in her journal; Laura shooting with her Canon. While the project began two years ago with specific "yous" in mind, the yous shifted overtime, and sometimes the city of Chicago itself became the you, the great love story that holds all together. How do you live somewhere that reminds you of someone who no longer (or maybe never did) exists in your immediate life? How do you walk the streets, drive the roads, stare through the windows that hold not only memories but feelings, feelings you can't seem to shake, feelings that stir inside your bones? How does a place become more than what it once was? How do you learn to love the place despite the pain? Through the lens and via the pen, SKYLINE connects with viewers' hearts, exploring the emotions of attachment, remembrance, and unrequited love balanced with and juxtaposed against the architectural and urban landscape of Chicago.

Jessica Wellington flees her home to avoid marriage to a man she despises.

After disguising herself as a boy to join a wagon train, she's soon discovered and must choose whether to be left behind or marry the man who'd sworn to protect her. Nathan Hawke keeps his eye on the mysterious young boy who joins their wagon train, but when he discovers she is a woman and wants a marriage of convenience, he thinks there is nothing convenient about it. Now, he must figure out how to keep his new bride safe on a trail filled with dangers, while staking his claim on her heart.

This book consists of two titles, which are the following: Book 1: In this guide, you will learn about all the basics of artificial intelligence. You'll learn what it is, how it works, and where it came from (or, in other words, how it all started). Aside from that, we'll dive into some data analytics and examples of artificial intelligence. We'll cover several steps in the analytical process, and see what it takes for artificial intelligence to be effective. Last but not least, safety and privacy issues will be brought to light, since today's age is full of hacking, spying, and theft. Therefore, it is mandatory that these devices and systems are kept safe and secure. Book 2: Many people have unanswered questions about artificial intelligence. Today, the majority of those questions will likely be answered. Concerns will be addressed, and examples will be given. This book starts off with a question and answer section about artificial intelligence. It then proceeds to cover specific artificially intelligent applications, such as chatbots and robotics. These pages will show details of things that puzzle many people's minds. But you won't be left in the dark and will enjoy the full benefits of this knowledge.

International Perspectives on Inclusion within Society and Education explores how the theme of inclusion in education and society plays out across different nations and cultures. Covering topics like dual citizenship, political loyalty, and migration, it includes important discussions around poverty, educational disadvantage, youth radicalisation and inequality. With perspectives from a wide range of countries, including the USA, UK, Finland, Kosovo, Albania, Poland, Lithuania, Latvia, Hungary, the Czech Republic, Slovakia and India, this book explores how issues of inclusion are often decided by a majority for the majority, which can lead to included minorities feeling disadvantaged and paradoxically excluded. While setting up a strong case for inclusion in society and education, it considers factors such as poverty and mental health both nationally and internationally and evaluates the effectiveness of additional financial resources and educational support in creating an

inclusive world. This book will be of great interest for academics, researchers, and post graduate students in the fields of comparative education, inclusive education, sociology, political sciences and social work.

A HILARIOUS COMPILATION OF THE WORST JOB APPLICATIONS IMAGINABLE - A PERFECT STOCKING FILLER OR OFFICE SECRET SANTA GIFT THIS CHRISTMAS.

Ever read a truly terrible job application? Or perhaps slightly exaggerated the truth on one of your own...

We've all been there - but these are worse. So much worse. From overly-honest cover letters, embarrassing typos, and mortifying personal revelations, to awkward interview questions, misplaced self-confidence, and, of course, outright lies. This hilarious collection of shockingly dreadful job applications, crap CVs and excruciating interviews will have you laughing out loud, while

also making you feel so much better about yourself - because at least you weren't ever this bad . . . Application for Employment I refer to the recent death of the Technical Manager at your company and hereby apply for the replacement of the deceased manager. Each time I apply for a job, I get a reply that there is no vacancy but in this case I have caught you red-handed and you have no excuse because I even attended the funeral to be sure that he was truly dead and buried before applying. Attached to my letter is a copy of my CV and his death certificate. The Interview: Q. Is there anything about this job that you feel you might not be very good at? A. Dealing with people. Q. What person, living or dead, would you most like to meet? A. The living one.
