Habermas occupies a key position in the debates about modernity and postmodernity. His qualified defence of the Enlightenment, and his conception of modernity as an "unfinished project", represent one of the most compelling alternatives to the claims of postmodernism.
Habermas and the Unfinished Project of Modernity: Critical ...
And the reception of art is only one of at least three of its aspects. The career of every major thinker, especially those who have given us an expansive corpus of texts, invites the questions: What in their intellectual bequest will survive the test of time? The radical attempt to negate art has ended up ironically by giving due exactly to these categories through which Enlightenment ...
