Islam: A Very Short Introduction Simon and Schuster

A Textbook of Hadith Studies provides an academic introduction to the Hadith, or the teachings of the Prophet Muhammad, which are second only to the Qur'an (Koran) in their authoritativeness within Islamic tradition. Suitable for university courses and all serious students of Islam, the topics surveyed include Hadith methodology, Hadith literature, the history of Hadith compilation and documentation, and the methods of Hadith criticism (al-jarh wa al-ta'dil) and classification. Mohammad Hashim Kamali, born in Afghanistan in 1944, was a professor of Islamic Law and Jurisprudence at the International Islamic University in Malaysia, and dean of the International Institute of Islamic Thought and Civilization (ISTAC) from 1985–2007. He is currently chairman and CEO of the International Institute of Advanced Islamic Studies, Malaysia. He is also on the international advisory boards of eleven academic journals published in Malaysia, the United States, Canada, Kuwait, India, Australia, and Pakistan. Professor Kamali has addressed over 120 national and international conferences, and has published sixteen books and over 110 academic articles. His books include *The Principles of Islamic Jurisprudence*, *Freedom of Expression in Islam*, and *Islamic Commercial Law: An Analysis of Futures and Options*.

The Sacred Foundations of Justice in Islam Routledge

The Fear of Islam investigates the context of Western views of Islam and offers an introduction to the historical roots and contemporary anxiety regarding Islam within the Western world. Tracing the medieval legacy of religious polemics and violence, Green orients readers to the complex history and issues of Western relations to Islam, from early and late modern colonial enterprises and theories of "Orientalism," to the production of religious discourses of otherness and the clash of civilizations that proliferated in the era of 9/11 and the war on terror. In this second edition, Green brings the reader up to date, examining the Islamophobic rhetoric of the 2016 US presidential election and the ongoing success of populist and far right parties in Europe. Green provides updated data on the rise of anti-Muslim legislation--for example, the Muslim ban in the United States and a wave of full-face veil bans in Europe--as well as the rise in anti-Muslim hate crimes on both sides of the Atlantic since 2015. This important book is essential reading for anyone who wants to better understand current views of Islam and to work toward meaningful peace and understanding between religious communities.

The importance of the rule of law is universally recognised and of fundamental value for most societies. Establishing and promoting the rule of law in the Muslim world, particularly in the Middle East, North Africa, and Central Asia, has become a pressing but complicated issue. These states have Muslim majority populations, and the religion of Islam has an important role in the traditional structures of their societies. While the Muslim world is taking gradual steps towards the establishment of rule of law systems, most Muslim majority countries may not yet have effective legal systems with independent judiciaries, which would allow the state and institutions to be controlled by an effective rule of law system. One important aspect of the rule of law is freedom of expression. Given the sensitivity of Muslim societies in relation to their sacred beliefs, freedom of expression, as an international human rights issue, has raised some controversial cases. This book, drawing on both International and Islamic Law, explores the rule of law, and freedom of expression and its practical application in the Muslim world.

After the Qur'an itself, the hadith of the Prophet Muhammad form the most important foundation of Islamic thought. The hadith were accounts of the words and actions of the Prophet. As such, they were subjected to intense scrutiny by generations of Muslim scholars. Better known as the Muqaddima, Ibn al-Salah (1181-1245) composed this work while serving as the head of the Dar al-Hadith al-Ashrafiya in Damascus, one of the most prestigious institutions for the study of hadith in the Islamic world. The book provides a complete overview of the science devoted to the study of the words and actions of the Prophet Muhammad, and is also a guide to the terminology and techniques of the scholars of hadith as it summarizes most of the previous work on the subject and forms the basis of almost all later activity in the field.

Does Islam call for the oppression of women? Non-Muslims point to the subjugation of women that occurs in many Muslim countries, especially those that claim to be "Islamic," while many Muslims read the Qur'an in ways that seem to justify sexual oppression, inequality, and patriarchy. Taking a wholly different view, Asma Barlas develops a believer's reading of the Qur'an that demonstrates the radically egalitarian and antipatriarchal nature of its teachings.

Beginning with a historical analysis of religious authority and knowledge, Barlas shows how Muslims came to read inequality and patriarchy into the Qur'an to justify existing religious and social structures and demonstrates that the patriarchal meanings ascribed to the Qur'an are a function of who has read it, how, and in what contexts. She goes on to reread the Qur'an's position on a variety of issues in order to argue that its teachings do not support patriarchy. To the contrary, Barlas convincingly asserts that the Qur'an affirms the complete equality of the sexes, thereby offering an opportunity to theorize radical sexual equality from within the framework of its teachings. This new view takes readers into the heart of Islamic teachings on women, gender, and patriarchy, allowing them to understand Islam through its most sacred scripture, rather than through Muslim cultural practices or Western media stereotypes. For this revised edition of *Believing Women in Islam*, Asma Barlas has written two new chapters—"Abraham's Sacrifice in the Qur'an" and "Secular/Feminism and the Qur'an"—as well as a new preface, an extended discussion of the Qur'an's "wife-beating" verse and of men's presumed role as women's guardians, and other updates throughout the book.

It is not only the holy cities of Mecca and Karbala to which Muslim pilgrims travel, but a wide variety of sacred sites around the world. Journeys are undertaken to visit graves of important historical and religious individuals, the tombs of saints, and natural sites such as mountaintops and springs. Exploring the richness and diversity of traditions practiced by the 1.5 billion Muslims across the world, Sophia Rose Arjana provides a rigorous theoretical discussion of pilgrimage, ritual practice and the nature of sacred space in Islam, both historically and in the present day. This all-encompassing survey covers issues such as time, space, tourism, virtual pilgrimages and the use of computers and smartphone apps. Lucidly written, informative and accessible, it is perfectly suited to students, scholars and the general reader seeking a comprehensive picture of the defining ritual of religious pilgrimage in Islam.

Believing Women in Islam Holt Paperbacks

Contrary to popular opinion, the bulk of Islamic law does not come from the Quran but from hadith, first-hand reports of the Prophet Muhammad's words and deeds, passed from generation to generation. However, with varying accounts often only committed to paper a century after the death of Muhammad, Islamic scholars, past and present, have been faced with complex questions of historical authenticity. In this wide-ranging introduction, Jonathan A. C. Brown explores the collection and criticism of hadith, and the controversy surrounding its role in modern Islam. This edition, revised and updated with additional case studies and attention to the very latest scholarship, also features a new chapter on how hadiths have been used politically, both historically and in the Arab Spring and its aftermath. Informative and accessible, it is perfectly suited to students, scholars and general readers interested in this critical element of Islam.

Global Islam: A Very Short Introduction International Institute of Islamic Thought (IIIT)

What happens when authorities you venerate condone something you know is wrong? Every major religion and philosophy once condoned or approved of slavery, but in modern times nothing is seen as more evil. Americans confront this crisis of authority when they erect statues of Founding Fathers who slept with their slaves. And Muslims faced it when ISIS revived sex-slavery, justifying it with verses from the Quran and the practice of Muhammad. Exploring the moral and ultimately theological problem of slavery, Jonathan A.C. Brown traces how the Christian, Jewish and Islamic traditions have tried to reconcile modern moral certainties with the infallibility of God's message. He lays out how Islam viewed slavery in theory, and the reality of how it was practiced across Islamic civilization. Finally, Brown carefully examines arguments put forward by Muslims for the abolition of slavery.

The importance of a hadith and the Sunnah within the framework of Islam cannot be overemphasized; they are foundational aspects of our belief and practice. There are two primary sources of Islam: The Quran and Sunnah. Broadly speaking, the Quran provides us with general rules, principles, morals, values, ethics, and ideas while the Sunnah provides the details. In other words, the Sunnah of the Prophet is a detailed explanation of what is mentioned by Allah in the Quran. It is impossible to act upon the Quran, to follow its guidance, teachings, commands, and prohibitions without the Sunnah of the Prophet.

PULITZER PRIZE FINALIST • NATIONAL BOOK AWARD FINALIST • Hailed by The Washington Post as "mandatory reading," and praised by Fareed Zakaria as "intelligent, compassionate, and revealing," a powerful journey to help bridge one of the greatest divides shaping our world today. If the Oceans Were Ink is Carla Power's eye-opening story of how she and her longtime friend Sheikh Mohammad Akram Nadwi found a way to confront ugly stereotypes and persistent misperceptions that were cleaving their communities. Their friendship—between a secular American and a madrasa-trained sheikh—had always seemed unlikely, but now they were frustrated and bewildered by the battles being fought in their names. Both knew that a close look at the Quran would reveal a faith that preached peace and not mass murder; respect for women and not oppression. And so they embarked on a yearlong journey through the controversial text. A journalist who grew up in the Midwest and the Middle East, Power offers her unique vantage point on the Quran's most provocative verses as she debates with Akram at cafes, family gatherings, and packed lecture halls, conversations filled with both good humor and powerful insights. Their story takes them to madrasas in India and pilgrimage sites in Mecca, as they encounter politicians and jihadis, feminist activists and conservative scholars. Armed with a new understanding of each other's worldviews, Power and Akram offer eye-opening perspectives, destroy long-held myths, and reveal startling connections between worlds that have seemed hopelessly divided for far too long. Praise for *If the Oceans Were Ink* "A vibrant tale of a friendship.... If the Oceans Were Ink is a welcome and nuanced look at Islam [and] goes a long way toward combating the dehumanizing stereotypes of Muslims that are all too common.... If the Oceans Were Ink should be mandatory reading for the 52 percent of Americans who admit to not knowing enough about Muslims." —The Washington Post "For all those who wonder what Islam says about war and peace, men and women, Jews and gentiles, this is the book to read. It is a conversation among well-meaning friends—intelligent, compassionate, and revealing—the kind that needs to be taking place around the world." —Fareed Zakaria, author of *The Post-American World* "Carla Power's intimate portrait of the Quran, told with nuance and great elegance, captures the extraordinary, living debate over the Muslim holy book's very essence. A spirited, compelling read." —Azadeh Moaveni, author of *Lipstick Jihad* "Unique,

masterful, and deeply engaging. Carla Power takes the reader on an extraordinary journey in interfaith understanding as she debates and discovers the Quran's message, meaning, and values on peace and violence, gender and veiling, religious pluralism and tolerance. " —John L. Esposito, University Professor and Professor of Islamic Studies, Georgetown University, and author of *The Future of Islam* " A thoughtful, provocative, intelligent book. Egypt, 1925: the Muslim world is in turmoil over Mustapha Kamal Atatürk's proposal to abolish the caliphate in Turkey. The debate over Islam and politics re-ignites as traditional political systems dissolve under pressure from European powers and most Muslim countries lose their sovereignty. Into this debate enters Ali Abdel Razeq, a religious cleric trained at Al-Azhar University, arguing in favour of secularism in his essay 'Islam and the Foundations of Political Power', translated here and published in paperback for the first time. Scholarly features include A substantial introduction that places the essay in its context and explains its impact An appendix of Razeq's sources with full publication details Explanatory notes beside Razeq's original footnotes Additional notes about particular people, events or vocabulary that may be unfamiliar to modern readers

A world expert's introduction to the controversial subject of Islamic law Providing a comprehensive and accessible examination of Shari'ah Law, this well considered introduction examines the sources, characteristic features, and schools of thought of a system often stereotyped for its severity in the West. In a progressive and graduated fashion, Mohammad Hashim Kamali discusses topics ranging from juristic disagreement to independent reasoning. Also broaching more advanced topics such as the principle of legality and the role and place of Shari'ah-oriented policy, Kamali controversially questions whether Islam is as much of a law-based religion as it has often been made out to be. Complete with a bibliography and glossary, and both a general index and an index of Arabic quotations, this wide-ranging exploration will prove an indispensable resource for Islamic students and scholars, and an informative guide to a complex topic for the general reader.

An Introduction Bloomsbury Publishing

In *The Story of Reason in Islam*, leading public intellectual and political activist Sari Nusseibeh narrates a sweeping intellectual history—a quest for knowledge inspired by the Qu'ran and its language, a quest that employed Reason in the service of Faith. Eschewing the conventional separation of Faith and Reason, he takes a fresh look at why and how Islamic reasoning evolved over time. He surveys the different Islamic schools of thought and how they dealt with major philosophical issues, showing that Reason pervaded all disciplines, from philosophy and science to language, poetry, and law. Along the way, the best known Muslim philosophers are introduced in a new light. Countering received chronologies, in this story Reason reaches its zenith in the early seventeenth century; it then trails off, its demise as sudden as its appearance. Thereafter, Reason loses out to passive belief, lifeless logic, and a self-contained legalism—in other words, to a less flexible Islam. Nusseibeh's speculations as to why this occurred focus on the fortunes and misfortunes of classical Arabic in the Islamic world. Change, he suggests, may only come from the revivification of language itself.
