? Cynthia Lord, Half a Chance “It must take some courage to fly, to trust the wind to hold you as it lifts you away from all you've

ever known. To know inside that you're heading where you're meant to go—even if you've never been there before. And that 'I hope so' will be enough to get you there.”

Half a Chance by Cynthia Lord is one of the best books because it involves taking an adventure, having fun, and starting a new life in a new place. It reminds me of when I left elementary school and came to middle school, it was strange because I didn't know that many people but as the days went by, I had fun and became friends with lots of

people.
