The Standard Abbreviation (ISO4) of Handbook of Clinical Neurology is "Handb Clin Neurol". ISO 4 (Information and documentation – Rules for the abbreviation of title words and titles of publications)

is an international standard, defining a uniform system for the abbreviation of serial publication titles. One major use of ISO 4 is to abbreviate the names of scientific journals.

Handbook of Clinical Neurology | Peripheral Nerve

...

Targeted toward those in the fields of neurology, family medicine, otolaryngology, and

pediatrics, Neurologic Clinics offers a broad view of current practice, as well as the evidence to support it. Published quarterly — in February, May, August, and November — each issue focuses on a single topic neurology, including hearing loss, cholesteatoma, rhinology, anosmia, dysphagia, and pediatric-specific ENT.

Handbook of Clinical
Neurology - Impact Factor,
Overall ...

The Journal Impact 2019-2020 of Handbook of Clinical Neurology is still under calculation. The Journal Impact Quartile of Handbook of Clinical Neurology is Q4. The Journal Impact of an academic journal is a scientometric Metric that reflects the yearly average number of citations that recent articles published in a given journal received. It is frequently used as a Metric for the relative importance of a journal within its field; journals

with higher Journal Impact are often deemed to be more ...
