Hans Brinker is a classic children's story set in the Netherlands, following the titular character as he aspires to compete in ice skating races and help his family. At the start, we discover that our young hero is responsible for his entire family's welfare, after his father was injured in an accident. Rather than be downcast by his father's poor condition, Hans is emboldened and determined to turn the family's fortunes around by competing in ice skating races. The stakes become higher as a potential but expensive cure for Hans' stricken father is revealed by the family's doctor. Today, this tale of youthful gallantry remains well-known and celebrated in the Netherlands. Its accurate details of traditional Dutch life enthralled curious readers and introduced them to a country hitherto little-known in children's literature. Virtues held highly in the Dutch culture; of both cooperation and competition, are well expressed in the hero's character and - as the story progresses - his family members.

Hans Brinker, Or The Silver Skates

In Holland, poor but industrious and honorable 15 year-old Hans Brinker and his younger sister Gretel yearn to participate in December's great ice skating race on the canal. They have little chance of doing well on their handmade wooden skates, but the prospect of the race and the prize of the silver skates excites them and fires their dreams. Hans' father, Raff Brinker, suffered head trauma when he fell from a dike. It left him chronically ill, with episodes of amnesia and occasional violent outbursts, so he is unable to work. Mrs. Brinker, Hans, and Gretel must all work to support the family and are looked down upon in the community because they are poor. By chance, Hans meets the famous surgeon Dr.Boekman and begs him to treat their father, but the doctor's fees are expensive. What will Hans do now to help his father? Will he get to live his dream of skating on the ice?

For the Brinkers are desperately poor, friendless; with a father felled by a crippling head wound, Mother and the children must battle simply to survive. And while Hans and Gretel are strong, fast, disciplined, and loyal...on hand-crafted wooden skates, they can't complete against trained rich kids with fine steel blades... But sometimes...sometimes...good people are given a chance. Sometimes strangers do care. And sometimes a family's love and loyalty can struggle against even the cruelest twists of fate... A Story of Life in Holland

Excerpt from Hans Brinker: Or the Silver Skates, a Story of Life in Holland The story of Hans Brinker, or of any boy born and bred in Holland, cannot be fitly told without including something of the story of Holland itself, - of its history, its oddities, and the leading characteristics of its heroic and thrifty people. All these must be borne in mind, for some of the traits peculiar to his race are ingrained in every Hollander, young or old, and Holland is as different from Elsewhere as can be imagined. Therefore, necessary and careful descriptions of Dutch life and customs have been given in the narrative, and many of the incidents are drawn directly from life. Even the wonderful experiences of Raff Brinker are founded strictly upon fact. While acknowledging my obligations to many well-known writers on Dutch history, literature and art, I turn with especial gratitude to two kind friends, natives of Holland, who, after their marriage, had taken up their abode in this country. With generous zeal, they patiently answered questions, and took many a backward glance at their country for my sake, seeing it as it looked, years ago, when the humble home of the Brinkers crouched by the sheltering dike in sunlight and shadow. It was my tardy good fortune to visit Holland not long after this book was written, and see with my own eyes the land I had tried to picture for my readers. The Brinker cottage was empty, and many things in Holland had changed since the days when Hans and his little sister skated on the frozen "Y."
