Happenstance Simon and Schuster
Tells the story of Josh and Avery's relationship, alternating between their individual points of view. Josh : It is enough to break any man: watching what could have been my future slip away before it was ever in my grasp. The possibility of losing someone I loved, before she was even mine, is something I never would have imagined. Certainly nothing I'd ever wish on anyone. I go to her every day and wait. Wait for the impossible, for a sign, for her to look at me ... hoping sinners are granted miracles, too. Avery : Just one glimpse of him was all it took. In the next lane, at a stop light, was the man I would fall in love with and marry. People talk about the kind of love that takes time - love you fall in to. We were more like a crash and burn, and when our lives intertwined I would never be the same. He was the man I would cherish the rest of my life, who would father my children. In an instant our life together began, and in an instant it would end. The late nights; the excuses; the lies. And in the blink of an eye, it was like we never were.

Among Monsters: A Red Hill Novella
Createspace Independent Publishing Platform

by Mark Newgarden
Cartoonist Mark Newgarden debuted in the first issue of RAW magazine in 1980 and his work subsequently found its way into a variety of high and low profile media. He co-created the '80s pop culture fad Garbage Pail Kids, wrote and drew a weekly syndicated humor feature in the '90s, and created a "Web Premiere Toon" for The Cartoon Network called "B. Happy." Newgarden is currently developing an unconventional Christmas special for The Cartoon Network. Newgarden's comics are hilarious, alarming, and masterful uses of the medium, alternating between

old-time gags and avant-garde storytelling, often on the same page without missing a comedic beat. Those syndicated comics will make up the bulk of this book, the balance drawing on Newgarden's long form stories from various anthologies, including the much-lauded "Love's Savage Fury." This book is a full picture of the artist, his influences, and his many other careers. Newgarden remains a great link to the past while moving ever further into the future. We All Die Alone is an uproariously funny and fascinating book that will appeal to comics readers, pop culture buffs, and any appreciator of the graphic arts.
