America, Incorporated For Harley-Davidson aficionados, the very name Sportster conjures an image of a fire-breathing mechanical beast scorching the world's tarmac image the Sportster itself often does not live up to. Straight from the factory, in its standard form, the Sportster routinely

proves an entry-level motorcycle providing a relatively tame ride. This book aims to change all that and to show every Sportster rider how to free the beast in his or her bike. With expert, detailed advice on the proper mechanical massaging and plenty of helpful diagrams and photos this updated, third edition of Buzz Buzzelli's best-selling handbook shows how the Sportster can be transformed into the superbike of old. Including a history of the Sportster from its birth in 1957 to the recent introduction of a new engine (only the third in its long life), this book has everything it takes to open up the gates of hell and give the Sportster its head. Mothers possess the "maternal instinct"—an innate fierceness that drives them to nurture, safeguard, fight, and sacrifice for the most important things that matter to them. For some mothers, it ' s their children. For others, it ' s artistic expression, invention, social cause, or even a nation that they helped to birth. In Tough

Mothers, Jason Porath brings his wisdom and wit to bear on fifty fascinating matriarchs. In concise, deeply researched vignettes, accompanied by charming illustrations, Porath illuminates these fearsome women, explores their lives, and pays tribute to their accomplishments. Here are famous women as well as lesser known figures from around the globe who have left their indelible mark as they changed the course of history, including: The Mother Who Sued to Save Her Children from Slavery—Sojourner Truth The Mother of Rock n ' Roll—Sister Rosetta Tharpe The Mother of Holocaust Children—Irena Sendler The Mothers of The Dominican Republic—The Mirabal Sisters The Mother of Yemen ' s Golden Age—Arwa al-Sulayhi A celebration of motherhood and female achievement, Tough Mothers reminds us of the power of women to transform our lives and our world.
