A SWEET GIRL Nicola Hart
grew up under the heels of
her older brother and his
sexy best friend, Cash
Garrison. Years of ignoring
her spark with Cash has
transformed their
friendship into a slow
burning sizzle. One night
with him could ruin
everything. Or it could be
more than she ever
dreamed. They play. They
flirt. But they haven't
crossed the line because
too much is at stake.
Family. Friendship. And the
deepest kind of love that
she'd have to be crazy to
walk away from. HE CAN'T
STAY AWAY FROM She's
his best friend's little
sister. The definition of
hands off. Cash has tried to
ignore her for years. Those
innocent eyes and her smile
that screams kiss-me-if-
you-dare... Instead, he's

looked at every pretty little thing who's crossed his path, all to ignore the girl he seems destined to want. But when his hard partying ways get old and everyone at school is interested in Nicola, it's time to stake a claim. To make Nicola his girl, no matter the risks, and hold the hand of the one he really loves. Sweet Girl is the novel length prequel to bestselling Garrison's Creed. Before Cash and Nicola can fall in love forever, they have to suffer through their first love. on a cross-country road trip from hell with an intrusive save-the-day hero. She'd rather take her chances without the ruggedly handsome, cold-blooded operative who boasts an alpha complex and too many guns. Colby Winters, an elite member of The Titan Group, has a single objective on his black ops mission: recover a document important to national security. It was supposed to be an easy in-and-out operation. But now, by any means necessary becomes a survival mantra when he faces off with a stunning woman he can't leave behind. When Titan's safe houses are compromised, Colby stashes Mia at his home, exposing his secret--he's the adoptive father of an orphaned baby girl. Too soon, danger arrives and Mia lands in the hands of a sadistic cartel king with a taste for torture. As hours bleed into fear-drenched days, Colby races across the globe and through a firestorm of bullets to save the woman he can't live without. GARRISON'S CREED Nicola is an injured CIA agent on the run from a failed undercover operation. Her escape plan shatters when she slams into the man who buried her a decade ago. Cash Garrison. Her first and only love. Now, sexier than her best memory and cradling a snipe's rifle, he has questions she can't answer. Why was she alive? And armed? Cash is an elite member of a black ops organization, The Titan Group. He thought Nicola died his senior year of college and swore off love to focus on a decade of military missions. But when she shows up behind enemy lines, bleeding out and wielding a weapon, his heart and mind are unsure how to proceed. Titan and the CIA join forces to uncover a mole hidden in a network of international terrorists and homegrown mobsters, teaming Cash and Nicola again. When disaster strikes, Nicola's hidden past makes her the hunted target and Cash's best kill shot may not be enough to save them. WESTIN'S CHASE Jared Westin knows his reputation and likes it. He gets the job done. No emotion. No baggage. That's why his elite ops company, The Titan Group, is better than the best. They complete projects classified as mission impossible. And then, in walks a woman as tough as she is sexy. His counterpart in every way, should he choose to admit it. Ousted undercover ATF agent Lilly Chase only answers to "Sugar." Jared is the only man who can see past her leather-and-lipstick demeanor, and that revelation is terrifying. She was fired for helping Titan on a questionable arrest she should've ignored, then partnered with Jared's rival on an assignment in Afghanistan. Saving Sugar isn't a normal rescue operation. It pits Titan against its rival, Jared against his nemesis. Chasing Sugar's heart isn't a simple task, either. She fights him, fights them, always ready to run. Jared must risk his life to save her--the woman whose bravado and surprising sweetness has given him the one thing he never had. Love. GAMBLED Brock Gamble's epic fall from the Titan Group labeled him a traitor, then his wife walks out the door. Can the couple survive if the only chance of redemption is a fall further into a world of guns and kidnappings? CHASED Jenny Chase and Asher McIntyre: can two hearts on opposite career paths survive while Asher's enemy seeks to destroy them both? his personal hunt for

operation brings him
closer than he's ever

Madeleine Mercier is
the daughter of an

It's evil. To want to

Seven is an enigma. A

princess. The
daughter of a
notorious gangster.
The best friend of
the deputy mayor. A
coffee shop owner.
The single mom of two
young, adopted
children. She's
colorful, in every
way possible—from her
attitude to her

pink hair—and she's a
woman on a mission

with the power to help broker a clean break between a powerful motorcycle club and a South American drug cartel. But not all players are ready for the game to change, including the ones she can't see like the CIA. Jax Michaelson has a bad attitude and a good shot. The former Navy SEAL has been on Titan's problem list for running his mouth since the day he showed up for work, but he does a hell of a job, and they'd never let him go. Call him cocky, that's fine, because then you'd have to admit he's the best at anything and everything—except diplomacy. When Titan is forced into the seedy drug world filled with cartel glitz and Harley-riding MCs, Seven and her family become an unexpected bargaining chip right after she and Jax find a way to stand each other—in bed. Will friends become lovers? Or are they too far gone to be opposites that attract? Is Jax

nothing but a bad boy who leaves her hoping for a military hero when the burden of living as Mayhem royalty backfires and her children disappear.

In theory, this should lead to greater fairness: Everyone is judged according to the same rules. But as mathematician and data scientist Cathy O'Neil reveals, the mathematical models being used today are unregulated and uncontestable, even when they're wrong. Most troubling, they reinforce discrimination—propping up the lucky, punishing the downtrodden, and undermining our democracy in the process. Welcome to the dark side of Big Data.

Cash is alive. But who knows how bad he's hurt. There was an explosion, and he won't wake up. It's the phone call the any Titan wife dreads, and the one that brings Nicola Garrison to her knees in tears. Crying and praying for Cash to wake up, she has one secret to tell him and now it might be too late. "I'm pregnant. You're going to be a daddy." That is all it takes to let years of protecting her identity fall apart. Her time in witness protection, then at the CIA is called into question by someone who has the power to end her life—and the baby she's carrying. Don't Rise. Ada promised herself she would never go back to the Trace, to her hard life on the swamp and her harsh father. But now, after running away to Baton Rouge and briefly knowing a different kind of life, she finds herself with nowhere to go but back home. And she knows there will be a price to pay with her father. Matilda, daughter of a sharecropper, is from the other side of the Trace. Doing what she can to protect her family from the whims and demands of some particularly callous locals is an ongoing struggle. She forms a plan to go north, to pack up the secrets she's holding about her life in the South and hang them on the line for all to see in Ohio. As the two girls are drawn deeper into a dangerous world of

bootleggers and moral corruption, they must come to terms with the complexities of their tenuous bond and a hidden past that links them in ways that could cost them their lives.
