**The Concept of Law - Wikipedia**

Hart's Empirical Legal System in "The Concept of Law" Hart believed law is the union of primary rules (rules of conduct) and secondary rules (empowering rules). Primary Rules. Primary rules are rules, or laws, that govern general societal conduct. Thus, primary rules construct legal obligations and consequences when they are disobeyed. My aim in this book has been to further the understanding of law, coercion, and morality as different but related social phenomena.

---

Though it is primarily designed for the student of jurisprudence, I hope it may also be of use to those whose chief interests are in moral or political philosophy, or in sociology, rather than in law.

Professor H.L.A.

Hart • *The Concept of Law*

For Hart, law is a protean, multifarious system that both colloquially and operationally encompasses too many socio-political phenomena for one definition. Jurists can chase down the 'essence of law', but upon lassoing the concept within one's definition, the haul proves either incomplete or unfamiliar in conceptualizing it.
