MONEY CREATIVITY There are a few people who are truly successful and many others who work hard all of their lives attempting to be successful. As a result, the average person believes that success is hard to obtain and that those who do achieve it are either lucky or extremely

brilliant. Most people are so busy attempting to make ends meet that they never take the time to really study the highly successful people. Every person who has made such a study has arrived at the same shocking conclusion: success is merely a decision. You must decide what you want and then begin moving toward it. You decide where you are, and you begin with whatever you have. That ' s it. "The only limits in our life are those that we impose on ourselves." - BOB PROCTOR

"The Motivation Manifesto is a poetic and powerful call to reclaim our lives and find our own personal freedom. It ' s a triumphant work that transcends the title, lifting the reader from mere motivation into a soaringly purposeful and meaningful life. I love this book."
—Paulo Coelho The Motivation Manifesto is a pulsing, articulate, ferocious call to claim our personal power. World-renowned high performance trainer Brendon Burchard reveals that the main motive of humankind is the pursuit of greater Personal Freedom. We desire the grand liberties of choice—time freedom, emotional freedom, social freedom, financial freedom, spiritual freedom. Only two enemies stand in our way: an external enemy, defined as the social oppression of who we are by the mediocre masses, and an internal enemy, a sort of self-oppression caused by our own doubt and fear. The march to Personal Freedom, Burchard argues, can be won only by declaring our intent and independence, stepping into our personal power, and battling through self-doubt and the distractions of the day until full victory is won. Recalling the revolutionist voices of the past that chose freedom over tyranny, Burchard—at times poetic yet always fierce—motivates us to free ourselves from fear and take back our lives once and for all.

How to achieve wealth, happiness, and peace of mind through personal responsibility The Power of Consistency is based on the fundamental premise that private declarations dictate future actions. In other words, we tend to take actions with the thoughts and beliefs we consistently have, and the cumulative results of those actions eventually create the quality and circumstances of our lives and businesses. Therefore, transformative change in life and business is possible when we reconstruct our minds and take responsibility for its content. Lays out a simple process—the Personal Prosperity Plan—to create powerful results in your life and business Explains the power of focus and your subconscious mind Outlines a four step process: focus, emotional connection, action, responsibility The Power of Consistency teaches you how to create a Personal Prosperity Plan, get deeply emotionally committed to the plan, and take consistent action toward implementing the plan for improved sales and business performance.

Praise for *THE SCIENCE OF SUCCESS* "Evaluating the success of an individual or company is a lot like judging a trapper by his pelts. Charles Koch has a lot of pelts. He has built Koch Industries into the world's largest privately held company, and this book is an insider's guide to how he did it. Koch has studied how markets work for decades, and his commitment to pass that knowledge on will inspire entrepreneurs for generations to come." —T. Boone Pickens "A must-read for entrepreneurs and corporate executives that is also applicable to the wider world. MBM is an invaluable tool for engendering excellence for all groups, from families to nonprofit entities. Government leaders could avoid policy failures by heeding the science of human behavior." —Richard L. Sharp, Chairman, CarMax "My father, Sam Walton, stressed the importance of fundamental principles—such as humility, integrity, respect, and creating value—that are the foundation for success. No one makes a better case for these principles than Charles Koch." —Rob Walton, Chairman, Wal-Mart "What accounts for Koch Industries' spectacular success? Charles Koch calls it Market-Based Management: a vision that nurtures personal qualities of humility and integrity that build trust and

the confidence to enhance future success through learning from failure, and a culture of thinking in terms of opportunity cost and comparative advantage for all employees." —Vernon Smith, 2002 Nobel laureate in economics "In a very thoughtful, creative, and understandable way, Charles Koch explains how he has used the science of human behavior to create a culture that has produced one of the world's largest and most successful private companies. A must-read for anyone interested in creating value." —William B. Harrison Jr., Former Chairman and CEO, JPMorgan Chase & Co. "The same exacting thought, rooted in the realities of human nature, that the framers of the U.S. Constitution put into building a nation of entrepreneurs, Charles Koch has framed to build an enduring company of entrepreneurs—a company larger than Microsoft, Dell, HP, and other giants. Every entrepreneur should study this book." —Verne Harnish, founder, Young Entrepreneurs' Organization, author of Mastering the Rockefeller Habits, CEO, Gazelles Inc.
