A Seattle Times selection for one of Best
Non-Fiction Books of 2010 Winner of the
New England Historical Association's 2010
James P. Hanlan Award Winner of the
Outdoor Writers Association of America
2011 Excellence in Craft Award, Book
Division, First Place "A compelling and
well-annotated tale of greed, slaughter
and geopolitics." —Los Angeles Times As
Henry Hudson sailed up the broad river
that would one day bear his name, he
grew concerned that his Dutch patrons
would be disappointed in his failure to find
the fabled route to the Orient. What
became immediately apparent, however,
from the Indians clad in deer skins and
"good furs" was that Hudson had
discovered something just as tantalizing.
The news of Hudson's 1609 voyage to
America ignited a fierce competition to

lay claim to this uncharted continent,
teeming with untapped natural resources.
The result was the creation of an
American fur trade, which fostered
economic rivalries and fueled wars among
the European powers, and later between
the United States and Great Britain, as
North America became a battleground for
colonization and imperial aspirations. In
Fur, Fortune, and Empire, best-selling
author Eric Jay Dolin chronicles the rise
and fall of the fur trade of old, when the
rallying cry was "get the furs while they
last." Beavers, sea otters, and buffalos
were slaughtered, used for their precious
pelts that were tailored into extravagant
hats, coats, and sleigh blankets. To read
Fur, Fortune, and Empire then is to
understand how North America was
explored, exploited, and settled, while its
native Indians were alternately enriched

and exploited by the trade. As Dolin demonstrates, fur, both an economic elixir and an agent of destruction, became inextricably linked to many key events in American history, including the French and Indian War, the American Revolution, and the War of 1812, as well as to the relentless pull of Manifest Destiny and the opening of the West. This work provides an international cast beyond the scope of any Hollywood epic, including Thomas Morton, the rabble-rouser who infuriated the Pilgrims by trading guns with the Indians; British explorer Captain James Cook, whose discovery in the Pacific Northwest helped launch America's China trade; Thomas Jefferson who dreamed of expanding the fur trade beyond the Mississippi; America's first multimillionaire John Jacob Astor, who built a fortune on a foundation of fur; and

intrepid mountain men such as Kit Carson and Jedediah Smith, who sliced their way through an awe inspiring and unforgiving landscape, leaving behind a mythic legacy still resonates today. Concluding with the virtual extinction of the buffalo in the late 1800s, *Fur, Fortune, and Empire* is an epic history that brings to vivid life three hundred years of the American experience, conclusively demonstrating that the fur trade played a seminal role in creating the nation we are today.

The Rise and Fall of Ancient Egypt Abrams Weaving U.S. history into the larger fabric of world history, the contributors to *Crossing Empires* de-exceptionalize the American empire, placing it in a global transimperial context. They draw attention to the breadth of U.S. entanglements with other empires to illuminate the scope and nature of American global power as it reached from the Bering

Sea to Australia and East Africa to the Caribbean. With case studies ranging from the 1830s to the late twentieth century, the contributors address topics including diplomacy, governance, anticolonialism, labor, immigration, medicine, religion, and race. Their transimperial approach—whether exemplified in examinations of U.S. steel corporations partnering with British imperialists to build the Ugandan railway or the U.S. reliance on other empires in its governance of the Philippines—transcends histories of interimperial rivalries and conflicts. In so doing, the contributors illuminate the power dynamics of seemingly transnational histories and the imperial origins of contemporary globality. Contributors. Ikuko Asaka, Oliver Charbonneau, Genevieve Clutario, Anne L. Foster, Julian Go, Michel Gobat, Julie Greene, Kristin L. Hoganson, Margaret D. Jacobs, Moon-Ho Jung, Marc-William Palen, Nicole M.

Harvest Empire Zubaan
The year 2022 marks 2,500 years since Athens, the birthplace of democracy, fought off the mighty Persian Empire. This is the story of the three epic battles—Marathon, Thermopylae and Salamis—that saved democracy, forever altering the history of Europe and the West. In 2022 it will be 2,500 years since the final defeat of the invasion of Greece by Xerxes, the Persian king. This astonishing clash between East and West still has resonances in modern history—and has left us with tales of heroic resistance in the face of seemingly hopeless odds. The Harvest of War makes use of recent archaeological and geological discoveries in this thrilling and timely retelling of the story, originally told by Herodotus, the Father of History. In 499 BC, when the rich,

sophisticated Greek communities of Ionia on the western coast of modern Turkey rebel from their Persian overlord Darius I, Athens sends ships to help them. Darius crushes the Greeks in a huge sea battle near Miletus and then invades Greece. Standing alone against the powerful Persian army, the soldiers of Athens' newly democratic state—a system which they have invented—unexpectedly repel Darius's forces on the plains of Marathon. After their victory, the Athenians strike a rich vein of silver in their state-owned mining district, and decide to spend the windfall on building a fleet of state-of-the-art warships. Persia wants revenge. The next Persian king, Xerxes, assembles a vast multinational force, constructs a bridge of boats across the Hellespont, digs a canal through the Mount Athos peninsula, and bears down on Greece. Trusting in their "wooden walls," the Athenians station their ships at Artemisium, where they and the weather prevent the Persians landing forces in the rear of the land forces under the Spartan King Leonidas at the nearby pass of Thermopylae. Xerxes's assault is a disastrous failure, until a traitor shows him a mountain track that leads behind the Greeks. Leonidas dismisses the Greek troops, but remains in the pass with his 300 Spartan warriors where they are overwhelmed in an heroic last stand. Athens is sacked by the Persians. Democracy is hanging by a thread. But the Athenians convince the Greek allies to fight on in the narrow waters by the island of Salamis. Despite the heroism of the Persian female commander Artemisia, the Persian fleet is destroyed. The Harvest of War concludes by exploring the ideas that the decisive battles of Marathon, Thermopylae, and Salamis mark the beginnings of Western civilization itself—and that Greece became the bulwark of the

West—representing the values of peace, freedom, and democracy in a region historically ravaged by instability and war.

Unclaimed Harvest Penguin

Describes the impact of Latin American immigration to the United States throughout history and reveals the cultural, social, and political experiences and contributions of each Hispanic group.

Hoosiers and the American Story Rowman & Littlefield

A Short History of U.S. Interventions in Latin America and the Caribbean presents a concise account of the full sweep of U.S. military invasions and interventions in Central America, South America, and the Caribbean from 1800 up to the

present day. Engages in debates about the economic, military, political, and cultural motives that shaped U.S. interventions in Cuba, Nicaragua, Puerto Rico, Haiti, the Dominican Republic, Panama, Guatemala, Mexico, and elsewhere Deals with incidents that range from the taking of Florida to the Mexican War, the War of 1898, the Veracruz incident of 1914, the Bay of Pigs, and the 1989 invasion of Panama Features also the responses of Latin American countries to U.S. involvement Features unique coverage of 19th century interventions as well as 20th century incidents, and includes a series of helpful maps and illustrations

*"This superb anthology of short stories, comics, and poems is fresh, funny, and full of authentic YA voices revealing what it means to be Mexican American . . . Not to be missed."--SLC, starred review *"Superlative . .

. A memorable collection." --Booklist, starred review *"Voices reach out from the pages of this anthology . . . It will make a lasting impression on all readers." --SLJ, starred review
Twenty stand-alone short stories, essays, poems, and more from celebrated and award-winning authors make up this YA anthology that explores the Mexican American experience. With works by Francisco X. Stork, Guadalupe Garcia McCall, David Bowles, Rubén Degollado, e.E. Charlton-Trujillo, Diana López, Xavier Garza, Trinidad Gonzales, Alex Temblador, Aida Salazar, Guadalupe Ruiz-Flores, Sylvia Sánchez Garza, Dominic Carrillo, Angela Cervantes, Carolyn Dee Flores, René Saldaña Jr., Justine Narro, Daniel García Ordáz, and Anna Meriano. In this mixed-media collection of short stories, personal essays, poetry, and comics, this celebrated group of

authors share the borders they have crossed, the struggles they have pushed through, and the two cultures they continue to navigate as Mexican Americans. *Living Beyond Borders* is at once an eye-opening, heart-wrenching, and hopeful love letter from the Mexican American community to today's young readers. A powerful exploration of what it means to be Mexican American.

In a radically new account of the importance of early Africa in global history, Gomez traces how Islam's growth in West Africa, along with intensifying commerce that included slaves, resulted in a series of political experiments unique to the region, culminating in the rise of empire.

Harvest of Empire Course Technology

"If I find a Ukrainian who is worthy of sitting at

the same table with me, I must have him shot,” declared Nazi commissar Erich Koch. To the Nazi leaders, the Ukrainians were Untermenschen—subhumans. But the rich land was deemed prime territory for Lebensraum expansion. Once the Germans rid the country of Jews, Roma, and Bolsheviks, the Ukrainians would be used to harvest the land for the master race. Karel Berkhoff provides a searing portrait of life in the Third Reich’s largest colony. Under the Nazis, a blend of German nationalism, anti-Semitism, and racist notions about the Slavs produced a reign of terror and genocide. But it is impossible to understand fully Ukraine’s response to this assault without addressing the impact of decades of repressive Soviet rule. Berkhoff shows how a pervasive Soviet mentality worked against solidarity, which helps explain why the vast majority of the population did not resist the Germans. He also challenges standard views of wartime eastern Europe by treating in a more nuanced way issues of collaboration and local

anti-Semitism. Berkhoff offers a multifaceted discussion that includes the brutal nature of the Nazi administration; the genocide of the Jews and Roma; the deliberate starving of Kiev; mass deportations within and beyond Ukraine; the role of ethnic Germans; religion and national culture; partisans and the German response; and the desperate struggle to stay alive. *Harvest of Despair* is a gripping depiction of ordinary people trying to survive extraordinary events.

Crossing Empires Haymarket Books

Short stories about the deep past and those who lived through millennia of exploration, hardship, and uncertainty during the evolution of farming. Winner of the 2019 Nautilus Book Award, Multicultural and Indigenous “Swigart is to be congratulated for giving us a series of connected short stories that are both entertaining and educational. The book is accurately grounded in archaeological facts,

and its individual stories are thoroughly believable. Its particular format should be emulated by all those wishing to blend fact and fiction, not just as entertainment but as education, too.”—Journal of Eastern Mediterranean Archaeology and Heritage Studies In unforgettable stories of the human journey, a combination of compelling storytelling and well-researched archaeology underscore an excavation into the deep past of human development and its consequences. Through a first encounter between a Neanderthal woman and the Modern Human to the emergence and destruction of the world’s first cities, *Mixed Harvest* tells the tale of the Neolithic Revolution, also called the (First) Agricultural Revolution, the most significant event since modern humans emerged. Rob Swigart’s latest work humanizes the rapid

transition to agriculture and pastoralism with a grounding in the archaeological record. From the introduction: In the space of a few thousand years agriculture dominated the earth. We live with it all around us. History began, cities soared, the landscape was crisscrossed with roads.... Each story is prefaced by a short introduction and followed by some context in order to stitch the narrative together. Some stories are linked, but most are independent. The stories are gathered into three chapters: “Shelter,” “House,” and “Home.” These represent a progression in where we lived, a series of transformations in technology and consciousness.

Seeds of Empire Macmillan

"Laurent Dubois mines the history of French soccer for fascinating theories and riveting stories. His understanding of the

relationship between the game and politics is is a brilliant, beautifully written, and unique subtle, leading readers deep into important discussions about race and national identity. For those of us who admired the poetics of Les Bleus this is essential reading."—Franklin Foer, author of *How Soccer Explains the World* "Laurent Dubois is historian, fan and graceful writer all in one. In soccer, he has found an innovative way to explore France and its empire. A serious book and an excellent read."—Simon Kuper, author of *Soccernomics* "Beautifully lyrical and authoritative. We meet a host of players, colonized and colonizer, following them from their original playing fields—a vast lawn, a concrete lot—to their triumphs in national and international play." —Alice Kaplan, author of *The Interpreter* "This book

history of French colonialism and post-coloniality through the lens of football/soccer. Dubois weaves an eminently readable and engaging narrative that tracks tensions around race and national identity through the biographies of key football players and officials who became iconic of the aspirations of peripheral subjects of the French empire. More than a simple history of French football, the book amounts to a description of France's imperial project and an incisive reflection on the race question in contemporary France. It will please both fans of the 'beautiful game' and those inclined to dismiss sports as but the opium of the masses."—Paul Silverstein, author of *Algeria in France: Transpolitics, Race and*

Nation

The King's Harvest Routledge

Most leaders of the U.S. expansion in the years before the Civil War were southern slaveholders. As Matthew Karp shows, they were nationalists, not separatists. When Lincoln's election broke their grip on foreign policy, these elites formed their own Confederacy not merely to preserve their property but to shape the future of the Atlantic world.

The Line Between Us Oxford University Press

A sweeping history of the Latino experience in the United States- thoroughly revised and updated. The first new edition in ten years of this important study of Latinos in U.S. history, *Harvest of Empire* spans five centuries-from the first New World colonies to the first decade of the new millennium.

Latinos are now the largest minority group in the United States, and their impact on American popular culture-from food to entertainment to literature-is greater than ever. Featuring family portraits of real- life immigrant Latino pioneers, as well as accounts of the events and conditions that compelled them to leave their homelands, *Harvest of Empire* is required reading for anyone wishing to understand the history and legacy of this increasingly influential group.

Pancho Rabbit and the Coyote Simon and Schuster

This is a wide-ranging environmental history of late-19th and 20th century European imperialism, relating the expansion of modern empire, global trade, and mass consumption to the momentous ecological shifts they entailed and providing a historical background to the social, political, and

environmental issues of the twenty-first century

Harvest of Rubies Prentice Hall

A multidisciplinary environmental history of early China's political systems, featuring newly available Chinese archaeological data This book is a multidisciplinary study of the ecology of China's early political systems up to the fall of the first empire in 207 BCE. Brian Lander traces the formation of lowland North China's agricultural systems and the transformation of its plains from diverse forestland and steppes to farmland. He argues that the growth of states in ancient China, and elsewhere, was based on their ability to exploit the labor and resources of those who harnessed photosynthetic energy from domesticated plants and animals. Focusing on the state of Qin, Lander amalgamates abundant new scientific, archaeological, and excavated documentary sources to argue that the human domination of the central Yellow River region, and the rest of the planet, was made possible by the development of complex

political structures that managed and expanded agroecosystems.

This Vast Southern Empire Harvard University Press

“A rich and moving chronicle for our very present.” —Julio Ortega, New York Times Book Review The United States is still typically conceived of as an offshoot of England, with our history unfolding east to west beginning with the first English settlers in Jamestown. This view overlooks the significance of America’s Hispanic past. With the profile of the United States increasingly Hispanic, the importance of recovering the Hispanic dimension to our national story has never been greater. This absorbing narrative begins with the explorers and conquistadores who planted Spain’s first colonies in Puerto Rico, Florida, and the Southwest. Missionaries and rancheros carry Spain’s expansive impulse into the late eighteenth century, settling California, mapping the American interior to the Rockies, and charting the Pacific

coast. During the nineteenth century Anglo-America expands west under the banner of “Manifest Destiny” and consolidates control through war with Mexico. In the Hispanic resurgence that follows, it is the peoples of Latin America who overspread the continent, from the Hispanic heartland in the West to major cities such as Chicago, Miami, New York, and Boston. The United States clearly has a Hispanic present and future. And here is its Hispanic past, presented with characteristic insight and wit by one of our greatest historians.

NEW YORK TIMES BESTSELLER •

“Magisterial . . . [A] rich portrait of ancient Egypt’s complex evolution over the course of three millennia.”—Los Angeles Times

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post •

Publishers Weekly In this landmark volume,

one of the world’s most renowned Egyptologists tells the epic story of this great civilization, from its birth as the first nation-state to its absorption into the Roman Empire. Drawing upon forty years of archaeological research, award-winning scholar Toby Wilkinson takes us inside a tribal society with a pre-monetary economy and decadent, divine kings who ruled with all-too-recognizable human emotions. Here are the legendary leaders: Akhenaten, the “heretic king,” who with his wife Nefertiti brought about a revolution with a bold new religion; Tutankhamun, whose dazzling tomb would remain hidden for three millennia; and eleven pharaohs called Ramesses, the last of whom presided over the militarism, lawlessness, and corruption that caused a political and societal decline. Filled with new information and unique interpretations, The

Rise and Fall of Ancient Egypt is a riveting and revelatory work of wild drama, bold spectacle, unforgettable characters, and sweeping history. “With a literary flair and a sense for a story well told, Mr. Wilkinson offers a highly readable, factually up-to-date account.”—The Wall Street Journal “[Wilkinson] writes with considerable verve. . . . [He] is nimble at conveying the sumptuous pageantry and cultural sophistication of pharaonic Egypt.”—The New York Times

Fur, Fortune, and Empire: The Epic History of the Fur Trade in America Univ of California Press

Discover the story of the Haitian Revolution—the largest uprising of enslaved people in history—in this installment of the New York Times bestselling graphic novel series

Why would Napoleon Bonaparte sell the Louisiana Territory to the recently formed United States of America? It all comes back to the island nation of Haiti, which Napoleon had planned to use as a base for trade with North America. While Napoleon climbed the ranks of the French army and government, enslaved people were organizing in Haiti under the leadership of François Mackandal, Dutty Boukman, Jean-Jacques Dessalines, and Touissant L’Ouverture, who in 1791 led the largest uprising of enslaved people in history—the Haitian Revolution. Nathan Hale’s Hazardous Tales are graphic novels that tell the thrilling, shocking, gruesome, and TRUE stories of American history. Read them all—if you dare!

Blades of Freedom (Nathan Hale's Hazardous Tales #10) Penguin

Colonial Migrants at the Heart of Empire is the first in-depth look at the experiences of Puerto Rican migrant workers in continental

U.S. agriculture in the twentieth century. The “foreign others,” and their experiences were further shaped by evolving immigration policies. Despite these challenges, many Puerto Rican farmworkers ultimately chose to settle in rural U.S. communities, contributing to the production of food and the Latinization of the U.S. farm labor force.

Ismael García-Colón investigates the origins and development of this program and uncovers the unique challenges faced by its participants. A labor history and an ethnography, *Colonial Migrants* evokes the violence, fieldwork, food, lodging, surveillance, and coercion that these workers experienced on farms and conveys their hopes and struggles to overcome poverty. Island farmworkers encountered a unique form of prejudice and racism arising from their dual status as both U.S. citizens and as

Our America: A Hispanic History of the United States Abrams

A hidden message, treachery, opposition, and a God-given success will lead to an unlikely bounty. In *Harvest of Gold* (Book 2), the scribe Sarah married Darius, and at times she feels as if she has married the Persian aristocracy, too. There is another point she did not count on in her marriage—Sarah has grown to love her husband. Sarah has wealth, property, honor, and power, but her husband’s love still seems unattainable. Although his mother was an Israelite, Darius remains skeptical that his Jewish wife is the right

choice for him, particularly when she conspires with her cousin Nehemiah to rebuild the walls of Jerusalem. Ordered to assist in the effort, the couple begins a journey to the homeland of his mother's people. Will the road filled with danger, conflict, and surprising memories, help Darius to see the hand of God at work in his life—and even in his marriage?

Harvest of Empire Moody Publishers
Fearless necessary reporting . . . Klein exposes the 'battle of utopias' that is currently unfolding in storm-ravaged Puerto Rico" (Junot Díaz, author of *The Brief Wondrous Life of Oscar Wao*) "We are in a fight for our lives. Hurricanes Irma and María unmasked the colonialism we face in Puerto Rico, and the inequality it fosters, creating a fierce humanitarian crisis. Now we must find a path forward to equality and sustainability, a path driven by communities, not investors. And this book explains, with careful and unbiased reporting, only the efforts of our community activists can answer the paramount question: What type of society do we want to become and who is Puerto Rico for?" —Carmen Yulín Cruz, Mayor of San Juan, Puerto Rico In the rubble of Hurricane Maria, Puerto Ricans and ultrarich "Puertopians" are locked in a pitched struggle over how to remake the island. In this vital and startling investigation, bestselling author and activist Naomi Klein uncovers how the forces of shock politics and disaster capitalism seek to undermine the nation's radical, resilient vision for a "just recovery." All royalties from the sale of this book in English and Spanish go directly to JunteGente, a gathering of Puerto Rican organizations resisting disaster capitalism and advancing a fair and healthy recovery for their island. "Klein chronicles the extraordinary

grassroots resistance by the Puerto Rican people against neoliberal privatization and Wall Street greed in the aftermath of the island's financial meltdown, of hurricane devastation, and of Washington's imposition of an outside control board over the most important U.S. colony.”
—Juan González, cohost of Democracy Now!
and author of *Harvest of Empire: A History of Latinos in America*
