Gracie Lindsay's return to Levenford arouses mixed feelings: to her uncle Daniel she is the daughter he never had; to David Murray she is the woman he still loves though he is now engaged to another; and to the townspeople she is the girl who seven years earlier left Levenford pregnant and in disgrace. Now at 25 Gracie is more lovely than ever and just as careless of propriety as before . . . This is the poignant and moving story of Gracie's struggle to win self-respect and the regard of the town. In the magnificent narrative tradition of The Citadel, The Stars Look Down and Cronin's other classic novels, Gracie Lindsay is a great book by a much-loved author.

An influential part in laying the foundation of the NHS, The Citadel is a moving story of tragedy, triumph and redemption. When newly qualified doctor Andrew Manson takes up his first post in a Welsh mining community, the young Scot brings with him a bagful of idealism and enthusiasm. Both are soon strained to the limit as Andrew discovers the reality of performing operations on a kitchen table and washing in a scullery, of unspeakable sanitation, of common infantile cholera and enteritis. There are no X-rays, no ambulances - nothing to combat the disease and poverty. It isn't long before Andrew's outspokenness and determination make him enemies - as well as winning him friends, and the love of an idealistic schoolteacher. Riches that he risks losing when the fashionable, greedy world of London medicine claims him, with its private clinics, wealthy, spoilt patients and huge rewards. A classic saga by A J Cronin, one of the great masters of the genre, author of The Stars Look Down and Hatter's Castle.

No wonder the Scotch countryside was interested in the schoolmaster's pretty, new assistant. Twenty years before, her mother had left the place under a cloud. Is it true, the old saying, "Like father, like son"? Then must it also be true, they asked, Like mother, like daughter? Originally published as a complete novella in *Cosmopolitan* magazine (November 1933), *WOMAN OF THE EARTH* is A. J. Cronin's poignant story of Davie, a lame-footed schoolmaster; Jess, his vibrant young assistant, whose unwed mother fled in disgrace from their very town a generation earlier; farmer Rob, his hale and hearty brother; and Ailie, Rob's wife and a "woman of the earth."

A.J. Cronin, author of some of the best-loved novels of the mid-twentieth century and the creator of Dr Finlay, has been unjustly overlooked by literary biographers. In this, the first full-length life of this eminent and unjustly neglected writer, Alan Davies recounts the story of Cronin's Scottish childhood as the son of a Protestant mother and Catholic father, his subsequent medical career and his rise to literary prominence, emphasizing throughout the importance of holding at arm's length many of the apocryphal tales that have accumulated around the memory of the author of Hatter's Castle, The Citadel and The Stars Look Down, many of which are based on mistaken autobiographical readings of Cronin's fiction itself. Incorporating an account of Cronin's tempestuous relationship with his publisher, Victor Gollancz, and new revelations about the author's private life, Davies's book paints a clearer portrait of both Cronin the writer and Cronin the man.

"When her father forced her to leave school, and cut off all her contact with the past and future, Mary Brodie's whole life became the narrow compass of her family's cold, comfortless house in a small Scottish town. Her mean and ambitious father tyrannized over his timid, obliging wife, his cowed, overworked younger daughter and his spineless son. Four people were held in Brodie's merciless grip until, like a breath of the outside world Brodie so much despised, came the young Irishman in whom Mary found a forbidden freedom, and who brought to her mother and sister much needed release . . ."--P. 4 of cover.

The Green Years Boxtree

The Stars Look Down was A.J. Cronin's fourth novel, published in 1935, and this tale of a North country mining family was a great favourite with his readers. Robert Fenwick is a miner, and so are his three sons. His wife is proud that all her four men go down the mines. But David, the youngest, is determined that somehow he will educate himself and work to ameliorate the lives of his comrades who ruin their health to dig the nation's coal. It is, perhaps, a typical tale of the era in which it was written – there were many novels about coal mining, but Cronin, a doctor turned author, had a gift for storytelling, and in his time wrote several very popular and successful novels In the magnificent narrative tradition of The Citadel, Hatter ' s Castle and Cronin ' s other novels, The Stars Look Down is deservedly remembered as a classic of its age.
