Ant Anstead's Building a Special brings the Haynes story full circle, coming 61 years after the original Building a 750 Special was written by John Haynes, Haynes Publishing's founder, when he was still a

schoolboy. This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering,

brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal. *General Motors Buick Regal, Chevrolet Lumina, Olds Cutlass Supreme, Pontiac Grand Prix, 1988-2007* Indy Tech Publishing Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Although it has been many years since the Triumph Spitfire was produced, the remaining number of functional examples that exist around the world is a testament to its ageless design and solid build quality. The Triumph Spitfire Restoration Manual is for anyone who has a keen interest in owning a Triumph Spitfire but has limited

mechanical experience. It will steer any budding restorer through the many challenges encountered when maintaining and/or restoring such a classic and demonstrates the basic principles and simple techniques that would normally be learned by working alongside an experienced mechanic. Including helpful project tips and notes, which pass on a multitude of trade secrets.

The enthusiasm for adult 'colouring-in' has resulted in numerous titles being published over recent months, covering subjects such as flowers, animals and decorative patterns,

with links to mindfulness and art therapies. The one area that hasn't been targeted is the more structured and mechanical approach, which would appeal to the male market. The Haynes classic cutaways fit the bill perfectly, and the variety of cars included in the owners' colouring manual have wide appeal across all ages. Cutaway Colouring contains over 180 cutaways, along with a brief history about the classic Haynes Manual.
