Building a Special with Ant Anstead Master Mechanic Haynes Manuals

Designed to suit new regulations, after ground-effect cars were banned at the end of 1982, the BT52 was very distinctive, with short, angular sidepods and a dart-shaped profile. During the 1983 season, the innovative Brabham team, with now F1 supremo Bernie Ecclestone at the helm, introduced the first high-pressure fuel rig seen in F1, to speed up refuelling stops, and used 'ovens' to pre-heat tyres prior to pitstops. This manual provides a

fascinating insight into the design, evolution, operation and maintenance of the Brabham BT52.

This new edition of the Manual is comprehensively updated to include the 2011, 2012 and 2013 World Championship winning Red Bull cars (the original book covers the 2010 RB6). In particular, the 'Anatomy' chapter, which includes details of developments introduced since the original book was published in June 2011, including KERS, DRS, developments due to rule changes concerning 'blown' diffusers, and the switch from Bridgestone to Pirelli tyres, as well as the change to 1.6-litre V6 turbocharged engines and the hybrid ERS (Energy Recovery System) introduced for the 2014 season.

Road & Track Voyage Press

This title is a DIY workshop manual for Renault 4 owners. The book features maintenance and repair procedures for Renault 4 vehicles.

Popular Science Haynes Publishing UK

The Lotus 98T was the 1986-season, JPS-liveried F1 car driven by Ayrton Senna and team-mate Johnny Dumfries. Senna took eight podium positions, including two wins in the car, taking the fight to the superior McLarens and Williams. The 98T was one of the ultimate incarnations of an F1 car, powered by a Renault V6 turbo engine, which is conservatively estimated to have produced up to 1,300bhp at full boost. Senna was mighty to behold at the wheel of the 98T - he took pole position at eight of the season's 16 races, with victories in Spain and Detroit, famously crossing the line alongside Nigel Mansell in Spain, to win by 0.014s. This Manual, extensively illustrated with both period photographs and technical illustrations and photographs of a recently restored car, provides a fascinating insight into the design, evolution, operation, maintenance and restoration of the Lotus 98T.

Vauxhall/Opel Meriva Bentley Publishers

Conceived by Colin Chapman, the Lotus 72 is one of the most successful Formula 1 cars ever made. This innovative car — with its wedge-shaped profile, side-mounted radiators and inboard front brakes — was driven during 1970 by Jochen Rindt, Formula 1 ' s posthumous World Champion, and also gave Emerson Fittipaldi the World Champion's crown in 1972. Here, in this new Haynes Manual, is a unique perspective on what it takes to restore, maintain and race a Lotus 72, as well as an insight into the design and engineering of this legendary racing car.
