Ant Anstead's Building a Special brings  
the Haynes story full circle, coming 61  
years after the original Building a 750  
Special was written by John Haynes,  
Haynes Publishing's founder, when he  
was still a schoolboy. This book is a TV tie-  
in, following the 12-part TV series Ant  
Anstead Master Mechanic, aired on Motor  
Trend, part of the Discover Network in the  
US and UK, following Ant Anstead's build  
of his own-design 'special' car, taking  
inspiration from the Alfa 158 - the first  
World Championship-winning F1 car,  
which raced from the 1930s until the  
1950s. The 12-part TV series followed  
Ant's build of the car, from the first design  
ideas, through the construction,  
culminating in the debut of the car during  
the 2019 US Grand Prix weekend in  
Austin, Texas. The book follows Ant's  
personal build of the car, from the  
selection of the donor MG TD for the  
chassis, and Alfa Romeo Spider for the  
engine and gearbox, through modifying  
the chassis, building the suspension,  
steering, brakes, bodywork and interior,

and putting all the components together to  
produce a finished one-off 'special.'  
Content includes: Introduction The history  
of specials Planning Donor car Chassis,  
suspension, steering, rear axle Engine, fuel  
system, cooling system, ancillaries,  
exhaust Gearbox Bodywork Braking  
system Cockpit Wiring Preparation and  
painting Testing Setting up and Making  
road legal.
