In the U.S., the response to an incident is regulated under many statutes and many government agencies. It is important for responders to at least understand the basis of these regulations because they dictate everything, from how they manage a spill to the disposal of the spilled material. These regulations stipulate who should be notified and when it is not necessary, as well as what resources or assistance are available to local and state entities if the

containment of a spill is beyond their capabilities.

Emergency Medical Services National Aquarium in Baltimore The Wildland Fire Incident Management Field Guide is a revision of what used to be called the Fireline Handbook, PMS 410-1. This guide has been renamed because, over time, the original purpose of the Fireline Handbook had been replaced by the Incident Response Pocket Guide, PMS 461. As a result, this new guide is aimed at a different audience, and it was felt a new name was in

order.

combustible, and chemically unstable materials. Although there are numerous procedures set forth by regulatory agencies like the Occupational Safety and Health Administration (OSHA), the Environmental Protection Agency (EPA), and the National Institute for Occupational Safety and Health (NIOSH) for effectively and safely dealing with such environmental hazards, up until now there has been no single resource for training in this

area. Based on the author's twenty-plus years of field experience, *Hazardous Waste Operations and Emergency Response Manual* is a comprehensive text that covers the complete curriculum requirements set forth by OSHA and HazWOPER. Highly accessible and broad in focus, the book is equally useful as a technical resource for training, a hands-on reference for field operations, and a textbook for environmental courses

in a variety of areas. Coverage includes: Methods recommended by professional societies and regulatory agencies including the National Fire Protection Association, OSHA, EPA, and NIOSH Practical examples and assignments in each chapter to supplement the text and enhance usefulness to students.
