Head First Design Patterns : A Brain-Friendly Guide: Eric ...

Head First Design Patterns is the only book that you need to learn about the various Design Patterns in the most simplest and the quickest way possibl. The examples are very detailed, informative and most importantly they teach as when, where and how to apply a particular design pattern and why no other way is possible. Loved the book very much.

Head First Design Patterns [Book] - O'Reilly Media

The best way to use patterns is to load your brain with them and then recognize places in your designs and existing applications where you can apply them. Instead of code reuse, with patterns you get experience reuse. It started with a simple SimUDuck app Joe works for a company that makes a highly successful duck pond simulation game, SimUDuck.

Head First Design Patterns - 1x1px.me

Head First Design Patterns is a great way to get a good overview (and some meat) about design patterns. This will interest programmers and computer scientists the most, but as you learn near the end of the book, design pattern were first created by an architect!
