If you've read a Head First book, you know what to expect--a visually rich format designed for the way your brain works. Using the latest research in neurobiology, cognitive science, and learning theory, Head First Design Patterns will load patterns into your brain in a way that sticks. In a way that lets you put them to work immediately.

[Head First Design Patterns: A Brain-Friendly Guide eBook ...](#)

Head First Design Patterns is a great way to get a good overview (and some meat) about design patterns. This will interest programmers and computer scientists the most, but as you learn near the end of the book, design patterns were first created by an architect!

**Head First Design Patterns by Eric Freeman | Waterstones**

?You're not alone. At any given moment, somewhere in the world someone struggles with the same software design problems you have. You know you don't want to reinvent the wheel (or worse, a flat tire), so you look to Design Patterns--the lessons learned by those who've faced the same...
