A Tailor-Made Bride Penguin
Life is the Darkness is a book of short stories, and a few pieces of poetry. I break the fourth wall, and all but a few are macabre, some are humorous and all are pieces of realism/surrealism. Some content can be confronting. It ranges from the innocuous, through to the inevitability of a barren earth, should humans continue to abuse her. There are so many things available to us, other than the manufacturing materials we currently use, to save our planet, while we still maintain a continued enjoyment, doing

the things, we have become accustomed to. I'd like to leave my grandchildren a better world than the one we're leaving for our children today.

The Things That Fall Away Bethany House
The life force, also known as “spirit,” is the essence of being and the conscious and most important form of energy. Living energy is personal and within our conscious control, and by learning about it, we can use it to transform our life into vibrant and meaningful expressions of who we really are. Consciousness is purely energetic and therefore difficult to quantify in mechanistic terms. It is the characteristic of living energy and is the foundation of awareness. Consciousness is the thread running through all life. Living Energy is an introduction to the process of mystic

spirituality. The reader is encouraged to attain a deep and meaningful connection to the divine with expanded awareness. The principles given in this book are equally relevant to the novice and the advanced practitioner. Robert explains how we may reveal our hidden potential by shifting our perception away from what is customary and comfortable to open the doors to greater spiritual awareness.

Out of the Dust (Scholastic Gold) Simon and Schuster

Witemeyer Returns with Her Trademark Blend of Adventure, Romance, and Humor Grace Mallory is tired of running, of hiding. But when an old friend sends an after-hours telegraph transmission warning Grace that the man who has hunted her for nearly a year has discovered her location, she fears she has no choice. She can't let the villain she believes responsible for her father's death release his wrath in Harper's Station, the town that has

sheltered her and blessed her with the dearest friends she's ever known. Amos Bledsoe prefers bicycles to horses and private conversations over the telegraph wire to social gatherings with young ladies who see him as nothing more than an oddity. His telegraph companion, the mysterious Miss G, listens eagerly to his ramblings every night and delights him with tales all her own. For months, their friendship--dare he believe, courtship?--has fed his hope that he has finally found the woman God intended for him. Yet when he takes the next step to meet her in person, he discovers her life is in peril, and Amos must decide if he can shed the cocoon of his quiet nature to become the hero Grace requires.

Poetry from the Soul Scholastic Inc. Esref, my best friend and hero, was ordered by a magistrate to live in an Istanbul children's home. His angry mother and deviant step-father are trying to stop him from changing the world. Will he remain a lonely and troubled little boy?

Will Istanbul devour him or nurture him?
Another small question that's been
nagging me for the past fifty or so years...
was my best friend a serial murderer?
Come with me on a magical flying carpet
ride over, in and under Istanbul as I try to
discover Esref's fate. You believe in fate,
don't you? Come with me and explore your
deeper and darker self. Can you taste the
vanilla in the air? Can you feel cinnamon?
Esref, Tarsin and I promise you a magical
adventure for the good of the rest of your
life. You do believe in magic, don't you?
And serial murder?
The Little Poetry Book of Savannah Dell
Much of how World War I is understood today
is rooted in the artistic depictions of the brutal
violence and considerable destruction that
marked the conflict. Nothing but the Clouds
Unchanged examines how the physical and

psychological devastation of the war altered the
course of twentieth-century artistic Modernism.
Following the lives and works of fourteen artists
before, during, and after the war, this book
demonstrates how the conflict and the resulting
trauma actively shaped artistic production.
Featured artists include Georges Braque, Carlo
Carrà, Otto Dix, Max Ernst, George Grosz,
Ernst Ludwig Kirchner, Oskar Kokoschka,
Käthe Kollwitz, Fernand Léger, Wyndham
Lewis, André Masson, László Moholy-Nagy,
Paul Nash, and Oskar Schlemmer. Materials from
the Getty Research Institute's special
collections—including letters, popular journals,
posters, sketches, propaganda, books, and
photographs—situate the works of the artists
within the historical context, both personal and
cultural, in which they were created. The volume
accompanies a related exhibition on view at the

Getty Research Institute Gallery from November 25, 2014, to April 19, 2015.

Short-Straw Bride (The Archer Brothers Book #1) R.L. Poole

As Ruben Wells kneels with a gun pointed at his head all he can do is reflect on the life he spoiled. What has led him here? Was it his willingness to always try to do the right thing that has him staring at the barrel of a gun? Or was that he was too much of a people pleaser having a hard time saying no that has led to him begging for his life? Every thing begins and ends with a choice. The moment a choice is made it only takes a second for a life to change. Ruben made a choice to initiate a relationship with the alluring Bianca Jones. She makes heads turn and every man's dream. She is beautiful as a gazelle, but as dangerous as a lioness, as she's unavailable due to being unhappily married with children. Being

married doesn't keep her from wanting to pursue Ruben as well as being pursued by him. Getting involved with Bianca changes Ruben's life in ways he never could have imagined. Choices are a gift constantly given to everyone. The choices made lead to different paths. We all have to choose this day what we're going to do with our own lives not knowing what the end result will be. What kind of impact will Ruben's choices have on his life?

The New York Times bestselling author of *The Jane Austen Book Club* introduces a middle-class American family that is ordinary in every way but one in this novel that won the PEN/Faulkner Award and was a finalist for the Man Booker Prize. Meet the Cooke family: Mother and Dad, brother Lowell, sister Fern, and Rosemary, who begins her story in the middle. She has her reasons. "I was raised with a chimpanzee," she explains. "I tell you Fern was a chimp and already you aren't thinking of her as my sister. But until Fern's expulsion...she was my twin, my funhouse mirror, my whirlwind other half and I loved her as a sister." As a child, Rosemary never stopped talking. Then, something happened, and Rosemary wrapped herself in silence. In *We Are All Completely Beside Ourselves*, Karen Joy Fowler weaves her most accomplished work to date—a tale of loving but fallible people whose well-intentioned actions lead to heartbreaking consequences. "A gripping, big-hearted book...through the tender voice

of her protagonist, Fowler has a lot to say about family, memory, language, science, and indeed the question of what constitutes a human being. ” —Khaled Hosseini

Don Newman's first volume of Savannah centric poetry reflects the close personal relationship between poet and subject often found in work dedicated to a particular place. Such intimate subjectivity may seem lofty at times. But this Savannah native has a way of bringing grandiose notions of his hometown down to earth. Here, the author's regional sensibilities-together with his stretch toward the universal-offer the reader a unique perspective and a tour of Savannah unattainable during a typical day of sightseeing. While by no means a comprehensive poetic look at the city, Newman's Little Poetry Book of Savannah will surely augment the traveler's backpack, give visitors a distinctive literary keepsake, and make the perfect gift for those back home who would like an authentic little piece of Savannah. Meditative, descriptive, fun, quirky,

and enjoyably honest, Newman bares parts of his soul in this down-to-earth, head-in-the-clouds "poetry for everyone." For a slightly smaller, less expensive Black & White Edition go here:

This is a book that's long overdue: One that

provides information that has never before been published, compiled or analyzed in a way that's designed to help fighters. This is a guide to the science of kicking and punching that can settle the debates about which techniques are the most effective and why. It will help a fighter to fight, an instructor to teach and martial artists to advance by working things out for themselves. There is no magic involved in the martial arts. The force and power that is displayed by an expert fighter is the consequence of rigorous training in the accurate application of physical laws. Understanding how to use these laws of physics to create massive impact forces will provide a personal insight into the practice of correct technique and form. This unique piece of work will act as a technical reference that

provides the facts and figures that fighters seek, including records of the maximum force and speed achieved by some of the best present day warriors, helping to answer many of the most difficult questions in the martial arts.
