schizophrenia are many, including extreme stress, chemical imbalance, reaction to drugs, genetic predisposition, isolation, low self-esteem, and even a damaged or weakened aura (a supposed emanation surrounding the body of a living creature viewed by mystics, spiritualists, and some practitioners of complementary medicine as the essence of the individual and allegedly discernible by people with special sensibilities). My personal onset of schizophrenia and depression at age forty-two was caused, I believe, by a combination of the above. Through the caring help of family, friends, medical doctors, healers, and my own insights and intuitions, I was able to become completely free of the symptoms of schizophrenia and all antipsychotic and antidepressant medications used to treat the illness. Most influential and important to my healing and recovery, however, was the utilization of both borrowed and original strategies that keep me healthy to this day. The sharing of these strategies,

which include identifying ones gifts; relying on family members, friends, and caregivers; improving ones self-esteem; identifying ones authentic self; connecting with healers; being in gratitude; setting goals; and using positive affirmations for the purpose of recovering and maintaining positive mental, emotional, spiritual, and physical health is the reason why I have written this book.

"So long, Carrie Bradshaw—there's a new role model for getting thirty-somethings. Gabrielle Bernstein is doling out inner peace and self-love for the postmodern spiritual set."—Elle Foreword by Marianne Williamson Before she became a celebrated teacher and lecturer, Gabrielle Bernstein was going down a dangerous path. For years, Bernstein struggled with eating disorders, drug and alcohol abuse, and constant self-doubt and self-loathing. That all changed when

she discovered A Course in Miracles, which taught her that much of what she feared in life was not frightening at all and, in many cases, not even real. Now, Bernstein lives an empowered, healthy, and joyful life. In *Spirit Junkie*, Bernstein guides readers through the life-changing lessons that shaped her spiritual journey: how we become accustomed to fearful ways of thinking, how to recognize and change those thought patterns to make way for bliss, and how to maintain our happiness and share it with the world. By understanding and changing our perceptions, hang-ups will melt away, resentments will release, and a childlike faith in joy will be reignited. Praise for *Spirit Junkie* "For those ready to give up their addiction to suffering or who simply need to release the general malaise of a too-busy, too shallow way

of life, *Spirit Junkie* is a soothing balm for the soul. Gabrielle Bernstein is a brilliant shining guide for all who seek to have more love, more light and more miracles in their life."—Arielle Ford, author of *The Soulmate Secret* *Healing Hay House, Inc*

Describes the process of spiritual healing using the methods of Angel Therapy, outlining how to communicate with heaven for the healing of oneself and others.
