Maybe you need the Angel's help to handle a current crisis or jumpstart a new business project. Whatever you want to know about Angels, this is the book for you "This isn't

an Angel book based on liturgical history or any religious belief system. It is based on my energetic experience of universal love, the defining relationship between what we know and what we feel. The magic that exists inside each moment and the healing that happens when Angels and Humans work together consciously." Based on her extensive work as an empath with the Angels, Carol deftly introduces us to at least 20 Angels of importance including the Guardian Angels we all have, the many ancient healing Angels, the House deva, even the Project Angels. **WORKING WITH ANGELS IN EVERYDAY LIFE** offers suggestions on Attuning to Angels, insight into their 'Language', sample meditations used to make contact with them and plenty of encouragement to learn more about enjoying a continuing mutually beneficial relationship with them. The Healing Power of Angels is a major and highly original addition to an increasingly popular publishing genre. The book will help readers heal themselves of every kind of stress and dysfunction by tapping into the healing powers of angels. Uniquely, the author presents angels in terms of an inner realm with a distinct spiritual hierarchy: nine levels of angels residing in the three levels of heaven. While based on traditional theology, this system offers a thoroughly effective way for the human mind to grasp the benevolent powers that angels can make available to all of us. The book explains how angelic forces work in the human energy system, especially the chakras, to benefit our personal development and spiritual evolution, and is aimed at everyone who is fascinated and moved by the notion of angels, or is interested in making new discoveries in the realm of the spirit. The Healing Power of Angels is immensely helpful to all healers and all those interested in understanding energy fields. The meditations, affirmations and prayers that punctuate the text provide a practical dimension for interactive work. There are also profound reflections that will change the way we think about ourselves and thus move us much closer to spiritual understanding.
