LEGENDARY founding KISS drummer Peter "Catman" Criss has lived an incredible life in music, from the streets of Brooklyn to the social clubs of New York City to the ultimate heights of rock 'n' roll success and excess. KISS formed in 1973 and broke new ground with their elaborate makeup, live theatrics, and powerful sound. The band emerged as one of the most iconic hard rock acts in music history. Peter Criss, the Catman, was the heartbeat of the group. From an elevated perch on his pyrotechnic drum riser, he had a unique vantage point on the greatest rock show of all time, with the KISS Army looking back at him night after night. Peter Criscuola had come a long way from the homemade drum set he pounded on nonstop as a kid growing up in Brooklyn in the fifties. He endured lean years, street violence, and the rollercoaster music scene of the sixties, but he always knew he'd make it. *Makeup to Breakup* is Peter Criss's eye-opening journey from the pledge to his ma that he'd one day play Madison Square Garden to doing just that. He conquered the rock world—composing and singing his band's all-time biggest hit, "Beth" (1976)—but he also faced the perils of stardom and his own mortality, including drug abuse, treatment in 1982, near-suicides, two broken marriages, and a hard-won battle with breast cancer. Criss opens up with a level of honesty and emotion previously unseen in any musician's memoir. *Makeup to Breakup* is the definitive and heartfelt account of one of rock's most iconic figures, and the importance of faith and family. Rock 'n' roll has been chronicled many times, but never quite like this.

A major theme in the Gospels is 'peace'; indeed Jesus proclaimed: 'Peace I leave with you; my peace I give to you'. Yet when we look at the world, peace can seem an elusive dream. Mary Grey looks at how the Advent story encourages forgiveness and reconciliation, both essential for peace, and how the Gospels can be key tools to help Christians work towards peace. She ties the Advent story in with current situations in the UK and in the Middle East and the book has both a personal and a global outlook. The book will make ideal reading for Advent and Christmas, either on your own or in a group. It is sure to challenge you to ask 'how can I help to make peace a reality for all God's children?'

"Pollan keeps you turning the pages . . . clear-eyed and assured." —New York Times A #1 New York Times Bestseller, New York Times Book Review 10 Best Books of 2018, and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs--and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into various altered states of consciousness, along with a dive deep into both the latest brain science and the thriving underground community of psychedelic therapists. Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s, when a handful of psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research. A unique and elegant blend of science, memoir, travel writing, history, and medicine, *How to Change Your Mind* is a triumph of participatory journalism. By turns dazzling and edifying, it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of the mind, the self, and our place in the world. The true subject of Pollan's "mental travelogue" is not just psychedelic drugs but also the eternal puzzle of human consciousness and how, in a world that offers us both suffering and joy, we can do our best to be fully present and find meaning in our lives.

Summer love has never been so good." —Kirkus Reviews, starred review "In contrast to unhealthy depictions of sex and relationships that teenagers (and adults) are often exposed to in media and entertainment, *Myracle* offers up a passionate romance built on a bedrock of love, respect, and trust. And it's difficult to see that as a bad thing." —Publishers Weekly "Two mature recent high school graduates fall in love and bring out the best in each other in Lauren Myracle's thoughtful exploration of an intimate relationship...the relationship between Wren and Charlie always remains realistic and involving." —Shelf Awareness "This charming romance has multidimensional characters, straightforward sexuality, and a pace that lets readers fall in love with the main characters. *Myracle* expertly captures the intense connection of first love, from the need to spend every moment together to trying to figure out how to communicate with one another." —School Library Journal "The single-focus intensity of Wren and Charlie's feelings is spot-on for the age group... chapters move between both their perspectives as they grow into the relationship, offering readers of both sexes a rather compelling example of the how-to's of intimacy." —The Bulletin of The Center for Children's Books

Listening for the Heartbeat of God Jo Fletcher Books

This is a story of how miracles DO happen. How courage and a never-give-up spirit can emerge victorious. How an engaging little monkey helped change a family's life. Ellen Rogers considered herself something of a tragedy snob. The single mother of five believed she could weather any storm, that she could keep her family from harm with fortitude and grace. But nothing could have prepared her for the June 2005 car accident that left her son, Ned--then 22 years old--fighting for his life. Ellen refused to give in to despair. We'll get through this, she told herself. We have to. But love and determination can only go so far, and the road home was fraught with obstacles. Ellen and Ned took comfort in family and friends. And they prayed for a miracle. Miracles happen to those who believe, the saying goes, but who would have believed that one family's "miracle" would weigh in at five pounds sopping wet? Then *Helping Hands: Monkey Helpers for the Disabled* provided Ned with an affectionate and intelligent service animal with a steadfast devotion to hierarchy, a longing for "spa days," and a craving for Gummi Bears. In other words, a diva. Life with Kasey was yet another challenge for this large and lively family, but

they persevered as families do, and in time this wise and sensitive animal did more than help Ned cope with his disabilities--she turned the simple tasks of life into a life worth living. Kasey's astonishing intelligence and compassion brought hope and laughter back to a family facing its greatest challenge, and helped them see the world in a new way.
