Review: Heartbeat by Elizabeth Scott

January 28, 2014
I've had an ongoing relationship with Elizabeth Scott's books for some time now. Ever since I picked up Bloom and settled in with a nerdy girl like me who played the clarinet. And then there was that one out of this world kiss in the kitchen

. . . I'm sorry, where were we?

My rating: Life. Death. And...Love?

Emma would give anything to talk to her mother one last time.

[Heartbeat by Elizabeth Scott - Goodreads](#)

Anyways, Elizabeth Scott does a superb job with Emma and her voice in Heartbeat. I wasn't entirely sure how I would feel about the romance in Heartbeat. Y'all, it's sweet and quiet and a budding sort of romance.

"Heartbeat", is a
novel written by
Elizabeth Scott
about grief. This
story takes place
mainly in a
hospital, and in a

high school. A young
girl named Emma,
loses her pregnant
mother in an abrupt
death.

Heartbeat by
Elizabeth Scott

Heartbeat considers
a very specific
medical situation,
one which has been
in the media
recently, involving
keeping a pregnant
woman who has been
diagnosed as "brain
dead" on life
support so that her
unborn baby might
have a chance to

survive to
viability. The
concept of brain
death is something
Scott never
directly addresses
in her novel but it
is central to the
story and important
to understand.

throws you into a story about a girl named Emma. Emma's mother is brain dead, but her body is being kept alive so Emma's unborn brother can continue to grow in her mom's belly. The doctors hope they will be able to surgically remove him when he is strong enough. Emma is an emotional wreck. Heartbeat by Elizabeth Scott - Books-A-Million Elizabeth Scott has

once again written a beautiful story. Without saying too much, without spoiling a thing, I will simply say this about "Heartbeat": If you have ever lost someone you loved, you should read this book. If you have ever been scared and alone, you should read this book.

Heartbeat,
Elizabeth Scott

A heartbeat is the only thing keeping Emma's mom alive. She's brain dead with no chance of recovery. She's only being kept "alive" to support the life of the infant growing within her. This was Dan, Emma's stepdad's decision, and Emma is beyond angry at him and the rest of the world for this.
