Having previously read and enjoyed Bill Streever's Cold: Adventures in the World's Frozen Places, I expected big things from HEAT.

Then, in the "Preface", the author holds the palm of his hand in a candle flame for five seconds, an action that seemed to me to lack common sense.

Adventures in the World's Fiery Places. Write a review. Feb 23, 2013 Sandy rated it did not like it. I read this because I liked Cold, which was a better book than this one. The first parts about the desert and fires were good. The history of oil drilling in the northeastern US was somewhat interesting.
