[How to Live Authentically in an Inauthentic Age](#)

3Dekade Company

Framing the discussion as a crime tried in the court of public opinion, presents a lighthearted examination of the trolley problem--one of the most famous thought experiments in modern philosophy.

Using Philosophy (and Jokes!) to Explore Life, Death, the Afterlife, and Everything in Between
Verso Books

50 musings on the self-appointed cool kids taking over your towns. Skinny jeans? Check. Thrift-store clothing? Check. Non-essential prescription glasses? Check. Beanie hat balanced artfully on the back of your skull? Check. These items have become the uniform for a new breed of young people--"hipsters"--determined to take over cities with their

â€œalternativeâ€ ways while overloading on irony and striving to be original and creative. So You Think Youâ€™re a Hipster? examines what it takes to become one of this ever-growing tribe of young urbanites, just as desperate to be accepted by their peers as they are to receive the next rent check from mom and dad. A series of hilarious case studies will identify typical examples of the subculture, helping you to avoid any future encounters with them. Take the vintage store worker who, at 35, still

works selling worn sneakers and threadbare t-shirts for extortionate amounts and still dreams of one day getting his latest album reviewed on Pitchfork. Or the aspiring author who lugs around an old-fashioned typewriter to write down her inspirational musings at a moment's notice. Then there's the bearded urban hunter dressed head to toe in workwear and outdoor gear despite the fact it's the middle of summer. Basically there are nearly as many hipsters featured here as you would find at an LCD Soundsystem concert.

This is an incredible story. The author, a failed, alcoholic Wall Street trader, had retreated to a monastery. It, too, was failing. Then, one fateful day, Brother Ty decided to let God be his broker--and not only saved the monastery but discovered the 7 1/2 Laws of Spiritual and Financial Growth. Brother Ty's remarkable success has been studied at the nation's leading business schools and

scrutinized by Wall Street's greatest minds, but until now the secret to his 7 1/2 Laws of Spiritual and Financial Growth have been available only to a select few: • 87 percent of America's billionaires • 28 recent Academy Award winners • Over half the recipients of the Nobel Peace Prize • No members of the U.S. Congress Now, for the first time, Brother Ty reveals the secrets he has gleaned from the ancient texts of the monks, and tells how you can get God to be your broker. *God Is My Broker* is the first truly great self-help business novel. Open this book and open your heart. It will change your life.

The Trolley Problem, or Would You Throw the Fat Guy Off the Bridge?
Modern Library
This book is a clear and concise history of the soul in western philosophy, from Plato to cutting-edge contemporary work in philosophy of mind. Packed with arguments for and against a range of different, historically significant philosophies of the soul Addresses the essential issues, including mind-body interaction, the causal closure of the physical world, and the

philosophical implications of the brain sciences for the soul's existence Includes coverage of theories from key figures, such as Plato, Aquinas, Locke, Hume, and Descartes Unique in combining the history of ideas and the development of a powerful case for a non-reductionist, non-materialist account of the soul

A Play Rowman & Littlefield Publishers
Explores death and the afterlife from lighthearted philosophical, theological, and psychological perspectives that consider that death may not be such a pessimism-inducing state.

The Land of Green Plums

Oneworld

“ Every time I find the meaning of life, they change it. ” The words of Reinhold Niebuhr provide the title and set the tone for what is a wryly humorous look at some of the great philosophical pronouncements on the most important question we can face. Daniel Klein ’ s philosophical journey began fifty years ago with just this conundrum; he began an undergraduate degree in philosophy at Harvard University to glean some clue as to what the answer could be. Now in his seventies, Klein looks back at the wise words of the great philosophers and considers how his own life has measured up. Told with the same brilliantly dry sense of humour that made *Travels with Epicurus* a Sunday Times bestseller, *Every Time I Find the Meaning of Life, They Change It* is a pithy, dry, and eminently readable commentary on one of the most profound subjects there is.

Using Philosophy (and Jokes!) to Explore Life, Death, the Afterlife, and Everything in Between

Lennox

There is one thing we can be sure of: we are all going to die. But once we accept that fact, the questions begin. In this

thought-provoking book, philosophy professor Shelly Kagan examines the myriad questions that arise when we confront the meaning of mortality. Do we have reason to believe in the existence of immortal souls? Should we accept an account according to which people are just material objects, nothing more? Can we make sense of the idea of surviving the death of one's body? If I won't exist after I die, can death truly be bad for me? Would immortality be desirable? Is fear of death appropriate? Is suicide ever justified? How should I live in the face of death? Written in an informal and conversational style, this stimulating and provocative book challenges many widely held views about death, as it invites the reader to take a fresh look at one of the central features of the human condition—the fact that we will die.

The Guys Springer

This study focuses on the ancient commentaries on Plato ’ s *Phaedo* by Olympiodorus and Damascius and aims to present the relevance of their challenging and

valuable readings of the dialogue to Neoplatonic ethics.

A Brief History of the Soul Studio

Immanuel Kant was a philosopher at the end of the 18th century Enlightenment. Kant ’ s magnum opus, the *Critique of Pure Reason*, aimed to unite reason with experience to move beyond what he took to be failures of traditional philosophy and metaphysics. Kant ’ s influence on Western thought has been profound. Over and above his influence on specific thinkers, Kant changed the framework within which philosophical inquiry has been carried out. He is seen as a major figure in the history and development of philosophy, and his influence still inspires philosophical work today. Over the years Lucien Goldmann ’ s excellent study of Kant has remained the classic introductory text to Kant ’ s legacy and philosophy.

From Kant to Marx HarperCollins

What does it mean to be awake? What exactly is therapeutic about retail therapy? And what are you really working on when you're at your desk, in the gym, or having dinner? From getting ready in the morning, through heading

to work, going to a party, having sex and falling back to sleep, Breakfast with Socrates provides an hour-by-hour commentary on what history's greatest philosophers have said about the meaning behind everything we do. A fascinating exploration of our daily lives, Breakfast with Socrates also draws on literature, art, politics and psychology to offer an informal introduction to the history of ideas that will help anyone to think more healthily. Breakfast will never be the same again... Death, Immortality, and Eternal Life Yale University Press Heidegger and a Hippo Walk Through Those Pearly Gates Using Philosophy (and Jokes!) to Explore Life, Death, the Afterlife, and Everything in Between Penguin The Analog Years Penguin The state of health care in this country is routinely discussed in the media, at the office, and around the kitchen table. Yet as consumers of medical care, Americans often blindly accept medical advice that may or may not be relevant or even appropriate. Doctor, Your Patient Will See You Now is meant to turn on its head the old

notion that medical care is dictated by the doctors who offer advice. Today, it's all about the patients who receive it. Bias, financial incentives, and preventable medical error are common to the point of inevitability and have proven resistant to reform. Patients increasingly and correctly feel that they are on their own in a large, bewildering, impersonal, and dangerous medical system. Offering an insider's perspective, Dr. Kussin provides the tools readers need to make informed decisions about their care, as well as the confidence to question their doctor's advice, seek out additional information, and discern the best path for their care. With this book, readers learn how to maintain a professional approach that, rather than straining the doctor-patient relationship, makes it stronger and more cooperative. A Journey to a Greek Island in Search of a Fulfilled Life Penguin The brilliant writings of a highly influential Greek philosopher, with a foreword by Daniel Klein, author of Travels with Epicurus The teachings of Epicurus—about life and death, religion and science, physical sensation, happiness, morality, and friendship—attracted legions of adherents

throughout the ancient Mediterranean world and deeply influenced later European thought. Though Epicurus faced hostile opposition for centuries after his death, he counts among his many admirers Thomas Hobbes, Thomas Jefferson, Karl Marx, and Isaac Newton. This volume includes all of his extant writings—his letters, doctrines, and Vatican sayings—alongside parallel passages from the greatest exponent of his philosophy, Lucretius, extracts from Diogenes Laertius' Life of Epicurus, a lucid introductory essay about Epicurean philosophy, and a foreword by Daniel Klein, author of Travels with Epicurus and coauthor of the New York Times bestseller Plato and a Platypus Walk into a Bar. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions

and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. Heidegger and a Hippo Walk Through Those Pearly Gates Simon and Schuster

In Romania at the height of Ceausescu's reign, several young people leave the impoverished provinces for the city in search of better prospects, but they must face betrayal, suicide, and the reality that even the strongest must bend to the oppressors or resist and die. Every Time I Find the Meaning of Life, They Change It John Wiley & Sons

First performed in a hit off-off-Broadway production, and soon to be a film starring Sigourney Weaver and Anthony LaPaglia, The Guys is a timeless drama about the surprising truths people can discover in ordinary lives, and the connections we make with others and ourselves in times of tragedy. Paralyzed by grief and unable to put his thoughts into words, Nick, a fire captain,

seeks out the help of a writer to compose eulogies for the colleagues and friends he lost in the catastrophic events of September 11, 2001. As Joan, an editor by trade, draws Nick out about "the guys," powerful profiles emerge, revealing vivid personalities and the substance and meaning that lie beneath the surface of seemingly unremarkable people. As the individual talents and enthusiasms of the people within the small firehouse community are realized, we come to understand the uniqueness and value of what each person has to contribute. And Nick and Joan, two people who under normal circumstances never would have met, jump the well-defined tracks of their own lives, and so learn about themselves, about life, and about the healing power of human connection, through talking about the guys. Hangover Wisdom, 100 Thoughts on Heidegger and a Hippo Walk Through Those Pearly Gates, from the Morning After Penguin

In 2017 Sarah Gailey made her debut with River of Teeth and Taste of Marrow, two action-

packed novellas that introduced readers to an alternate America in which hippos rule the colossal swamp that was once the Mississippi River. Now readers have the chance to own both novellas in American Hippo, a single, beautiful volume. Years ago, in an America that never was, the United States government introduced herds of hippos to the marshlands of Louisiana to be bred and slaughtered as an alternative meat source. This plan failed to take into account some key facts about hippos: they are savage, they are fast, and their jaws can snap a man in two. By the 1890s, the vast bayou that was once America's greatest waterway belongs to feral hippos, and Winslow Houndstooth has been contracted to take it back. To do so, he will gather a crew of the damnedest cons, outlaws, and assassins to ever ride a hippo. American Hippo is the story of their fortunes, their failures, and his revenge. Walk Through Those Pearly Gat Workman Publishing

“ When it comes to living, there ’ s no getting out alive. But books can help us survive, so to speak, by passing on what is most important about being human before we perish. In The Existentialist ’ s Survival Guide, Marino has produced an honest and moving book of self-help for readers generally disposed to loathe the genre. ” —The Wall Street Journal

Sophisticated self-help for the 21st century—when every crisis feels like an existential crisis Soren Kierkegaard, Frederick Nietzsche, Jean-Paul Sartre, and other towering figures of existentialism grasped that human beings are, at heart, moody creatures, susceptible to an array of psychological setbacks, crises of faith, flights of fancy, and other emotional ups and downs. Rather than understanding moods—good and bad alike—as afflictions to

be treated with pharmaceuticals, this swashbuckling group of thinkers generally known as existentialists believed that such feelings not only offer enduring lessons about living a life of integrity, but also help us discern an inner spark that can inspire spiritual development and personal transformation. To listen to Kierkegaard and company, how we grapple with these feelings shapes who we are, how we act, and, ultimately, the kind of lives we lead. In The Existentialist's Survival Guide, Gordon Marino, director of the Hong Kierkegaard Library at St. Olaf College and boxing correspondent for The Wall Street Journal, recasts the practical takeaways existentialism offers for the twenty-first century. From negotiating angst, depression, despair, and death to practicing faith, morality, and love, Marino dispenses wisdom on how to face existence head-on while keeping our hearts

intact, especially when the universe feels like it ’ s working against us and nothing seems to matter. What emerges are life-altering and, in some cases, lifesaving epiphanies—existential prescriptions for living with integrity, courage, and authenticity in an increasingly chaotic, uncertain, and inauthentic age.

Cold Noses at the Pearly Gates Penguin

“ Mad world, mad kings, mad composition! ” —King John

In one volume, eminent Shakespearean scholars Jonathan Bate and Eric Rasmussen provide fresh new editions of two classic histories: Henry VIII and King John. THIS VOLUME ALSO INCLUDES MORE THAN A HUNDRED PAGES OF EXCLUSIVE FEATURES:
