Award-winning novelist Martha Southgate (who, in the words of Julia Glass, “ can write fat and hot, then lush and tender, then just plain truthful and burning with heart ”) now tells the story of a family pushed to its limits by addiction over the course of two generations. Josie Henderson loves the water and is fulfilled by her position as the only senior-level black scientist at the Woods Hole Oceanographic Institute. In building this impressive life for herself, she has tried to shed the one thing she cannot: her family back in landlocked Cleveland. Her adored brother, Tick, was her childhood ally as they watched their drinking father push away all the love that his wife and children were trying to give him. Now Tick himself has been coming apart and demands to be heard. Weaving four voices into a beautiful tapestry, Southgate charts the lives of the Hendersons from the parents ’ first charmed meeting to Josie ’ s realization that the ways of the human heart are more complex than anything seen under a microscope.

A captivating novel that explores the little-known romance of a beloved American icon Helen Keller has long been a towering figure in the pantheon of world heroines. Yet the enduring portrait of her in the popular imagination is The Miracle Worker, which ends when Helen is

seven years old. Rosie Sultan ’ s debut novel imagines a part of Keller ’ s life she rarely spoke of or wrote about: the man she once loved. When Helen is in her thirties and Annie Sullivan is diagnosed with tuberculosis, a young man steps in as a private secretary. Peter Fagan opens a new world to Helen, and their sensual interactions—signing and lip-reading with hands and fingers—quickly set in motion a liberating, passionate, and clandestine affair. It ’ s not long before Helen ’ s secret is discovered and met with stern disapproval from her family and Annie. As pressure mounts, the lovers plot to elope, and Helen is caught between the expectations of the people who love her and her most intimate desires. Richly textured and deeply sympathetic, Sultan ’ s highly inventive telling of a story Keller herself would not tell is both a captivating romance and a rare glimpse into the mind and heart of an inspirational figure.

Helen Keller was not always deaf and blind. She was born a healthy baby girl, but after a serious infection as a toddler, she lost both her hearing and sight. Doctors told her parents that she would never make anything of herself in a hearing and seeing world. Determined, her parents ignored the doctors and enrolled their daughter in Perkins School for the Blind, where she met her life-long companion Anne Sullivan. Ms. Sullivan is largely credited with teaching Helen language by spelling the names of objects onto her hand. Once she grasped the concept, Helen quickly learned to communicate through spelling and sign language. She began taking classes at Radcliffe College, where she became the first deaf-blind person to earn a Bachelor of Arts degree. Encouraged, she began advocating for deaf and blind people across the globe. She gave many speeches and wrote twelve books and numerous articles. When she passed away, she was the most recognized and respected deaf-blind person in the world. Going Away Shoes Turtleback

Helen Keller had absolutely no hearing or eyesight from the age of two, but became one of the most inspiring and well known people to have ever lived. For a number of years she functioned, in her words, simply as "an unconscious clod of earth." Then quite suddenly, she experienced the impact of "another mind" within her own. Despite not knowing where it came from or how it got there, she awoke to a new awareness of being able to talk and listen with her hands. She learned to read and write, wrote at least ten books, and attended college. Her religion developed from living deeply within her spiritual self, cut off from normal sensation, and spending her life on a spiritual plane. She incorporated her own experiences with the teachings of Emanuel Swedenborg, a mystic born in 1688, and the Swedenborgian Church. Swedenborg, like Keller, had experienced other realms of spirit and transmitted deeper teachings that Helen saw with great clarity. She wrote this book after receiving many requests for her to describe her religious beliefs.
