the Nightside—the gaudy, neon noir, secret heart of London, where it's always three in the morning, where gods and monsters make deals and seek pleasures they won't find anywhere else. He has a gift for finding things. And sometimes what he's hired to locate can be very, very dangerous indeed. Right now, for example, he's searching for The Unholy Grail, the cup that Judas drank from at the Last Supper. It corrupts all who touch it—but it also gives enormous power. So he's not the only one hunting. Angels, devils, sinners and saints—they're all out there, tearing

apart The Nightside, seeking the dark goblet. And it's only a matter of time until they realize that the famous John Taylor, the man with the gift for finding things, can lead them straight to it...

Taylor is the name, John Taylor. My card says I ' m a detective, but what I really am is an expert on finding lost things. It ' s part of the gift I was born with as a child of the Nightside. I left there a long time ago, with my skin and sanity barely intact. Now I make my living in the sunlit streets of London. But business has been slow lately, so when Joanna Barrett showed up at

---

my door, reeking of wealth, asking me to find her runaway teenage daughter, I didn't say no. Then I found out exactly where the girl had gone. The Nightside. That square mile of Hell in the middle of the city, where it's always three A.M. Where you can walk beside myths and drink with monsters. Where nothing is what it seems and everything is possible. I swore I'd never return. But there's a kid in danger and a woman depending on me. So I have no choice—I'm going home.

Something from the Nightside Jabberwocky Literary Agency, Inc. Derek Strange and Terry Quinn, the team of private

investigators who made their stunning debut in *Right As Rain*, are hired to find a 14-year-old white girl from the suburbs who's run away from home and is now working as a prostitute. The two ex-cops think they know D.C.'s dangers, but nothing in their experience has prepared them for Worldwide Wilson, the pimp whose territory they're intruding upon. Combining inimitable neighborhood flavor, action scenes that rank among the best in fiction, and a clear-eyed view of morality in a world with few rules, "Hell to Pay" is another Pelecanos masterpiece for his ever-expanding audience to savor.

John Taylor is the name. I work the Nightside. Only in that dark heart of London where it's always three A.M., where human and inhuman can feed their darkest desires, do I feel at home. Probably because I was born there. What I do is find things—people, objects—and in this case, the truth about the origins of the Nightside. That's what Lady Luck has

hired me to investigate. But the more I dig, the more I discover, not about the Nightside but about the great question in my life: exactly who—and what—was my long-vanished mother. Paying jobs are one thing. Personal quests are another. And I've been warned that uncovering the facts about dear old mum could be a very bad thing, not just for the Nightside but for all of existence. Still I can't stop...I'm John Taylor. Finding things is who I am. It's what I do. Whatever the consequences...

**THE NEW ALEX VERUS NOVEL** I don't publicly advertise that I'm a mage, but I don't exactly hide it either, and one of the odd things I've learnt over the years is just how much you can get away with if you're blatant enough. Hide something behind smoke and mirrors and make people work to find it, and they'll tear

the place down looking for what's there. Alex Verus is a diviner who can see probable futures—a talent that's gotten him out of many a tough scrape. But this time, he may be in over his head. Alex was once apprenticed to a Dark mage, and in his service he did a lot of things he isn't proud of. As rumors swirl that his old master is coming back, Alex comes face to face with his misdeeds in the form of a young adept whose only goal is to get revenge. Alex has changed his life for the better, but he's afraid of what his friends—including his apprentice, Luna—will think of his past. But if they're going to put themselves at risk, they need to know exactly what kind of man they're fighting for...

the Imperial starfleet. His career is soaring until he panics during a skirmish with the rebellion, a moment of weakness that gets half his crew killed. The Empire gives him a choice—quit the service, or join a Hell Squad. The Hell Squads are one-way planetary scouts—outcasts sent to explore new worlds and determine whether or not they are habitable. Their task is simple: either survive or die. For one whose whole life is the Navy, this was never a choice at all. On his first Hell Squad mission, Hunter leads a motley team of hard-nosed rebels to the volcano planet of Wolf IV. After a bumpy landing, they find that what was supposed to be a hospitable planet is actually completely barren. On a world that was meant to hold new life, why does there seem to be death all around?

How Boston radio station WBCN became the hub

of the rock-and-roll, antiwar, psychedelic solar system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to

---

the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award-winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of *The Daily Show*; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone "Listener Line" fielded questions on any subject, day and night. From 1968 to Watergate, Boston's WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston Common. Interwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles Laquidara, the "news dissector" Danny Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein's documentary *WBCN and the American Revolution* is available as a DVD sold separately.
